Revised 7/15/2022

Question: What are the fees for accreditation?

Answer: The fees for accreditation can be found in our administrative rules, at OAR 333-064-0060. A laboratory seeking primary accreditation must pay an application fee every year and an assessment fee every other year. Laboratories seeking secondary (i.e., reciprocal) accreditation must pay only the application fee. Out-of-state laboratories must also pay all travel expenses associated with performing assessments.
