<p>SUBJECT Accounting and financial reporting – Agency financial reporting</p>	<p>APPROVED SIGNATURE</p> <p><i>George Naughton, Chief Financial Officer</i> <i>Signature on file</i></p>	

PURPOSE

This policy provides guidance on financial reporting for agencies who prepare annual financial statements, either audited or unaudited. Agencies that choose to prepare a full Annual Comprehensive Financial Report (ACFR) for their agency should seek guidance, as needed, from Statewide Accounting and Reporting Services (SARS) in addition to adhering to this policy.

APPLICABILITY

This policy applies to all state agencies included in the State’s annual financial statements, except for those agencies specifically exempted by [OAM 01.05.00](#).

FORMS/EXHIBITS/INSTRUCTIONS

None.

DEFINITIONS

Click here for [definitions](#).

EXCLUSIONS AND SPECIAL SITUATIONS

None.

POLICY

101. Agencies are not required to submit annual financial statements to SARS unless specifically required by statute, by the federal government, or by SARS.
102. Agencies that issue audited financial statements will work with SARS to ensure that the total Net Position reported in agency issued financial statements agrees with the total Net Position reported in the State’s ACFR, if that agency’s information is presented discretely (in a separate column) in the ACFR Basic Financial Statements. As requested by SARS, agencies should send a copy of annual audited financial statements (both draft and final) to SARS for coordination of ACFR reported amounts. Agencies are not required to include a Management’s Discussion and Analysis (MD&A) with agency audited financial statements; however, they may choose to include an MD&A. The only time an agency is required to include an MD&A with

agency audited financial statements is when an agency publishes a full ACFR (rather than just financial statements). For guidance on the required elements of an MD&A, contact your SARS analyst.

103. Some agencies may choose to issue agency financial statements, even though they are not required to do so. If an agency chooses to issue (unaudited) agency financial statements, the financial statements and accompanying note disclosures must be in conformance with generally accepted accounting principles (GAAP). Agency management is responsible to ensure the presentation of the agency's financial position and results of operations are in accordance with current GAAP.
104. Agencies are not required, nor are they permitted, to prepare or issue government-wide financial statements (either audited or unaudited). Government-wide financial statements, which include a Statement of Net Position and a Statement of Activities, present the State of Oregon government as a whole and are therefore not applicable to an individual agency.
105. The fiscal year end for state agencies that are part of the State's primary government is June 30.

PROCEDURE

Reporting Account Balances

106. Account balances reported in agency financial statements must be derived from and agree to balances in the Relational Statewide Accounting & Reporting System (R*STARS), or the agency's accounting system for those agencies that do not maintain their accounting records on R*STARS. Agencies that interface data from their own subsystem(s) into R*STARS are considered agencies that maintain their accounting records on R*STARS.
107. For agencies on R*STARS, month 13 should be used to record entries necessary to present the agencies' data in conformance with GAAP. If agencies discover errors or omissions after month 13 closes, agencies should notify SARS.
108. SARS recommends the use of GAAP-level reporting profiles in R*STARS to assist with preparation of agency financial statements. For general ledger accounts, this is the D14 profile. For object accounts, it is the D08 profile. Use the GAAP fund profile (D24) to report columns within the financial statements. SARS encourages use of the Accounting DataMart to facilitate the efficient gathering of electronic data.

GAAP Fund Financial Statements

109. Agency financial statements should report financial activity for governmental, proprietary, and fiduciary funds separately using the appropriate basis of accounting (i.e., modified accrual or full accrual) and measurement focus (i.e., current financial resources or economic resources). Use of the appropriate transaction codes and account profiles in R*STARS will facilitate this separate reporting. When preparing financial statements, agencies should refer to other parts within Chapter 15 of the OAM for specific reporting and disclosure requirements as well as recognition criteria.
110. Financial statements for governmental funds include:
 - a. Balance Sheet
 - b. Statement of Revenues, Expenditures and Changes in Fund Balances

111. Financial statements for proprietary funds include:
- a. Statement of Net Position
 - b. Statement of Revenues, Expenses and Changes in Fund Net Position
 - c. Statement of Cash Flows
112. Financial statements for fiduciary funds include:
- a. Statement of Fiduciary Net Position
 - b. Statement of Changes in Fiduciary Net Position
113. The Statement of Net Position for proprietary funds should present assets, deferred outflows, liabilities, and deferred inflows using the classified format; that is, report the current and noncurrent portion of assets and liabilities, and the deferred accounts, separately. General ledger account profiles exist in R*STARS to accommodate this distinct reporting. The statement must also present restricted assets as such on the face of the statement.
114. The Statement of Revenues, Expenses and Changes in Fund Net Position must distinguish between operating revenues and nonoperating revenues as well as operating expenses and nonoperating expenses (refer to [OAM 15.35.00](#) and [OAM 15.40.00](#) for guidance on the distinction between operating and nonoperating).
115. The Statement of Cash Flows for proprietary funds must present cash flows using the direct and the indirect method.

Illustrative GAAP Fund Financial Statements

116. Illustrative fund financial statements for governmental funds and for proprietary funds are included in this procedure (refer to pages 7 through 11). These financial statements demonstrate the format of required GAAP statements to assist agencies that prepare financial statements. The sample statements are for illustration only and do not contain all line item titles that may be applicable to various agencies. The illustrative Statement of Cash Flows does not include a section for Cash Flows from Capital and Related Financing Activities. Financial statements for fiduciary funds are not illustrated. For additional guidance, contact your agency's SARS analyst.

GAAP Note Disclosures

117. Agencies must consider which of the topics listed below are applicable to their financial statements for the fiscal year they are reporting and include note disclosures as appropriate (the SARS analyst for each agency is available to provide specific guidance on content requirements). Since the Governmental Accounting Standards Board periodically changes note disclosure requirements, SARS recommends that agencies that prepare GAAP financial statements contact their SARS analyst to ensure they consider all applicable disclosures. The following outline is a recommended organization for note disclosures; however, agencies may organize the information differently, provided the content is complete:
- 1. Summary of Significant Accounting Policies
 - A. Reporting Entity
 - B. Fund Financial Statements
 - C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
 - D. Deposits and Investments

- E. Receivables and Payables
- F. Intrafund Transactions
- G. Inventories
- H. Prepaid Items
- I. Restricted Assets
- J. Foreclosed and Deeded Properties
- K. Receivership Assets
- L. Capital Assets
- M. Compensated Absences
- N. Long-term Obligations
- O. Pensions
- P. Postemployment Benefits Other than Pension (OPEB)
- Q. Fund Equity
- R. Changes in Accounting Principle
- S. Pending Changes in Accounting Principle
- 2. Deposits and Investments
 - A. Deposits
 - B. Investments
 - C. Repurchase Agreements
 - D. Securities Lending
 - E. Restricted Assets
- 3. Derivative Instruments
- 4. Receivables and Payables
 - A. Receivables
 - B. Payables
- 5. Joint Ventures
- 6. Capital Assets (including construction commitments and collections not capitalized)
- 7. Leases
 - A. Leased Assets
 - B. Lease Receivables
- 8. Short and Long-term Debt
 - A. Short-term Debt (e.g., TANS, Lines of Credit, etc.)
 - B. General Obligation Bonds
 - C. Revenue Bonds
 - D. Certificates of Participation
 - E. Direct Borrowings and Direct Placements
 - F. Contracts, Mortgages, and Notes Payable
 - G. Changes in Long-term Debt
 - H. Debt Agreement Terms
 - I. Demand Bonds
 - J. No-Commitment Debt
 - K. Debt Refundings
 - L. Defeased Debt
- 9. Other Long-term Liabilities
 - A. Changes in Long-term Liabilities
 - B. Arbitrage Rebate Liability
- 10. Pollution Remediation Obligation
- 11. Pledged Revenues
- 12. Interfund Transactions
- 13. Segment Information
- 14. Employee Retirement Plans
- 15. Other Postemployment Benefits
- 16. Deferred Compensation Plans

17. Risk Financing
18. Discounts and Allowances in Proprietary Funds
19. Fund Equity
20. Nonexchange Financial Guarantees
21. Tax Abatements
22. Settlement Activities
23. Commitments
24. Contingencies
25. Subsequent Events
 - A. Long-term Debt Issues
 - B. Bond Calls
 - C. Interest Rate Swaps
 - D. Refundings
 - E. Debt Guarantees
26. Extraordinary and Special Items

Budgetary Financial Reporting

118. At their discretion, agencies may prepare agency budgetary schedules (refer to paragraph 120 for proper title and format). Budgetary schedules report financial activity separately for general funds, federal funds, other funds, and lottery funds using the budgetary basis of accounting (i.e., cash plus encumbrances). Use of the appropriate transaction codes and account profiles in R*STARS will facilitate this separate reporting. When preparing budgetary schedules, agencies should refer to Chapter 20 of the OAM for specific budgetary reporting requirements as well as recognition criteria.
119. SARS recommends the use of budgetary reporting profiles in R*STARS to assist with preparation of agency budgetary schedules. Use the appropriated fund profile (D22) to report activity within the schedules; do not include appropriated funds that are non-limited or non-budgeted in budgetary reporting schedules. As an alternative to reporting by appropriated fund, combine similar appropriated fund data by funding source (i.e., general, federal, other, or lottery funds). Use of the Accounting DataMart may facilitate the efficient gathering of electronic data.
120. The appropriate title for a budget to actual comparison is "Schedule of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual – Budgetary (Non-GAAP) Basis – All Budgeted Appropriated Funds". This schedule should present comparisons of the legislatively approved budget with actual data on the budgetary basis. The schedule reports budgeted amounts separately for the original budget and the final budget. The original budget is the legally adopted budget that resulted from the regular legislative session. Budgeted revenues should represent original estimates, while budgeted expenditures should represent original appropriations. The final budget is the legally approved budget, which is the adopted budget adjusted for any e-board actions or other legislative changes. The schedule should report estimated revenues by revenue source, while it should report budgeted expenditures by category (i.e., personal services, services and supplies, special payments, etc.). Actual revenues should represent cash revenues, while actual expenditures should include both cash expenditures and encumbrances.

Reconciliation Between Budgetary and GAAP Reporting

121. When agencies present both GAAP financial statements and non-GAAP budgetary schedules, agencies should also present a reconciliation between the two reports. The notes to the required supplementary information should include an explanation of the differences between

revenues and expenditures, on the budgetary basis and on the GAAP basis. This is not applicable to agencies that do not prepare budgetary schedules (as described in 120).

Budgetary Disclosures

122. If a Management's Discussion and Analysis accompanies the agency's financial statements, it must include an analysis of significant variations between the original and final budget amounts, as well as between final budget and actual amounts for the general fund.
123. Since a budgetary schedule (as described in 120) will not demonstrate compliance at the legal level of budgetary control (that is, at the appropriation level), agencies should disclose how to obtain a copy of the State's Budgetary Statement of Legal Compliance that is published annually. This is not applicable to agencies that do not prepare budgetary schedules (as described in 120).
