SPECIAL TRANSPORTATION PERMIT ATTACHMENT SL (REVISED 03-2024)

Any load exceeding one or more of the following dimensions is considered a Superload:

- Over 16 feet wide on any Interstate highway or other multilane highway.
- Over 14 feet wide on any state two-lane highway.
 - This does not include mobile / modular units with a 14 foot box or less and up to a 12 inch eave.
- Over 17 feet high on any highway.
- Mobile / modular unit with a box width over 14 feet wide and/or overall width greater than 15 feet.
- Overall length greater than 150 feet.

Drivers of superloads are subject to the following requirements:

- Must have a minimum of three years of experience driving commercial vehicle combinations; one of these years must be driving/hauling oversize loads.
- Must not have a conviction of more than one moving violation while operating commercial motor vehicles in any state, country or province within the last one year.
- Must not have more than one preventable, recordable accident involving a commercial motor vehicle in any state, country or province within the last two years.
- Must not have a suspension or revocation of driving privileges from operation of a commercial motor vehicle in any state, country or province during the past three years.
- Must not have conviction of DUII while operating a commercial motor vehicle in any state, country or province within the last five years.

Loads wider than 14 feet on US730 between MP 197.77 (east of OR37) and 203.28 (Washington border):

- District approval required. Full traffic control plan in accordance with the Oregon Temporary Traffic Control Handbook must be submitted and approved by District staff, prior to permit issuance. This does not apply to mobile/modular units, provided the base width does not exceed 14 feet.

If the permit includes Attachment 75A as a required attachment, the following applies:

- Vehicles must travel in the right lane unless obstructions, merging traffic, or permit requirements dictate otherwise. Vehicles may not pass other oversize loads.
