

Planning Assistance and Categorical Exclusion (PACE) Project Funding Decisions

Review team score (20 point max.)	National Forest or BLM District	Project Title / Name	Submitted By (Name & Title)	FFR Funds Awarded	Brief Description	Rationale for Selection	Administrative Structure
19	Rogue- Siskiyou NF	Snowy Butte Project	Dave Palmer, District Ranger	\$ 100,000	2,000 acres of heritage surveys	Project demonstrates increased scale and additionality by surveying 2000 acres that would not be included in analysis without additional funds. Demonstrates match, multiple partners working collaboratively.	ODF Procurement
18	Wallowa-Whitman NF	Morgan Nesbit Resiliency Project	Jim Brammer, NR Staff Officer	\$ 90,000	6,000 acres of botany surveys	Project has the potential to support future GNA projects (commercial and non-commercial). Landscape scale, high complexity.	Collection Agreement
17	Deschutes NF	Garrison Vegetation Planning Area Project	Caleb Hennekey, Sisters District Archaeologist	\$ 32,500	1,300 acres of heritage surveys for fuels reduction/forest health treatments (includes Rx fire)	Project is within CWPP and addresses community wildfire risk concerns. Collaborative involvement, Decision as early as 2022.	ODF Procurement
16	Deschutes NF	Fall River Estates Fuels Reduction Project	Jillian Gantt, Bend-Fort Rock District Archaeologist	\$ 14,150	500 acres of heritage surveys for a fuels reduction and forest health project	Project is within a mixed land ownership landscape and near the WUI.	ODF Procurement
16	Malheur NF	Cultural Resource Inventory and CE Support for Austin ODOT compound and Austin House Fire Hazard Reduction	Teri Corning-Sevey, Jeremy Loud, Roy Walker, and Colleen Malaney	\$ 26,600	Heritage surveys and Contract CE for 100 acres around an ODOT compound and restaurant	Accelerates the planning of a high priority portion of larger planning area.	ODF Procurement
15	Ochoco NF	Heritage support for Fuels and Veg treatment	Kevin Keown, NR Staff Officer	\$ 80,675	3,227 acres of heritage Surveys across three different planning	Includes steep slope pilot study (75 ac) that has broader impact than one planning area.	Collection Agreement
15	Deschutes NF	Managed Stands Vegetation Management Project	Emily Pritchard, Crescent District Archaeologist	\$ 65,000	2,600 acres of heritage surveys in 30,000 acre project area for forest health, rare plant	Contributes to landscape scale forest resilience treatments and is Forest's top priority for heritage surveys.	ODF Procurement
14	Malheur NF	Heritage Surveys for the Boundary Project	Alyson Kral, Emigrant Creek District Archaeologist	\$ 165,000	3000 acres of heritage surveys	Scaled down from \$194,000. Landscape scale, Decision as soon as 2023.	ODF Procurement
14	Willamette NF	Detroit Ranger District Cultural Resource Surveys to Accelerate Post-fire Restoration	Jamie Sheahan Alonso, Detroit District Hydrologist	\$ 48,970	250 acres of heritage surveys for fish passage, floodplain restoration, and soil restoration	Project includes multiple resource restoration objectives beyond vegetation management.	ODF Procurement
				\$ 622,895			
14	Deschutes NF	Managed Stands Vegetation Management Project	Christina Veverka, Crescent District Botanist	\$ -	3,000 acres of botany surveys in 30,000 acre project area for forest health, rare plant	Very important project. Review team determined it was not as high of a priority as the DNF Managed Stands heritage surveys.	Collection Agreement
13	Mt. Hood NF	Gate I&D CE	Whitney Olsker, West Zone Silviculturalist	\$ -	Contract CE, minimum scaleable amount of \$50,000	Proposal lacked detail, but with additional follow up could be a good candidate if additional funding becomes available. ODF contracted CEs clearly show additionality.	ODF Procurement

13	Willamette NF	Resource Surveys to Accelerate Aquatic Restoration and Implementation Efficiency	Olivia Guthrie, Middle Fork District Fisheries Biologist	\$ -	Multiple resource surveys for fish passage, floodplain restoration, and 300 acres of riparian thinning projects	Good proposal and project, but it did not rank as high as other Willamette NF project that does similar things.	ODF Procurement
13	Umatilla NF	Tiger-Mill Healthy Forests Restoration Act	Unknown	\$ -	Lidar, steam surveys, and heritage surveys	Proposal was well done. Review team did not think it was as high a priority as other projects.	Collection Agreement
12	Mt. Hood NF	Common Stand Exam Survey for Future Fuels Reduction EA projects	Whitney Olsker, West Zone Silviculturalist	\$ -	31,000 acres of stand exams. Minimum scaleable amount of \$27,000	Review team thought it was a worthy proposal but it did not articulate collaborative engagement or match. Too long of a time horizon to implementation.	Collection Agreement
12	Mt. Hood NF	NSO Surveys on South Fivemile planning area	Whitney Olsker, West Zone Silviculturalist	\$ -	1,000 acres wildlife (NSO) surveys, minimum scaleable amount of \$20,000	Review team thought the proposal was sound but lacked detail and did not articulate expedited outcomes or additionality as well as other proposals.	Collection Agreement
10	Ochoco NF	Ochoco North Slope Data Collection	Kevin Keown, NR Staff Officer	\$ -	Stand exams, \$20,000 minimum	Worthwhile project but did not demonstrate match or involve collaboration. Planning will not start until 2023.	Collection Agreement
10	Willamette NF	Soil Surveys for vegetation management NEPA	Brett Blundon, Aquatics Program Manager	\$ -	9,000 acres of soil surveys for vegetation management	Review team believed this was important work but proposal did not rise to the same level as other projects.	Collection Agreement
4	Umatilla NF	Kahler EIS/ Ellis EIS Sale Prep	Gavin Smith, Timber Program Manager	\$ -	Sale layout	Worthwhile project that is best suited for ODF Crew funds, follow up with NEO FFR Coordinator. PACE project funds are geared towards NEPA planning.	Collection Agreement
			Total Unmet Need	\$ 433,585
