

STATE OF OREGON

SC-22

OCCUPATIONAL CATEGORY/SKILL SUPPLEMENT
Complete and Attach to Your Application
For the Following Jobs:

3790 Forensic Scientist Entry

3791 Forensic Scientist 1

The Forensic Scientist (Entry) and the Forensic Scientist 1 positions may require a specific laboratory discipline unique to each position.

Listed below are skill areas that will assist the Oregon State Police in filling positions for Forensic Scientist Entry and Forensic Scientist 1. Check the skill areas shown below in which you have education or experience and attach this skill code sheet to your application. The work experience section of your application must clearly show where you gained the knowledge or skill or your application will not be coded for that skill.

NOTICE: The State of Oregon reserves the right to adjust your skill code rating if the supporting evidence does not support that skill.

EDUCATIONAL COURSEWORK

EXPERIENCE

DNA (DNA) (DNE)
