

## Request Forms

The OSPHL began using bar-coded labels with assigned numbers on test requisition forms starting early May 2009.

The new bar-coded forms are available only by ordering using the Stockroom Order Request form (#71-54). Form #71-54 is also used when ordering media, courier supplies, miscellaneous items and collection kits *except* for Newborn Screening Kits (see Newborn Screening Request For Kits below).

You may click to access the order form, or call 503-693-4100 to order by phone:

[Stockroom Order Request form #71-54](#)

Test requisition forms that are *not* included on form #71-54:

- [Hantavirus Pulmonary Syndrome Screening Form \(form #43\)](#)
- [Newborn Screening Request For Kits](#)

Web Access to Test Results forms:

- [Web Access to Test Results for Newborn Screening](#)
- [Web Access to Test Results for Microbiology/Virology](#)
- [Web Access Facility Master Authorization Form](#)
