Subject: Hunting leases

First, let me say that I am vehemently opposed to leasing hunting rights on public lands, the Stockades or anywhere else. If you pursue this avenue, the kindest thing I can say is that I hope you are overwhelmed with lawsuits, and that D.S.L. is disbanded! Do you have rocks in what is left of your heads?

Please place me on the mailing list for any developments in the Stockades AMP.

Thank you,

Mitchell J. Willis
