Oregon Opioid Settlement

Approximately \$325 million is coming to Oregon in multiple payments through July 2038 from Janssen & Distributor Settlements. Future opioid settlements are pending, including Purdue Pharma. Allocations are limited to prevention, treatment, and recovery strategies outlined in the settlement.

55% → **Subdivision Fund: Distributed directly by the national settlement administrator to cities and counties** with population ≥ 10,000 based on percentages established in the settlement. Allocation decisions about these funds are made locally.

45% → **State of Oregon Opioid Settlement Prevention, Treatment & Recovery Fund:** Allocation decisions will be made by an 18-person Board, for:

- 1) Statewide and regional prevention, treatment, and recovery strategies (see reverse)
- 2) Development of a data system to track availability & efficacy of substance use prevention, treatment and recovery services in Oregon
- 3) Fund administration (capped at 5%)

Approximately \$503 million is going directly to Tribes and tribal health organizations from Janssen & Distributor Settlements.
