Team Time

What will we recommend to the Deputy Superintendent relative to improving student engagement in Oregon?

Today's team goals are to collaborate so that your group....

- Refines the definition, meaning or “essence” of your group’s theme
- Selects KEY elements of your theme to build on
- Shares a brief overview of your theme’s leanings with colleagues here today
- Obtains feedback on your overview

So that, by the end of the day today, your team....

- Knows what tasks and information you still need
- Has a plan to finalize your presentations on the morning of April 7th
- Is ready to share recommendations on the afternoon of April 7th
