June 5, 2009

Dear Immunization and Public Health Partner,

The state of Oregon Public Health Immunization Program is seeking exhibitors for a public provider immunization conference. The *2009 Public Provider Immunization Conference* will be September 1-2, 2009 at the Ambridge Event Center in Portland in conjunction with the *7<sup>th</sup> Annual Oregon Flu Summit*. Over 200 public health professionals will come together to learn and share important immunization information that will assist them in their practice. It will also be an opportunity to network and share ideas on how to better protect our communities from vaccine-preventable diseases.

Support of the conference through exhibiting enables your organization to showcase its products and services to a broad health care audience attending both training events. It will also allow you to contribute to discussions and presentations about current issues and best practices in the field of immunizations. Your support and involvement in the conference will benefit your organization as well as the health professionals in attendance.

Booth space is \$300.00 for professional exhibitors, which includes a skirted display table for both the Flu Summit and the Public Conference. All opportunities are on a first come, first served basis. We are very excited to partner with your organization and provide you with an opportunity to showcase your contribution and support of immunizations and other public health concerns. If you have further questions, please contact Susan Weiner at 971-673-0315. We look forward to hearing from you!

For your information, our Tax ID number is: 93-6001752.

Sincerely,

Susan Weiner, MSW
