

Oregon Parks and Recreation Commission

September 20th, 2023

Agenda Item:	9 a (ii,iii)	Informational
Public Comment Allowed:	Yes	
Topic:	Actions taken under Delegated Authority from May 23 rd , 2023 through August 21 st , 2023.	
Presented by:	Chris Parkins, Central Operations Resource Manager	

Pursuant to a duly adopted delegation order, and acting in accordance therewith, the Director, or her designee, has approved the following actions on behalf of the Oregon State Parks & Recreation Commission:

SCENIC WATERWAYS NOTIFICATION

On May 24, 2023, Notification of Intent 2B-1108-23 was approved to allow a two-story addition to an existing single-family residence, as well as a new deck and an expansion of the existing attached garage at 53538 Wildriver Way, La Pine, in the River Community Area of the Upper Deschutes State Scenic Waterway. This NOI was approved because the proposed work is outside of 100' setback, below the height limit, finished in materials and colors that blend in with surrounding environment, and maintains existing vegetation screening on site. The proposal complies with all relevant Upper Deschutes River Community Area rules.

On June 9, 2023, Notification of Intent 2B-1109-23 was approved to allow the construction of a new single-family residence at 56934 River Road, Sunriver, in the Recreational River Area of the Upper Deschutes State Scenic Waterway. This NOI was approved because the proposed work is outside of 100' setback, below the height limit, finished in materials and colors that blend in with surrounding environment, and maintains existing vegetation screening on site. The proposal complies with all relevant Upper Deschutes River Community Area rules.

On June 12, 2023, Notification of Intent 9-427-23 was approved to allow the Barton Natural Area Restoration Project to conduct stream enhancement on the Clackamas State Scenic Waterway. The project is located at Township 2S – Range 3E – Section 22 – Tax Lot: 23E22 00100. Project goals are to place large wood debris instream, place large wood debris in riparian and floodplain areas, excavate an off-channel alcove, and remove legacy gravel mining debris including cables, asphalt, pipes, and concrete. End results will be improved habitat for salmonid species and the removal of human infrastructure. The project was approved because it complies with all relevant Clackamas Scenic Waterway rules, and enhances the scenic values of the river in this section.

On June 15, 2023, Notification of Intent 9-426-23 was approved for the South Fork Clackamas River Restoration Project. Projects location is Township 4S – Range 5E – Section 29, and Tax Lot 45E 04100. Project goals are to incorporate large wood into the South Fork Clackamas River, where large wood retention was lost due to wildfire. End results will be increased and restored habitat for juvenile Salmonid species. The project was approved because it complies with all relevant Upper Clackamas Scenic Waterway rules, and enhances the scenic values of the river in this section.

On June 29, 2023, Notification of Intent 2A-292-23 was approved to allow a second-story addition to an existing attached garage on a single-family residence at 4655 SW Loma Linda Drive, Redmond, in the Scenic River Area of the Middle Deschutes State Scenic Waterway. This proposal was approved because the work will be outside of the 100' setback, below the height limit, and finished in materials and colors that blend in with the natural surroundings. The addition will be partially or fully screened from view from the river by topography and vegetation, and no vegetation will be removed. The addition is also no more visible than the existing home. This project complies with all relevant Middle Deschutes Scenic River Area rules.

On June 29, 2023, Notification of Intent 2B-1110-23 was approved to allow the construction of a new single-family residence at 60889 River Rim Drive, Bend, in the River Community Area of the Upper Deschutes State Scenic Waterway. This NOI was approved because the proposed work is outside of 100' setback, below the height limit, finished in materials and colors that blend in with surrounding environment, and maintains existing vegetation screening on site. The proposal complies with all relevant Upper Deschutes River Community Area rules.

On July 25, 2023, Notification of Intent 15-2B-23 was approved to allow the replacement of a water pipe for the existing single-family residence as mandated by the United States Forest Service. This proposal was approved because the water pipe replacement will be entirely concealed from the view of river users, there are no structures associated with the pipe replacement, and any vegetation removed in the course of the project will be replaced in-kind at the completion of the new pipe installation. This project conforms to all applicable Metolius River Scenic Waterway rules.

On August 4th, 2023, Notification of Intent NOI #17-83-23 was approved to allow the construction of a single family residence in the Frontier Village Community Area of the North Umpqua State Scenic Waterway. The project was approved because it complies with all relevant North Umpqua Scenic Waterway Scenic River Area rules, will be constructed with materials and colors that blend into the natural surroundings, and is mostly screened from the main river channel by topography.

On August 14th, 2023, Notification of Intent NOI #17-84-23 was approved to allow the construction of a single family residence, cabin, pole barn and pump house in the Frontier Village Community Area of the North Umpqua State Scenic Waterway. The project was approved because it complies with all relevant North Umpqua Scenic Waterway Scenic River Area rules, will be constructed with materials and colors that blend into the natural surroundings, and is mostly screened from the main river channel by topography and existing vegetation.

On June 7, 2023, Notification of Intent NOI 07-749-23 was approved to allow the landowner to decommission and rebuild a cabin on Silver Creek Road, Gold Beach, in the Lower Rogue River State Scenic Waterway. This NOI was approved because the proposed cabin will be constructed in compliance with the Lower Rogue Recreational River Area rules, including the finished height

of the structure, materials and colors that blend in with the surrounding environment, and the maintenance of existing vegetation screening on site.

On June 7, 2023, Notification of Intent NOI 07-750-23 was approved to allow the landowner to build a cabin on Tax Lot 1002, T35 R13 S32 in the Lower Rogue River State Scenic Waterway near the town of Agness. This NOI was approved because the proposed cabin will be constructed in compliance with the Lower Rogue Recreational River Area rules, including the finished height of the structure, materials and colors that blend in with the surrounding environment, and the maintenance of existing vegetation screening on site.

OCEAN SHORES ALTERATION DECISIONS

On May 31, 2023 nine permits (3021-22, 3022-22, 3023-22, 3024-22, 3025-22, 3026-22, 3027-22, 3028-22, 3040-22) were issued to construct 660 feet of new riprap revetment on nine contiguous properties along the ocean shore adjacent for 297 through 311 Salishan Drive in the Salishan development.

On July 6, 2023 permit 3044-23 was issued to Tillamook County for improvements to the existing Cape Kiwanda parking lot in Pacific City. Improvements include additional asphalt, concrete sidewalk and pedestrian access with benches, and stormwater overflow outfall.
