(3) The department may adopt rules concerning the disposition of plates, stickers, devices or other indicia of registration upon transfer of ownership of the vehicle or when the owner or the vehicle is no longer eligible for the particular indicia. At any time the department is offering three kinds of special registration plates, any bill enacted by the Legislative Assembly that requires the department to issue a new kind of special registration plate shall include a provision requiring the department to eliminate at least one kind of special registration plate.

(3) When the department eliminates a kind of special registration plate in accordance with the provisions of a law described in subsection (2) of this section, the department shall continue to issue the plate until the new plate is available. When the new plate is available, the department shall destroy the remaining stock of the eliminated plate. [2003 c.409 §2; 2007 c.564 §6]

### **805.205 Issuance of special plates for certain groups; rules; surcharge; disposition of moneys.**

(1) The Department of Transportation shall provide for issuance of registration plates described in subsections (3) and (7) of this section for nonprofit groups meeting the qualifications for tax exempt status under section 501(c)(3) of the Internal Revenue Code and for institutions of higher education. Plates issued under this section may be issued to owners of motor vehicles registered under the provisions of ORS 803.420 (1). Plates issued under this section may not contain expressions of political opinion or religious belief. Rules adopted under this section shall include, but need not be limited to, rules that:

(a) Describe general qualifications to be met by any group in order to be eligible for plates issued under this section.

(b) Specify circumstances under which the department may cease to issue plates for any particular group.

(c) Require each group for which plates are issued to file an annual statement on a form designed by the department showing that the group is a nonprofit group or is an

institution of higher education and that the group or institution otherwise meets the qualifications imposed for eligibility for plates issued under this section. The statement shall include names and addresses of current directors or officers of the group or institution or of other persons authorized to speak for the group or institution on matters affecting plates issued under this section.

(2)(a) Except as otherwise provided in paragraphs (b) and (c) of this subsection, in addition to any other fee authorized by law, upon issuance of a plate under this section and upon renewal of registration for a vehicle that has plates issued under this section, the department shall collect a surcharge for each year of the registration period. The surcharge shall be determined by the department by rule and may not be less than \$2.50 per plate and not more than \$16 per plate. In setting the amount of the surcharge, the department shall consult with the nonprofit group for which the plates are issued.

(b) In addition to any other fee authorized by law, upon issuance of a plate under this section that recognizes an institution of higher education in this state, and upon renewal of registration for a vehicle that has such plates, the department shall collect a surcharge of \$8 per plate for each year of the registration period.

(c) In addition to any other fee authorized by law, upon issuance of a Share the Road registration plate, as described in subsection (7) of this section, the department shall collect a surcharge of \$5 per year of registration.

(3) Plates issued under this section shall be from the current regular issue of plates except that:

(b) If the group requesting the plates is a group that recognizes fallen public safety officers, the plates shall, upon request, contain a decal that indicates the plates are issued to recognize fallen public safety officers.

(4) Except as otherwise required by the design chosen, the plates shall comply with the requirements of ORS 803.535. The department shall determine how many sets of plates shall be manufactured for each group approved under this section. If the department does not sell or issue renewal for 500 sets of plates for a particular group in any one year, the department shall cease production of those plates.

(5) Except as otherwise provided in subsection (6) of this section, each group that is found by the department to be eligible for plates issued under this section may designate an account into which the net proceeds of the surcharge collected by the department under subsection (2) of this section are to be deposited. The department shall keep accurate records of the number of plates issued for each group that qualifies. After payment of administrative expenses of the department, moneys collected under this section for each group shall be deposited by the department into an account specified by that group. If any group does not specify an account for the moneys collected from the sale of plates issued under this section, the department shall deposit moneys collected for those plates into the Passenger Rail Transportation Account established under ORS 802.100 to be used as other moneys in the account are used. Deposits under this subsection shall be made at least quarterly.

(6)(a) Each institution of higher education that requests a plate under this section shall designate an account in the general fund of the institution, and the proceeds in the account shall be used for the purpose of academic enrichment at the institution.

The department shall evenly distribute the net proceeds to each account. Deposits under this paragraph shall be made at least quarterly. (7) Notwithstanding subsection (3) of this section, the department shall design a Share the Road registration plate in consultation with the Bicycle Transportation Alliance and Cycle Oregon. pay to the Department of Transportation an application fee of \$10,000 in addition to all of the department's anticipated costs of adding the group to the program. The department may not begin creating or issuing the plates until the application fee and anticipated costs are paid. If 1,000 sets of the plates are purchased in the first 12 months that the plates are available, the department shall refund the application fee. For purposes of this section, costs of adding a new group include, but are not limited to, computer programming costs and vendor set-up fees. [1997 c.672 §3; 2003 c.409 §4; 2007 c.564 §8]
