

PUBLIC NOTICE

BODY PIERCING DISCLOSURE STATEMENT

AS WITH ANY INVASIVE PROCEDURE, BODY PIERCING MAY INVOLVE POSSIBLE HEALTH RISKS. BODY PIERCING COULD RESULT IN:

- PAIN, BLEEDING, SWELLING, INFECTION, SCARRING OF THE PIERCED AREA AND NERVE DAMAGE.

THE PIERCING TECHNICIAN SHOULD:

- PROPERLY CLEANSE THE PIERCING SITE BEFORE PIERCING,
- USE STERILIZED EQUIPMENT,
- USE STERILE PIERCING TECHNIQUES, AND
- INFORM THE CLIENT OF PROPER AFTERCARE OF THE PIERCED AREA
