

This Readme file was created to document the source of the files in this folder that were provided to Greg Parker of Oregon Department of Administrative Services on August 4, 2006.

Kevin Timmins
Otak, Inc.
8-4-2006

Datum:

Horizontal Coordinates are on Oregon State Plane Coordinate System, NAD '83(91), Units are International Feet.

Vertical Datum is NGVD '29

The project datum will be on the ground as determined by the surveyors work on the property boundary's. To convert data from State Plane to the project datum on the ground multiply the coordinates by 1.000109813. To convert project files on the ground to State Plane coordinates multiply the coordinates by 0.9998901989.

Project Basemap Drawings:

GIS_taxlots_mcds.dwg.....This is a copy of the taxlot data provided to Otak by the City of Salem from their GIS system for the Master Planning effort on this site. The project number when this data was obtained was 12155.

GIS_Contours.dwg.....This is a copy of the 2-foot contour data provided to Otak by the City of Salem from their GIS system for the Master Planning effort on this site. The project number when this data was obtained was 12155.

MCIP_MasterPlan_Concept.dwg.....This is a copy of the Master Plan Concept developed by Otak under project number 12155.

ExistingGasTransmissionLine.dwg.....This drawing shows the approximate locationof the existing gas transmission line. The original survey was provided to Otak by Oregon DAS for Otak project number 12155C. This copy of the survey was converted from the project datum to State Plane coordinates by multiplying the coordinates by 0.9998901989.
