

Running A Value of Commodities Received – RA Report

OREGON
DEPARTMENT OF
EDUCATION

Oregon achieves . . . together!

The Value of Commodities Received Report shows schools the Value of the USDA Foods they have received during a certain time period. Business Managers often ask for this information at the end of the school year, and this is a report the Food Service Manager can run to provide that information.

Note: In WBSCM, it will have your values for both direct delivery and diversion/processing. It will not have values for USDA DoD Fresh or the USDA Unprocessed Fruit and Vegetable Pilot options. Those must be obtained elsewhere.

Accessing Value of Commodities Received Report
