

**July 2011  
Participating Local Government Employers**

ORS 243.474 authorizes the state to offer its 457 deferred compensation program to all Oregon public employers including special districts, local governments, and school districts. The Oregon Savings Growth Plan (the deferred compensation program) has only recently been made available to public employees other than state employees.

Employers interested in participating in our program must follow these steps:

- Establish an eligible 457 deferred compensation plan. This program must meet all the requirements of IRC 457.
- Adopt a resolution authorizing the Oregon Savings Growth Plan to be offered as one of the investment providers for your 457 program.
- Enter into an agreement with PERS for the administrative services provided to all participating employers.

For more information or to receive an adoption packet, please call (503) 378-8567. We look forward to discussing how this plan can help meet your employer and employee needs to better plan for successful retirements.

Since it was made available to all public employers, the following employers have chosen to participate in the Oregon Savings Growth Plan. Eligible employees of these public employers can obtain information about the plan by calling 503-378-8567 and requesting an enrollment kit. The employers are:
