**SUMMARY**

The purpose of this agenda item is to obtain Board approval of the annual budgets of the Rangeland Fire Protection Associations currently operating in Eastern Oregon.

**CONTEXT/BACKGROUND**

Rangeland fire protection associations are nonprofit, locally governed and operated landowner associations organized to provide fire protection on rangeland areas of Eastern Oregon, which are outside of both a forest protection district and a rural fire district. State statutes provide for the formation of these associations under the authority of the Board and with assistance from the Department. After formation, the Board is required to review and approve their annual operating budget.

**RECOMMENDATION**

Approve the annual 2009-2010 budgets, that have been received from the Burnt River, Crane, Fields-Andrews, Ironside, Silver Creek, Post Paulina, Twickenham, Brothers Hampton, Juntura, Vale and Jordan Valley Rangeland Fire Protection Associations.

**NEXT STEPS**

Once the budgets are approved, signed copies will be returned to the Rangeland Protection Associations.

**ATTACHMENTS**

- (1) 2009-2010 budget of the Burnt River Rangeland Fire Protection Association
- (2) 2009-2010 budget of the Crane Rangeland Fire Protection Association
