# ODE FUNDING GOALS

Providing culturally-responsive and trauma-informed education from birth through adulthood (kindergarten readiness to post-secondary schooling).

Setting students and families up for success with our two-generational educational approach and family engagement plans.

Supporting Latine youth, particularly girls and women, and their families navigate the transition from high school into post-secondary education.

# PROGRAM DESCRIPTION

## Early Childhood Education

The Early Childhood Education (ECE) Program is a bilingual program that teaches early literacy skills and builds kindergarten readiness among Latinx immigrant children from prenatal to preschool-aged in Washington County.

Activities include:

- 11 Early Childhood Education classrooms:
  - 5 Preschool Promise classrooms
  - 4 Early Head Start/OPK P-3 classrooms
  - 2 Teen Parent Childcare classroom
  - Parenting Together Time
  - Family Engagement events

## History

The ECE Program officially began in 2003 as a response to the immediate needs and benefit of our first program, Adult Education. We were founded with the launch of the Adult Education program in 2002 which offered childcare for many of our participants. The biggest barrier for many of our participants to pursue and/or finish their education was the access and affordability to childcare. The majority of our participants were English Language Learners and immigrants, providing a safe and nurturing environment for their families, particularly their bilingual children was essential.

In 2003, with the support from Early Headstart funds, Adelante Mujeres opened its first early childhood and preschool classrooms. Not only is Adelante Mujeres implementing culturally-appropriate literacy and kindergarten readiness programming, but it is also addressing the lack of culturally-appropriate teachers of color in Oregon by hiring past participants as educators (e.g., Preschool Teachers, Assistant Instructors).

## KEY ACTIVITIES

# 121

Total children served from prenatal to 5 years old during the 21-22 school year.

# 12

Family engagement events were delivered.

# 45

Children successfully transitioned to kindergarten.

## IMPACT #1

100% Of preschool students successfully transitioned and graduated by meeting or exceeding the developmental areas needed for kindergarten readiness.

100%

95%

## IMPACT #2

95% Of participants reported improvement in their own parenting skills, knowledge and behavior after completing the Parenting series.

## IMPACT #3

10 parents/caregivers participated in Early Childhood Education advocacy at the state level (e.g., personal testimony and/or serving in an Early Learning Committee).

# THE EARLY YEARS

## Human Brain Development

Neural Connections for Different Functions Develop Sequentially

# Bronfenbrenner's Ecological Model of Child Development

# BEYOND KINDERGARTEN READINESS

- Unconditional love and support
- Self Efficacy
- Positive Identity Development
- Empathy
- Reverence for the earth
- Community
- Natural spaces in where they are free to roam (ACCESS)
- To be surrounded by adults who are committed to childrens rights, social justice, and antiracism.

## EARLY CHILDHOOD EXPERTS

- We invest in our teachers and in their education. PCC
- Partnership with Clakamas College so teachers can get their Associate degree in Early Childhood Education (SPANISH)
- Mental Health services : Beyond Trauma
- Mindfulness and Yoga during InServices
- Empowering our teachers
- We cultivate JOY and we pause during the hard times.
- We love our teachers.

## Multi generational approach

- Intergenerational trauma work: trauma that is not transformed is transferred
- Parent/Family/Caregiver Education from a cultural and relevant lens
- Understanding and ending Chancra culture
- Do our families have a sense of belonging at Adelante ?
- **COMUNIDAD**

Every year we ask ourselves...What can we do with 8,544 hours ?

# PROGRAM DESCRIPTION

## Chicas Youth Development Program

The Chicas Youth Development Program (Chicas) is an innovative after-school program for Latine girls and women in grades 3-12 and college that works throughout Washington County, OR.

Chicas incorporates academic support, leadership development, family partnerships, positive changes in cultural and gender identity, health education, and overall well-being.

## History

The Chicas Program began in 2008 in response to Latine, immigrant mothers who expressed the need for a safe space to support the social, emotional, and academic development of their daughters in order to reduce teen pregnancy, high school drop-out, substance use, and domestic violence.

Chicas began in 3 schools, serving 55 students in Forest Grove, and we now serve over 700 Latine youth in grades 3-12 at 29 schools (30 sites) and 10 universities throughout Oregon.

**THROUGH CHICAS  
PROGRAMMING, PARTICIPANTS  
WILL:**

Be self aware of paths to personal success and self-determination.

Be proud of their identity and culture, and learn how to be empathetic and inclusive of all people and identities.

Adopt healthy lifestyles.

Be empowered to lead.

## KEY ACTIVITIES

**Afterschool  
Sessions**

## IMPACT #3

86% of Chicas participants reported positive behavior on self-efficacy and relationships with peers, families, and school personnel.

86%

## SOY FUERTE, SOY CAPAZ

**"We can transform our world by imagining it differently, dreaming it passionately." Gloria Anzaldúa**

*At Adelante Mujeres, we believe that racial justice is...*

*A human right.*

Rooted in community advocacy with a collective effort to change how systems, institutions, and people interact for a just and healthy environment.

*To achieve our racial justice, we must...*

Be accountable to our Black, Indigenous, People of Color (BIPOC) communities by advocating for policy change at the local, state, and federal level and building power among BIPOC community members. Address intersecting oppressions to join together across issues and identities.

# GRACIAS GRACIAS GRACIAS

The majority of our staff reflect the community we serve (95% of staff identify as Latine). The lasting impact of intergenerational trauma is felt by our children and their families.

Working with these lasting impacts takes dedication, commitment, and hope. Hope is a core value at Adelante Mujeres.

We thank our current, past and future partners that trust our community-building and overall culturally responsive services.

We encourage and advocate for the ongoing unrestricted funding for BIPOC organizations, expanding and supporting asset-based wealth building strategies, and advocating for policies that ensure economic stability.
