Introduction

Congratulations on receiving a grant from Oregon Parks and Recreation Department. The Oregon Heritage Grants, Oregon Museums Grants, Preserving Oregon Grants and Oregon Historic Cemeteries Grants are all funded with Measure 66 lottery funds. The grants are highly competitive; while it is a credit for your project to be selected, it is also a responsibility. The funds are approved by the Legislature each biennium and must be used within the biennium. Unused funds are lost; they are not included in future grant funds.

We want to help your approved project succeed. While we attempt to make the grant requirements straightforward and easy, we are still responsible to the public for the appropriate handling of state funds. Your grants funds will be provided to you as reimbursement for completed and appropriately reported work. Please use this manual to navigate the grant process.

If you have more questions after reading this manual, please contact one of the following:

Oregon Heritage Grants

Kyle Jansson at Kyle.Jansson@state.or.us or (503) 986-0673

Oregon Historic Cemeteries Grants

Kuri Gill at Kuri.Gill@state.or.us or (503) 986-0685

Oregon Museum Grants

Kyle Jansson at Kyle.Jansson@state.or.us or (503) 986-0673

Preserving Oregon Grants

Kimberly Dunn at kimberly.dunn@state.or.us or 503-986-0670

Grant Agreement

Shortly after you were notified that you had been awarded a grant, you received a Grant Agreement. By signing the Grant Agreement, you attested acceptance of a state grant for the purposes outlined in your grant application and those outlined in the Agreement. This manual is considered to be part of your Grant Agreement.

Some of the items in the Agreement included:

1. An approved Project Budget with line items specifying project expenses covered by grant funds and specific project expenses covered by the applicant match.

2. Project Starting Date, Project Completion Date and the date final reports are due.
3. Special Conditions for the project.
4. Specific language for the acknowledgement of public funds provided by the State of Oregon.
5. Requirements for submitting reports and billings.
6. Requirements for inspections and audits.

Amendments to the Agreement

You may not, without prior written approval from us, make changes that would substantively alter the scope of work stipulated in the Agreement, or make any changes that authorized the award of the grant. The contract you hold was made on the assumption that the work described would be completed as agreed.

If an issue arises that you think may require an amendment, contact us immediately.

Grant Management

Because your Grant Agreement involves the use of public funds from the State of Oregon, you are expected to follow certain requirements for their use. These requirements will affect consultant or contractor selection, public notices, work plans, progress reports and billings, project photographs, final reports and billings, and recordkeeping.

Consultants/Contractors

Evidence of competition for direct negotiated professional services of under \$5,000 is not mandatory.

Services and materials that cost \$5,000 to \$75,000 must show evidence of competition, including soliciting proposals from at least three potential contractors. We must approve your selection prior to the consultant or contractor being hired. Please check the references of any contractor you review. If your application contained an approvable contractor bid, it may have been approved in the Grant approval process. To obtain approval please send the following to the HCD Grants Coordinator:

- How contractor was solicited and selected;
- Copies of the bids or estimates received; and
- Why contractor was selected (references, quality, previous work, time frame, cost, etc).

See Heritage Bulletin #8 for more information about working with contractors and consultants. Available at www.oregonheritage.org.

When you receive a notice of approval, the contract can be signed. Send a copy of the signed and dated contract to the grant coordinator for the file.

Work Plans -- Preserving Oregon Grant only

Work plans must be approved by the State Historic Preservation Office staff before work begins. For approval submit the following to the Preserving Oregon Grants Coordinator:

Historic Rehabilitation projects

- Before photographs
- Plan drawings
- Work description including materials, tools and processes to be used
- Timeline

Archaeology projects

- Location information, including maps
- Work plan including sources, tools and processes to be used
- Timeline

Public Notice Requirement

During the life of the project, place a sign in a prominent and readable location on your site, stating: “This project has been funded in part by the [Name of Grant Program], Oregon Parks and Recreation Department”.

A simple temporary sign is acceptable; call the grant coordinator for suggestions. Include a photograph of the sign in place with your final report.

Publications funded by a grant should carry a notice: “This publication was supported by a grant from the Oregon Parks and Recreation Department. Points of view are those of the author(s) and do not necessarily represent those of the State of Oregon.”

Photographs

Before, during and after photographs are required for the interim and final report reports that request reimbursement. Please send a printed copy with the final report. We prefer photos in a digital format (300dpi). If you provide a digital copy, then the hard copy can just be printed from a computer. If you are not providing a digital version, the photo must be professionally printed.

Ideas for photos – building condition, contractors at work, artifact condition, historic feature condition, collections facilities, people doing data entry or scanning, volunteer group shots, celebration of completion events, etc.)

Project Reports

Forms to be used for the project report will be provided by the grant coordinator and are included in your grant packet. Please fill them out in electronic form, if possible, and email them. At least one project report is required about six months from signing the grant agreement, even if no work has begun. Please include:

- what has been accomplished on the project to date;
- any problems or concerns you might have;
- any OPRD assistance needed.

Submitting an interim reimbursement request

Partial payments may be requested throughout the duration of the grant period.

- Project reports are required with reimbursement requests.
- Use the interim report form as the cover sheet, and attach invoices documenting the listed expenditures for each line item. Include documentation of matching funds, donations, volunteer time, etc.
- The interim report form or final report form must be completed and submitted for all payments, including those to any third party, which is a choice that must be pre-approved by the grant coordinator.

Final Report and Reimbursement

When the project is completed, submit a final report summarizing the project using the final report form and necessary attachments including photographs. Your final reimbursement request and report documents must be submitted within twenty (20) days following the agreed project end date. This must include:

- Final Project Report & Billing Form
- Project summary
- Before, during and after photographs
- Copies of projects like brochures and research summaries

On-site monitoring

Expect to receive one or two site inspections involving the project coordinator and/or persons conducting the work. Typically, the site visit consists of a visit to the project; a review of the work in progress, and a brief examination of the financial records as appropriate. Site visit dates and times will be scheduled in advance.

Audits

A field or desk audit may be made after completion of the project to verify your expenditures. The auditor will contact you several days in advance to arrange a convenient time if a field audit is necessary. To expedite this audit, all supporting documents should be readily available.

Record keeping

Keep records of your grant management for five years. For details about accounting procedures see the attached supplemental information.

If you have more questions after reading this manual, please contact one of the following:

Oregon Heritage Grants, Kyle Jansson at Kyle.Jansson@state.or.us or (503) 986-0673

Oregon Historic Cemeteries Grants, Kuri Gill at Kuri.Gill@state.or.us or (503) 986-0685

Oregon Museum Grants, Kyle Jansson at Kyle.Jansson@state.or.us or (503) 986-0673

Preserving Oregon Grants, Kimberly Dunn at kimberly.dunn@state.or.us or 503-986-0670

SUPPLEMENTAL INFORMATION

Recommended accounting procedures

In any program where reimbursement is requested for a portion of project costs, or matching share is claimed, adequate records are essential. There should be definite supporting evidence for EACH item of cost claimed estimates are not sufficient. The procedures below may not apply in every case, so look through them and identify and use those that are relevant to your project.

Contact Kimberly Dunn at kimberly.dunn@state.or.us, or phone 503-986-0670 if you have questions.

In order to promote a better understanding of the records required and to avoid the possibility of having costs disallowed at the time of audit, the following accounting procedures are suggested:

- Establish a separate account for each agreement project.
- Maintain the account so that it includes the project name, and lists payment for salaries and wages, contracts, equipment, materials and supplies, and other items that conform to categories listed on the grant billing form.
- Each entry in the account must be cross-referenced to a voucher, payroll invoice or other supporting document. Each payment must be supported by a cancelled check or warrant, available in the grantee's records in the event of an audit.

The following paragraphs provide you information about the specific budget categories:

Professional Contractor or Consultant

Proper contractor or consultant selection procedures must be followed and proper documentation maintained for audit, or contract costs are subject to disallowal.

Payments made by the grantee should be supported by a statement or invoice from the consultant. The consultant hours do not need to be broken down if contracted in a lump sum, since the consultant agreement should state a total contracted amount.

Payments made include fee for service, salary, per diem, payment for the travel, or other allowable services.

Volunteer Time

The value of labor, materials, equipment usage, etc., donated by sources other than the grantee may be included on the Payment Request Form only if documented. Documentation can be a sheet with work done and hours worked recorded and signed by the project manager and the volunteer.

Volunteer services may be furnished by professional and technical personnel, consultants, and other skilled and unskilled labor. Volunteered services may be counted as matching share if they are a necessary part of the project. A packet of forms are available from your grant coordinator for use by grantees who are tracking values of volunteer work and donations to projects. The forms are, for the most part, self explanatory.

Rates for volunteer services may not exceed minimum wage, except in those instances in which the volunteer is using their professional skills for the grant assisted work. For example, if a carpenter or

SUPPLEMENTAL INFORMATION

bookkeeper donates carpentry or bookkeeping services to the project, these services may be valued at the hourly rate the carpenter or bookkeeper would normally charge. In such cases, the donor must sign a brief statement that notes the donor's usual occupation, intent to donate their usual services, and the date. These statements are then included in the payment request support documentation.

Employees

When a staff member is involved in a grant project, payrolls should be signed by an authorized person and wages paid should be supported by time and attendance records for each employee. Time and Attendance Records (daily, weekly, or monthly) must show total daily hours for each project and description of work performed.

Fringe benefit rates should be developed using actual costs, and individual components should be identified. Documentation should show how rate or cost was derived. This amount must be traceable through the grantee's records.

Travel

State guidelines require that all mileage rates do not exceed the maximum state rate, which is generally the same as the standard Internal Revenue Service rate. In October 2009, this rate was 55 cents per mile. The reimbursement request must show the name of the individual, time of departure and return, dates, mileage (odometer readings or locations), meals claimed, and purpose. A copy of lodging receipts for overnight travel must be maintained.

Current State of Oregon rates are:

Breakfast = \$11.50

Lunch = \$11.50

Dinner = \$23

Lodging = \$70

Materials and Equipment

Value and Use of Owned Equipment

Equipment value (for owned equipment) should be supported by time records and by a schedule of hourly rates developed from actual historical costs, or in the event no previous cost data exists, from reasonable estimates of such factors as useful life, annual hours or use, insurance premiums, etc. These estimated rates must be adjusted each year based on the previous year's actual costs. The State has developed a form that may be used for this purpose; copies are available from the grants coordinator.

Equipment Rental (Outside)

Payments made by the project sponsor for equipment rented for specific project area are generally allowable under state regulations. Payments made by the project sponsor must be supported by a statement or invoice from the vendor that indicates the time period the equipment was rented.

SUPPLEMENTAL INFORMATION

Materials and Supplies

Supplies and materials charged to the project must be supported by purchase orders and supplier's invoices. The original or a photocopy of the cancelled checks must be available for a field audit.

Printing, Publication Design, etc.

If you make, design or print a publication as part of your project, include those costs here. The costs can only be paid if a statement recognizing the grant contribution is included.

Value of Contributed Goods and Services

Valuation of In Kind Contributions from Third Parties

The value of labor, materials, equipment usage, etc., donated by sources other than the grantee may be included on the Payment Request Form only if documented. Documentation can be a sheet with work done and hours worked recorded and signed by the project manager and the volunteer.

- a. Valuation of volunteer service
 - Volunteer services may be furnished by professional and technical personnel, consultants, and other skilled and unskilled labor. Volunteered services may be counted as matching share if they are a necessary part of the project. A packet of forms are available from the grants coordinator for use by grantees who are tracking values of volunteer work and donations to projects. The forms are, for the most part, self explanatory.
 - Rates for volunteer services may not exceed minimum wage, except in those instances in which the volunteer is using their professional skills for the grant assisted work. For example, if a carpenter or bookkeeper donates carpentry or bookkeeping services to the project, these services may be valued at the hourly rate the carpenter or bookkeeper would normally charge. In such cases, the donor must sign a brief statement that notes the donor's usual occupation, intent to donate their usual services, and the date. These statements are then included in the payment request support documentation.
- b. Donated Materials Invoices, where applicable, must be marked "donated" and signed, and attached to the Payment Request Form.
- c. Donated Equipment Invoices, where applicable, must be marked "donated" and signed, and attached to the Payment Request Form.
