

Advanced Placement Credit Articulations for Oregon Public Universities and Colleges

Note on what is in the table: see technical notes tab for important guidance on using the table. The CTM areas have been reviewed by OTAC, Transfer Council, credit ranges have been identified from the data (and will be revised over time as alignment occurs) and articulations have been reported by institutions to the AP/B Policy Workgroup staff at the HECC.

August 7, 2023

AP Statewide Course Credit Policy Articulation Table

Starting in the fall of 2019, the updated Statewide Advanced Placement Policy expands access to articulated college credit for high school students with a score of a 3 on their AP subject exams (while the minimum score was previously 4 in some subjects). This document aims to consolidate and communicate Advanced Placement (AP) course credit articulations for the 7 public universities and 17 community colleges in Oregon.

Data was compiled by the Higher Education Coordinating Commission during the 2019-2020 academic year and will be updated to reflect the latest articulations regularly during the following years of the redesign implementation. Updates for articulations listed in this table should be sent to Erin Weeks-Earp (erin.weeks-earp@state.or.us) at the HECC. Updates to the table must be sent by community college or university registrars or members of the AP/IB Policy Workgroup. Additionally, any individual is welcome to alert us to updates that are available on public facing college or university websites (websites should always include the date of the most recent change).

To read the chart:

The far left side includes four identifier columns, followed by 24 columns of specific articulations. The first column (Column A) contains the Core Transfer Map subject areas, the second column (Column B) includes Credit Ranges for each score and subject, and third (Column C) lists the AP Exam Subject, these are in alphabetical order down the rows. The final identifier (Column D) shows exam scores 3, 4 and 5.

The 17 Colleges and 7 Public Universities are listed in the remaining columns and for each AP exam subject. The cell at the intersection of university/college column and score shows the respective course articulation (e.g. ART 204) and the awarded number of credits (figure in the parentheses).
