

# OREGON EMPLOYMENT COVERED BY WORKERS' COMPENSATION, 2018 - 2022

The 2022 figures are preliminary estimates; final data are not expected to deviate more than 1% from these numbers.

The figures in the upper table are in thousands. Total may not equal the sum of Lines 1 through 21 due to rounding.

Information on methodology, data sources, and notes can be found on the next page.

## Methodology

- (a) Sum of lines 22, 23, 25, and 27, minus lines 26, and 28, all divided by 1,000 and rounded to the nearest decimal.
- (b) Line 29 minus lines 30 and 31, all divided by 1,000 and rounded to the nearest decimal.
- (c) Line 32, minus lines 33 and 34, all divided by 1,000 and rounded to the nearest decimal.

## Sources

## Notes

- In 2019 and 2020, under Oregon Employment Department confidentiality criteria, it was not possible to get an employment count for **11411 - Fishing**. The data have been updated for 2021.  
Values for **Line 21 - Local government**, and **Line 20 - State government** were both revised back to 2014 by the Employment Department, due to the reclassification of public university employees from State Education (counted in State government employment) to Local Education (counted in Local government employment). This reclassification is reflected in the increase in values for **Line 21 - Local government**, and the decrease in values for **Line 20 - State government**.
- Beginning with the 2014-2018 publication, **Line 20 - State government** has been revised back to 2014 to use CES figures, in alignment with the Oregon Employment Department.
- As of 2018, the Oregon Employment Department moved reporting of home care workers from **Line 20 - State government** to **Line 16 - Health care & social assistance**. Due to this change the lines for **State government, excluding home care workers** and **Home care workers**, found on previous publications of this document, were deemed no longer necessary. This reclassification is reflected in the increase in values for **Line 16 - Health care and social assistance**, and the decrease in values for **Line 20 - State government**.
- Counts may differ from previously published data because Employment Department data may have been revised since originally published.
- **Total W.C. Covered** figure includes employment for tribal employers opting for WC coverage.
