PROJECT PURPOSE AND NEED

A private developer has obtained an approach road permit to access a housing development adjacent to US 101. As a condition of the developer's permit, the State is using \$345,000 from the developer to construct a new passing lane on US 101 at MP 91.98 to 92.76. Region 2 plans to take advantage of this opportunity and extend the passing lane further than the minimum required length. Region will add \$300,000 funding to the developer's money to finance the extra length.

CONSTRUCTION OVERVIEW

THE PROJECT WILL CONSTRUCT A NORTH BOUND PASSING LANE.
