

## If Your Medicare Advantage Plan Ends: Options for 2011

More than 200,000 Oregonians receive Medicare through Medicare Advantage plans. These plans, offered by private companies, combine hospital and doctor coverage (Parts A and B) in a single package and may offer additional benefits. Medicare Advantage plans *may* include prescription drug coverage. Members pay their Part B premiums and usually pay a premium for the plan plus co-pays and/or co-insurance when using medical services.

If you receive a notice that your Medicare Advantage plan is leaving Medicare, you may:

- 1. Choose another Medicare Advantage plan:** You can call us to find out what plans are available in your area: 1-800-722-4134. We also publish the annual *Oregon Guide to Medigap, Medicare Advantage & Prescription Drug Plans*. The guide will be updated for 2011 by late October. You can find it at: [www.oregonshiba.org](http://www.oregonshiba.org). A type of Medicare Advantage plan called private fee-for-service will only be available in Multnomah and Washington counties in 2011.
- 2. Do nothing:** You will automatically have Original Medicare, meaning Parts A and B hospital and doctor coverage. If prescription drug coverage was part of your Medicare Advantage plan, it will end and you must find a prescription drug plan by Dec. 31. The *Oregon Guide to Medigap, Medicare Advantage & Prescription Drug Plans* also lists the stand-alone prescription drug plans that are sold in Oregon.
- 3. Buy a Medigap supplement to Original Medicare:** If you return to Original Medicare (Parts A and B), you pay a big part of your medical costs – for example, 20 percent of doctor bills. Many people buy a supplement to help pay these costs. If you are interested, you must apply within 63 days of losing your Medicare Advantage plan. However, you can apply up to 60 days *before* you lose coverage. If you want to have prescription drug coverage, you need to also enroll in a stand-alone prescription drug plan when you have Original Medicare with a Medigap supplement.

**\*Before you make any decisions, talk to your doctor and other medical providers to see what coverage they accept.**
