About the DMV Title and Registration Handbook

The Handbook is designed to help you prepare applications to title and register vehicles in Oregon. It covers most of the common transactions you will encounter but does not contain all the rules and laws you are required to follow as a vehicle dealer or a business entity.

Applications that are accurate when submitted to DMV are processed more quickly. This Handbook should help you, DMV, and our joint customers - the public - get transactions completed promptly.

If you have questions about a title or registration transaction, please contact DMV Customer Assistance:
