Notice of eBIDS Roadway Digital Design Data

Subject:

Bids to be opened and read

ODOT design staff and/or Consultant partners have prepared an “eBIDS Handoff Package” that contains roadway digital design data. The digital data includes alignment data and three-dimensional surfaces provided in LandXML format, as described in the attached eBIDS Handoff Checklist and Computer File Index.

The “eBIDS Handoff Package” roadway digital design data provided on the eBIDS reference documents site is for bidding purposes only. As with all documents on the eBIDS reference documents site, use of this data for any other purpose is at the Bidder's own risk.

In addition to the “eBIDS Handoff Package”, a “Construction Survey Handoff Package” may be provided to the awarded Contractor at the pre-survey meeting. Additional information regarding the content of the Construction Survey Handoff Package is provided in [Appendix M](#) of ODOT's Highway Design Manual. The roadway digital design data provided to the awarded Contractor may be used to aid in the use of automated machine control equipment, such as GPS grade control, for earthwork construction. Three dimensional representations of physical project component “solids” (pipes, footings, structures, poles, etc.) will not be provided.
