

Certificate of Need UPDATE

November 2008

The Certificate of Need process is the state's only regulatory mechanism aimed at controlling the development of new health care facilities and services. The purpose of the law is to see that health services are adequately distributed around the state without unnecessary duplication of services or excessive costs to patients.

For information concerning the Certificate of Need program, contact Jana Fussell, Certificate of Need Coordinator, Department of Human Services, 800 NE Oregon Street Suite 930, Portland, OR 97232. Telephone: (971) 673-1108.

Letters of Intent

Lake Health District, Lakeview, proposes to construct a new 24-bed acute inpatient care building and remodel/upgrade its existing building. On October 15, 2008, this project was ruled not subject to certificate of need review because this project does not constitute the creation of a "new hospital" as that term is defined in OAR 333-550-0010(2).
