None of this affects us, as we accept all regional and state clinical exams per our legislative mandate made last fall.

UNFINISHED BUSINESS

CORRESPONDENCE

The Board received a letter from Dr. Laurie M. Hesla, D.M.D.

Dr. Laurie Hesla failed to pay late fees for the renewal of her license in April of 2001 causing her license to expire that year. Recently it has come to Dr. Hesla's attention that her license has been expired for an extended period of time. Upon being told that she would need to retake a clinical exam, Dr. Hesla has submitted to the Board a request to waive this requirement for her since it was never her intention to have her license expire. Dr. Short moved and Dr. Magnuson seconded that the Board respond to Dr. Hesla stating that she must conform to the rules of the Dental Practice Act. The motion passed with Mr. Smyth, Dr. Grant, Dr. Short, Ms. Mason, Dr. Magnuson, Ms. Davidson and Dr. Parker voting aye.

The Board received a letter from Jane Myers, Coordinator, Healthy Smiles Coalition

Ms. Myers sent an endorsement form that was inadvertently left out of the invitation to the July 6 meeting to support water fluoridation at the Oregon Dental Association. Dr. Short moved and Ms. Mason seconded that the Board send a letter of support for the Healthy Smiles Coalition. The motion passed with Mr. Smyth, Dr. Grant, Dr. Short, Ms. Mason, Dr. Magnuson, Ms. Davidson and Dr. Parker voting aye.

The Board received a letter from Lillian H. Bachman, D.D.S., Secretary – Treasurer, NERB

Dr. Bachman sent a letter notifying the OBD that NERB is currently looking for appointments as Consultant Members of NERB for the 2007 examination series. Any interested parties should submit a curriculum vitae as early as possible to the attention of Dr. Ellis Hall, Director of Examinations.

The Board received a letter from Dennis C. Turner, D.M.D.

Dr. Turner just wanted to let the Board know that dentists in eastern Oregon are doing everything possible to help extend care to those who need it, regardless of monetary issues, and are working on ways to increase access to care.

Dr. Nichols read an excerpt from Dr. Turner's letter which stated, "It's a common myth that there are those patients in rural Oregon that are unable to access care because of too few Dentists. I'm all too happy to report to you that Eastern Oregon – ie/ Nyssa to Milton-Freewater, from Enterprise to John

Day & Boardman and all points in between have adequate nos. of Dentists with chair time sometimes open. We do have patients that cannot afford to fill the chairs.”

The Board received a letter from Charlotte Writer, PeaceHealth Medical Group

Ms. Writer expressed her displeasure at the limited access to care and the limitations that HB2426 have attached to it. Ms. Writer is asking the Board to expand the interpretation to allow hygienists to provide sealants. The Board directed staff to respond to Ms. Writer, stating that we are aware of the problem but must stand by the legality of the Board’s rules.

OTHER ISSUES

Presentation – Western Regional Examining Board – Dr. Lorin Peterson, Past-President

Dr. Lorin Peterson made a presentation to the Board explaining the procedures, testing requirements, and basic trends of the WREB exam. The presentation was very informational and the Board thanked Dr. Peterson for making the extra effort.

Presentation – Restorative Expanded Functions Taskforce – Leslie Greer, CDA, EFDA

The Restorative Expanded Functions Taskforce is proposing the creation of a Restorative Expanded Functions Permit that would allow delegation of permanent amalgam and composite restorative procedures, (placing, packing, carving and finishing), to appropriately educated dental hygienists and dental assistants, under the indirect supervision of a dentist. The justification for this proposal is that interested dentists could provide more cost effective quality care to a broader base of patients. Dr. Nichols sent this issue to the Licensing, Standards and Competency Committee.

Review and discuss information regarding Botox

Dr. Nichols stated that this issue would be discussed with Board Counsel in closed session.

Review and Discuss information regarding Dental Assistants and the application of bleaching agents
