- John – Has arranged for an DOC (Department of Corrections) Pathfinders program representative to visit the board January 30, 2019 and discuss the Pathfinders program and what classes are offered to the adults-in-custody.

Executive Director Comments

Owner: Dylan Arthur

Discussion:

- Presented at OACCD regarding a proposed plan to work with community corrections on the SONL project to start providing static-99 assessments on individuals that are currently on supervision and on the registry that don't have a notification level yet. This will help the board catch up on the backlog of historic registrants (those placed on the registry prior to January 1, 2014); there are 2500 individuals currently on supervision and the registry who have not been leveled. Of those, 1800 are historic registrants and are the Board's responsibility to level. Josephine County has started this process, and Clackamas County will start sometime after January.
- The Board is currently working on the Auto Level I project for the historic registrants. ODAA is remaining neutral on the proposed rule change to OAR 255-085-0010 and all other community partners support the plan. The comment period for the OAR change will expire on January 9th and thus far there have been no comments, other than DOJ regarding some language cleanup. Dylan is working with OSP SOR unit to potentially help with this process and we are working on developing the internal process.
- The Board is in the process of reviewing rules for the different types of board hearings; the hope is to streamline those rules into one rule for all hearings.
