Customer Service Survey

Mr. Braatz stated that he's enclosed the results of the Mandated Customer Service Survey Results from July 1, 2005 through October 21, 2005. The results of the survey show that the OBD continues to receive positive results from the majority of those who return the survey.

Confidential Diversion Program Report

Enclosed is the first report of the OBD's pilot Confidential Diversion Program. Harvey Wayson, who has done a wonderful job of getting this program off the ground and running, was present to answer any questions. Mr. Wayson stated that the program is doing well and a few changes in procedure have been implemented. All individuals requesting admittance to the program are accepted after Mr. Wayson's report is reviewed by Dr. Kleinstub, Mr. Braatz and Dr. Nichols with the case against them being closed upon the reviewers' approval. The Board had no objection to these changes.

Review and Adopt Changes to OBD Policy 834-413-015 Delegation of Authority for Approval of Agency Head Financial Transactions

Mr. Braatz asked the Board to revise this policy which will authorize the President of the OBD to sign the Executive Director's timesheets and travel/expense reimbursement forms. He believes this change to be appropriate and will be consistent with the line of authority that the OBD has regarding the Executive Director, rather than a staff member who reports to the Executive Director. Dr. Short moved and Dr. Martin seconded that the OBD delegate to the Executive Director the authority to grant extensions for completion of Board ordered continuing education, upon written request from the licensee; and in those instances when, in the judgment of staff, the request does not involve a blatant disregard for the Board's Order or associated violations. The motion passed with Dr. Nichols, Dr. McCully, Ms. Potts, Dr. Short, Dr. Martin, Mr. Smyth, Ms. Mason and Dr. Huddleston voting aye.

Board Strategic Planning Session

Mr. Braatz reminded the Board that at the September 16, 2005 meeting the Board expressed interest in having a Board Strategic Planning Session during the spring of 2006, after the Governor has made known the new members who will be appointed to the Board. He asked if Board members could provide some dates and a possible format that they would like for this meeting so he can explore further options.

Possible Expansion of OBD Board Room

Mr. Braatz stated that with the new budget cycle and many of the restrictions that were placed on the OBD and other state agencies removed, he has been in contact with our landlord to seek out the price of expanding our current Board room into the file room and acquiring more space adjacent of our office for a new file room. If all goes well, those plans could be complete by January 1, 2006.

Newsletter

The next OBD newsletter should be sent out in late January or February. If any Board members have suggestions for articles or articles they would like to submit, they will be gladly accepted.
