

HB 4052 Digest

September 2023

Mobile Health Unit Pilot Program Update

In August 2023, Program Staff met with each Grantee to support Program onboarding. Program start dates vary across each Grantee, with timelines ranging from 12 to 18 months of service delivery from start date. Below is the anticipated full-Service Delivery start date for each Grantee’s Program:

- **Central City Concern** - September 5, 2023
- **The Confederated Tribes of Grand Ronde** - October 1, 2023
- **Raíces de Bienestar** - January 2024

Program Staff will provide ongoing updates as each Grantee’s program is underway.

Grantees, Program Staff, and Rede Group have met collectively for introductions and to develop a path forward for the creation of a Mobile Health Pilot Program Evaluation Plan.

Mobile Health Advisory Committee

In August 2023, Mobile Health Advisory Committee Members were invited to meet with Program Staff to discuss member experience and share feedback to improve committee work and processes. Member feedback helps to identify successes and gaps in performance to continue to foster an engaging and collaborative environment.

Program Staff anticipate the work of the MHAC to continue, and plan to conduct member recruitment to create a fully staffed committee. Members are encouraged to reach out to Program Staff for any questions or schedule time to meet. To do so, email Joan-Stephanie.T.Lofamia@oha.oregon.gov.

Administrative Update

Program Staff currently await the full details of the approved agency budget to determine the total amount and availability of additional Mobile Health Unit Pilot Program funding.
