

AASHTOWare Project

Presented by:
Vanessa Baker, Sue Herring, Lynda Nelmes,
and Donna Ferry

odoteconstruction@odot.oregon.gov

AWPAdmin@odot.oregon.gov

What does this mean to our Construction Crews?

- AWP will be implemented for **new projects only** (no historical data)
- Spec changes and special provisions 170.09
- Work will happen in AWP and Doc Express
- Contractor/Subcontractors/Technicians will be adding data to AWP
- ODOT manages Access, Roles, and Permissions

What's the impact?

Accessibility

- Able to access the site using a PC, Laptop, iPad, and cell phone.

Mobile Tools

- Allows data entry out on the site offline.
- Works with Android, Apple, or Windows devices.
- Can work offline

Standardization

- Allows the field and office to work with the same set of information in a collaborative environment.
- Contract is electronically managed in a standardized format.

Notifications

- Ready for their review, ready for their approval or approval status.

Electronic signature within the system

- No digital signatures required.

How will I know?

- User Guides and Directories provided.

What's Going Away, What's Staying, and What's Changing?

What's Going Away?

- **CPS** — Replaced by AWP. It will continue to manage projects that are only in Doc Express until those projects have completed.
- **Pay Notes** — No longer needed to generate an estimate. Estimates will be based on DWRs.
- **Subcontract form 1964** — Primes will enter subcontract information directly into AWP.
- **PSRs and MEUR** — Data comes in with certified payrolls.
- **Digital Signatures** — When you sign into AASHTOWare, this will be enough to identify you. There will no longer be a Digital Signature required for CCOs.

What Stays the Same?

- Drilled Shaft Forms
- Traffic Control Inspection Reports
- ADA Forms
- ATAR, TPAR, and MPR
- Work Plan 3A
- Blue and Green Sheets
- Flagger and Pilot Car Receipts
- Weigh Memos
- And More

*“Ch-ch-ch-
ch-changes...”*

What’s Changing?

- **How estimates are generated** – Based off the DWRs. Important to have complete daily work reports, reviewed and approved regularly.
- **Prompt payment** – Subcontractors will go into AWP and document payment made to them.
- **Certified Payrolls** – Subcontractor will submit their own payrolls into AWP. Primes will review in AWP then ODOT will review.
- **CCOs** – Will be generated, reviewed and signed within AASHTOWare.
- **AASHTOWare Directory (AWD)** – Like current DEDD List but will cover AWP too.

AASHTOWare Project

Where we are today...

APRIL

Super User, Ambassador, and Ace Is this you?

Characteristics for a Super User:

- ❖ Confident early adopter/enthusiastic about the system (not necessarily IT experts)
- ❖ Open-minded and ready for change
- ❖ Responsible and willing to lose face (never faith)
- ❖ Positive social capital
- ❖ Patient with others, eager to learn
- ❖ Thrives teaching teammates new things
- ❖ Act as change agent

What's the Training Plan?

Schedule for just-in-time training

Trained by Role

Each role will have required and recommended classes.

Sign up in Workday

New language: QRG and CBT

QRG = Quick Reference Guide

CBT= Computer Based Training

10 | Contract Payments

Additional Quick Reference Guides and Computer Based Training files are available from ODOT.

Roles:

OCR – Contract Review

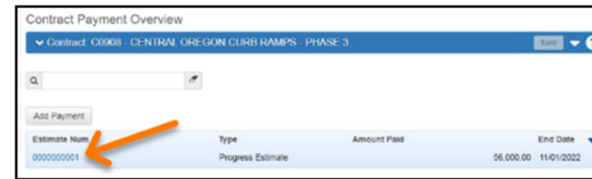

CAS - Payrolls

Background:

- This QRG covers the tracking of contract payments from the agency to prime contractors. Contract payments are required to be recorded prior to subcontract payments being recorded.

Viewing or Editing a Contract Payment:

1. From the **Civil Rights & Labor** component in the home screen, click the **Contracts** link.
2. Search for and select a contract.
3. Click the **Contract Payments** quick link at the top of the screen.
4. Click the **Estimate Number** link to view that estimate.
5. Make any changes to the estimate data, as necessary.
6. Click the **Save** button if you made any changes.

Estimate Num	Type	Amount Paid	End Date
000000001	Progress Estimate	06,000.00	11/01/2022

Computer Based Training

- Instructor lead (virtual or in person)
- Taped training in case you missed

The screenshot shows a web-based training interface. On the left is a dark sidebar menu with the following sections: 'Introduction' (containing 'Compliance' with a checkmark, 'Copyright', 'Before You Begin', and 'Background'), 'Entering Labor Compliance Data' (containing 'Entering Labor Compliance Data', 'Compliance link', 'Add', 'Compliance Type', 'Vendor', 'Contractor ID', 'General Date Reviewed', 'General Review By', 'Reviewed By', 'Save', and 'Success!'), and 'Entering CUF Data'. The main content area has a dark background with a road winding through a forest. The word 'Compliance' is written in large, bold, teal letters. Below it, the text reads 'AASHTOWare Project Civil Rights & Labor™' and 'Oregon Department of Transportation'. A prominent orange button with the text 'START COURSE' and a right-pointing arrow is centered. In the bottom right corner, there is a logo for the Oregon Department of Transportation and navigation controls for 'PREV' and 'NEXT'. The top of the interface includes a 'MENU GLOSSARY NOTES' header on the left, a 'Compliance' breadcrumb on the left, and a 'RESOURCES' link on the right.

PREV NEXT

What's in it for me? WIIFM

Reduced number of forms needed for OCR compliance
(less paperwork, yay!)

Contractor Payments are documented and verified in a neutral site

The QPL will become a live document, with products/systems list
when approved.

Expedited review time on Mixed Designs

More transparency with designs that are in the system

Take-Aways from Today

- Are you a Super User?
- CAU Workshop coming.... What do you want to see?
