

Oregon

Tina Kotek, Governor

Oregon Transportation Commission

Office of the Director, MS 11

355 Capitol St NE

Salem, OR 97301-3871

DATE: February 27, 2023

TO: Oregon Transportation Commission

FROM: Kristopher W. Strickler
Director

SUBJECT: **Agenda Item F** -- Approve Release of the Draft 2024-2027 Statewide Transportation Improvement Program (STIP) for Public Review and Comment

Requested Action:

Request approval to release the 2024-2027 Statewide Transportation Improvement Program (STIP) to the public for review and comment: approve the list of projects to advance to begin delivery.

Background:

The *Draft 2024-2027 STIP* [Attachment 1] is the Department's short-term capital improvement program required by federal regulations that outlines project funding and scheduling information for the Department and the state's metropolitan planning organizations.

In January of 2021, the OTC (Oregon Transportation Commission) approved the [funding allocation for the Draft 2024-2027 STIP](#). The Commission allocated additional federal funds from the Infrastructure Investment and Jobs Act in March 2022. The draft STIP now includes nearly \$3 billion in Federal Highway Administration and State Highway Fund resources that the Commission helps allocate, as well as Federal Transit Administration funds that flow to transit agencies.

The 2024-2027 STIP includes:

- A major investment in repairing and replacing deteriorating bridges.
- A significant increase for public and active transportation to help people get around without a car.
- Increased funding for projects that improve safety on state highways and local roads.
- More money for local governments to invest in their priorities.
- A major investment in ADA curb ramps to help people with disabilities.

Allocation of these funds allowed ODOT to undertake project selection for these investment areas.

During this time period, ODOT has worked with the various regional ACTs and stakeholders to seek comments and input into the projects selected.

In addition to the approval for the Draft STIP to go to public comment, the agency is requesting to advance specific phases from projects selected for the 2024-2027 STIP to begin work. The projects and

phases are listed in [Attachment 2]. This request will allow projects to begin work and allow construction to be delivered earlier.

Executive Order 20-04 directed ODOT to develop and apply a process for evaluating the GHG emissions implications of transportation projects as part of its regular capital planning and STIP.

Next Steps:

With OTC approval, the *Draft 2024-2027 STIP* will be released for formal public review. The public review timeline is March 9 to April 30, 2023. During that time, the Department will seek and review comments from the public and other stakeholders. After the public comment period, a number of technical steps must be completed before the preparation of the Final 2024-2027 STIP.

In July of 2023, ODOT will return for OTC approval to release the Final 2024-2027 STIP for federal approval from Federal Highway Administration (FHWA) and Federal Transit Agency (FTA). At this meeting the Commission will also receive a summary of the public comments.

Final approval from FHWA and FTA is expected in September 2023.

Attachments:

- Attachment 01 - Draft 2024-2027 STIP
- Attachment 02 - List of Project Phases Advancing
