**Important:** This license application is for local, state, or federal government employees, or employees of an Indian tribe, that wish to apply pesticides with power-driven application equipment, apply Restricted Use Pesticides (RUPs), or apply any pesticide to the campus of a school (as defined in ORS 634.700). ## New PPA License Applicants (Nov. 17 - Dec. 31 Only)

*Important: This section only applies to individuals who passed the minimum number of exams to qualify for a public pesticide applicator license from November 17 through December 31 of this year and who were not already certified through the end of this year. If you were licensed as a public pesticide applicator this year, please skip this section.*

*If you meet the conditions above and we receive your license application before the new year, by default your application will be held and processed in early January. This will allow you to be issued a full five-year certification period starting January 1 of next year. You may opt-out of this default procedure by checking the box below.*

- Opt-out:** I do not want to wait until January 1. Please issue my license as soon as possible. I need a license for the remainder of this year through next year. I understand that my certification period will be shorter than five years.

## Reciprocal License Applications

*Please check the box below if you are seeking to obtain an Oregon license based entirely or in part upon your pesticide license in another state. More information about reciprocal licensing is available on the [ODA website](#).*

- I am applying for a reciprocal license in Oregon based upon an out-of-state license. I will be providing additional documentation described on the ODA website.
