In Coordination with The District Office

Supporting the master plan and preservation of the Historic Highway while maintaining a safe and reliable multimodal transportation system.

Objectives and Role of Maintenance

Mosier

The Dalles

Installation Of Historic Mile Markers

Completed August 16th

Historic Marker Mold

- First the correct mile number is attached to the inside of the mold before being bolted shut.
- After a solid chunk of rebar is placed in the middle for support the cast is filled with cement and hung upside down to cure.
