SUMMARY

The purpose of this agenda item is to seek approval from the Board to finalize changes in the Central Oregon Forest District Boundary and to revise the administrative rule which describes the boundary.

CONTEXT

The 1997 Legislature amended ORS 477.225 to require that boundaries of forest protection districts be described in administrative rule. In July 1998, the Board promulgated administrative rules which provided the framework into which individual district boundary descriptions were to be inserted. Since then, all forest protection district boundary descriptions have been inserted. To change a forest protection district boundary, the Board must amend the pertinent Oregon Administrative Rule through the rulemaking process.

BACKGROUND AND ANALYSIS

The changes that we propose to make to the Central Oregon Forest Protection District Boundary occur within the Prineville Unit, specifically in Deschutes County. See draft OAR language in Attachment 2.

A 2021 Central Oregon District review of the protection boundary description in OAR 629-041-0515 identified errors in the existing rule. The intent of the proposed rule change is to correct these administrative errors within the boundary description so that rule language aligns with the boundary on the landscape. Current language within OAR 629-041-0515(2) includes two errors in the legal description which creates overlap and gaps within the boundary and results in an unmappable boundary.

The proposed corrections to the boundary follow what is currently used in spatial data for the department. This boundary is used on current Central Oregon District Protection Maps, wildfire dispatch maps, and interactive maps used in various projects/processes. There are no privately owned forestlands impacted by this proposed rule change. The boundary corrections are both located in remote areas on federal jurisdiction in southern Deschutes County. There will be no change to existing forestland classification or forest patrol assessments.

The Central Oregon District proposes to change the language in OAR 629-041-0515(2) using public land survey descriptions to identify the District Protection Boundary to clarify responsibility for wildfire response for ODF and cooperative firefighting agencies. The proposed rule change does not result in creating unprotected lands.

The Board, on April 27th, 2022, authorized a public hearing on the boundary amendment. A virtual public hearing took place on June 15th, 2022, and written comments were allowed until July 31st, 2022. Two individuals were present for the public hearing, but no oral comments were submitted. There were no written comments submitted.

RECOMMENDATION

The Department recommends that the Board authorizes the department to amend OAR 629-041-0515, the boundary description of the Central Oregon Forest Protection District Boundary.

NEXT STEPS

The Department will file an official final rule with the Oregon Secretary of State.
