CONTESTED CASE HEARINGS

A.1. BOWEN MOTION TO CORRECT APPELLATE RECORD

Director Paul Cleary presented member Marilyn Bowen's motion to correct the judicial review record to omit certain documents that were mistakenly included in the record when filed with the Court of Appeals.

It was moved by Brenda Rocklin and seconded by Tom Grimsley to adopt the draft order to correct and amend the judicial review record. The motion passed unanimously.

ADMINISTRATION

B.1. BOARD MEETING MINUTES OF JULY 20, 2007

The Board unanimously approved the minutes of the July 20, 2007 Board meeting.

B.2. DIRECTOR'S REPORT

Director Cleary presented the Forward-Looking Calendar and confirmed that the 2006 Valuation will be presented at the October 19 meeting. Cleary said that the November 16 meeting will include various rule adoptions and there will be an audit committee meeting following the regular meeting. Cleary provided information about a new series of employer outreach presentations that will cover 2007 legislative changes, changes in electronic reporting, and a review of new eligibility rules. Cleary said the October Board meeting will include a report on the results of recent member and retiree and employer customer satisfaction surveys. Cleary reported that the 2005 – 07 budget still shows a positive variance of \$390,854. Cleary said that the 2007 – 09 budget shows a negative variance because staff salary Cost of Living Adjustments (COLA's) had yet to be added to the agency's budget limitation. Cleary distributed several information items,

including a 2007 replacement ratio study, Mercer's 2007 purchasing power study, and two maps showing the geographic distribution of retirees and benefit payments of \$2.6 billion annually within Oregon and the 50 states. Cleary introduced Oregon Investment Council (OIC) Chief Investment Officer Ron Schmitz, who reported on investment performance and market conditions. Schmitz provided a risk-reward analysis of the recently revised OIC asset allocation and reviewed the returns as of August 31, 2007. Schmitz reported that the total regular account year-to-date return, at 6.6%, was short of the 7.4% policy benchmark. Schmitz said that while the recent equity market has been volatile, the numbers are still strong and the OIC's revised asset allocation would gradually decrease domestic equity exposure while increasing international and private equity and real estate exposure.

CONSENT ACTION AND INFORMATION ITEMS

ACTION AND DISCUSSION ITEMS

D.1. 2007 LEGISLATION IMPLEMENTATION

Susan Riswick, Manager of the Policy, Planning and Legislative Analysis Division, presented the agency's 2007 Legislation Implementation Plan. Riswick said the enterprise-wide project is focused on 18 PERS-related bills and an additional 17 more general bills that impact agency operations. Riswick provided a chart with a description of each bill and an outline of the agency's role and implementation responsibilities. Riswick said that all new legislation implementation will be centrally coordinated with full agency involvement and completed in a timely manner. Riswick said that each bill had been assigned to a specific lead division but would be implemented throughout the agency.

Chair Pittman commended staff on the organization and project management approach taken to implement the legislative changes.

D.2. 2008 – 09 LEGISLATIVE PROCESS

Chair Pittman reviewed the Board's fiduciary obligations and the challenges for the Board, the Legislative Advisory Committee, (LAC) and stakeholders in reviewing the numerous legislative bills during the 2007 session.

Deputy Director Steve Delaney reviewed the agency approach to past and current legislative sessions, the development of the LAC and the Board's involvement in legislative decisions.

Hasina Squires spoke on behalf of the Special Districts Association, Association of Oregon Counties School Board Association and League of Oregon Cities. Squires thanked the Board for the utilization of the LAC and said that the committee provided an opportunity to communicate with Associate members and stakeholders in a more organized manner. BethAnne Darby, representing the Oregon Education Association and the PERS Coalition, supported Squires' comments. Darby said the LAC provided a structured process for interested parties, employees, and employers to better understand PERS issues and identify common interests.

PERS Board meeting

9/21/2007

Page 4 of 4

The Board members discussed the challenges of working effectively within the legislative review process particularly during the end of session when bills and bill amendments move rapidly raising the risk of incomplete analysis and unintended consequences. The Board confirmed it's desire for managing the system for long-term sustainability. The Board also confirmed it's desire to manage PERS system changes in a transparent manner that was comprehensible for all stakeholders. The Board asked staff to further discuss these concerns with the LAC and look for ways to improve the legislative review and analysis process for the benefit of all involved.

EXECUTIVE SESSION

No executive session was held.

There being no further business, Chair Pittman adjourned the meeting at 2:45 P.M.

Respectfully submitted,

SUBJECT: Employer Reporting and Outreach Program

MEETING	10-19-07
DATE	
AGENDA	
ITEM	B.2.c. HB2020 Update

PERS is working with 875 employer-reporting units to process outstanding 2006 and 2007 employer reports. In addition, PERS implemented an accounts receivable process and revised its Employer Outreach Program in late 2006.

EMPLOYER REPORTING

The table below shows the status as of September 28, 2007 of employer reports and member records for calendar years 2006 and 2007.

	Calendar Year 2006	Calendar Year 2007
Reports due:		
▪ Number expected	12,884	8,934
▪ Number received	12,814	8,794
▪ Percent received	99.4%	98.4%
▪ Key Performance Measure	99.0%	N/A
Reports fully posted at 100%:		
▪ Number	12,449	7,706
▪ Percent fully posted at 100%	96.6%	86.2%
▪ Key Performance Measure	95.0%	95.0%
Records due (estimated)	3,142,173	2,331,503
Records not posted:		
▪ Number	2,441	40,818
▪ Percent not posted	≤ .1%	1.7%
▪ Key Performance Measure	≤ .2%	≤ .2%
Contributions posted	\$ 426,949,929	\$313,720,481
Contributions not posted	\$36,272	\$1,136,801

As of September 28, 2007, employers submitted 99.4 % of the reports due for 2006. Of the reports submitted, less than 0.1% of records remain suspended (representing less than 0.01% of total contributions anticipated for 2006). For 2007, employers have submitted approximately 98% of the reports due. Of those reports submitted, approximately 86% are 100% posted. We are pleased to announce that the year-over-year performance is slightly better than last year's, and that we are well on the way to meeting our 2007 targets.

EMPLOYER OUTREACH PROGRAM

Since the inception of the Employer Outreach Program, PERS has seen a significant improvement in the employers' timely and complete submission of payroll reports and records. However, the accuracy of the reported data needs to be improved. To improve data quality and accuracy, PERS escalated its outreach efforts by scheduling aggressive statewide data quality training sessions in November 2006. The sessions covered subject-specific training and focused on data quality reporting issues. A total of 19 presentation sessions were completed during the last quarter 2006. Approximately 400 employer staff attended these sessions, representing more than 250 employers.

For 2007 we are continuing to tackle the data quality issues, as well as work to simplify and educate employers on the new legislative changes and the difficult reporting areas such as plan eligibility. During the spring, PERS conducted 32 employer education sessions to present a new and simplified approach to eligibility. Over 550 attendees (representing 330 employers) met at 19 locations throughout the state. Feedback on the sessions was very positive: 90% of attendees indicated their questions were answered; and 94% of the attendees said they would attend future educational sessions.

Because of the positive feedback from the spring 2007 outreach sessions, we designed a fall series of presentations which kicked-off on September 7, 2007. A total of 33 sessions will be conducted in 19 locations throughout the state. The fall 2007 sessions cover the effects of 2007 legislation on employers, miscellaneous EDX reporting issues, and a review of new eligibility rules. More feedback from the fall sessions will be included in our next report.

Finally, in August we conducted the annual employer customer satisfaction survey. The survey results will be presented at the October 2007 Board meeting.

ACCOUNTS RECEIVABLE PLAN

Besides assisting employers with overdue reports and electronic payments, PERS' accounts receivable department proactively collects receivable balances that are more than 30 days overdue. As of September 28, 2007, we had 151 outstanding invoices (41 employers) with an aggregate balance of less than \$570,141. Our goal is to collect all outstanding invoices that exceed 30 days by following up with these employers by phone and letters each month.

October 19, 2007

TO: Members of the PERS Board
FROM: Kyle J. Knoll, Budget and Fiscal Operations Manager
SUBJECT: September 2007 Budget Report

MEETING DATE	10/19/07
AGENDA ITEM	B.2.d. Budget

2005-07 BUDGET UPDATE

The Agency has expended a total of \$74,336,308, or 99.09% of our 2005-07 operating budget. The positive budget variance is currently projected at \$615,120. A final 2005-07 Budget Report will be submitted to the Board in January 2008.

2007-09 BUDGET UPDATE

Operating expenditures for the month of September 2007 totaled \$2,819,808. Through the first three months (12.5%) of the biennium, the Agency has expended a total of \$8,033,859, or 9.89% of our 2007-09 operating budget. The negative budget variance for the biennium is currently projected at \$1,276,872.

The primary reasons for this negative variance are the 2007-09 Cost of Living Adjustments (COLAs) under the 2007 – 2009 DAS and SEIU Collective Bargaining Agreement, as well as the 2007-09 Management Compensation Package, both of which are now included in our Personal Services projections.

- We anticipate DAS requesting funding from the legislature for represented employee and management COLAs. The projected costs of the 3% COLA effective July 1, 2007, and 3.2% COLA effective November 1, 2008 total \$1,772,653.
- And as with other state agencies, PERS is expected to cover the costs of the remainder of the Management Compensation Package (i.e., additional 3%, and two new salary steps) in our operating budget. The projected costs of the Management Compensation Package are \$475,813.
- The net gain to Personal Services, based on these projections, will be \$1,296,840. And if the projections hold true, that would leave us with a current positive variance of \$19,968.

SUBJECT: 2007 Customer Service Survey Results

MEETING	10/19/07
DATE	
AGENDA	B.2.e.
ITEM	Cust. Survey

PERS conducted customer satisfaction surveys for members (including retirees) and employers in August 2007. This was the second year of our survey program.

The 2005 Legislature adopted common customer service performance measures and survey questions for all agencies in all branches of state government. The measures require agencies to survey customers and report results in their budget presentations.

The 2007 surveys we conducted provide the baseline for future improvement and show improvement from 2006.

We will conduct yearly surveys that measure and trend improvement in our customer service.

MEMBER CUSTOMER SATISFACTION SURVEY

BACKGROUND

PERS posted a customer service survey on its website during August 2007. We also placed a hard copy of the survey in the August 1 retiree newsletter, *Perspectives*, that retirees could complete and mail to PERS. In total, we received 2,510 responses, a number of which included individual comments.

We identified three key issues from the comments received as outlined below. We also describe our strategies to address the issues and the methodologies used in the survey.

The following graphs and charts display the survey results and provide a comparison of 2007 responses to 2006 responses. Staff were pleased to note that customer satisfaction (measured as the percent of respondents rating a service factor as “excellent” or “good”) increased for all six service factors when comparing 2006 to 2007 results.

Percent of respondents rating “excellent” or “good” (the State’s Key Performance Measures do not include the “Don’t Know” responses; the numbers in the graph have been rebaselined to exclude those responses)

2006 vs. 2007 MEMBER RESULTS

KEY ISSUES (in order of number of responses)

1. The wait to speak with a PERS Customer Service agent is sometimes long.

Many respondents feel that the wait times to speak with a Customer Service Representative on the telephone are sometimes too long and they expressed frustration about being “on hold.”

Resolution

To address this issue, we have revamped the telephone messaging to direct callers to the PERS website for answers to programmatic questions (how old do I have to be to retire, what is the Individual Account Program, etc.).

We recently added staff to the Information Center to cut down on the wait to speak with a Customer Service Representative.

In periods when we can anticipate telephone calls (mailing of member annual statements, annual cost-of-living adjustments, etc.) we are drawing staff from other divisions to help with telephone volume using a prepared script regarding a particular issue.

2. The time to receive a response to an email or letter can sometimes be long.

Survey responses indicate frustration with the length of time it can take to receive an answer to an email or letter. PERS had established a 30-day service standard. However, based on the survey, that is too long.

Resolution

We recently revamped job duties and now have the Presentation Team answering correspondence (emails and letters) when not conducting presentations. As of September 10, 2007, we are answering most emails (unless it is a complex issue requiring research) within three working days. We have also caught up on the backlog of letters and are working to provide an answer to a letter within 10 working days (unless it is a complex issue requiring research).

3. It is sometimes difficult to get consistent, accurate answers to questions.

Members request information through phone calls, e-mail, letters, and by visiting a PERS office. In calendar year 2006, PERS received more than 180,000 member telephone calls and 32,000 member emails.

This was the number one issue in last year's survey. Although it was not the predominant issue this year, it continues to be an area needing improvement.

Survey comments indicate that regardless of the method members use to contact PERS, they sometimes cannot get satisfactory answers to their questions. The three most common complaints are:

- Members sometimes get inconsistent answers to questions from one staff member to another.
- Staff sometimes does not have answers to questions and doesn't get back with the correct answers as promised.
- Staff isn't knowledgeable in all aspects of the retirement plan.

Resolution

To address this issue, we are:

- Continuing to offer core staff training in features of the Tier One/Tier Two and 238A OPSRP programs;
- Increasing customer service training for all CSD staff, including training designed specifically for Information Center staff;
- Using the incoming telephone message to encourage callers to use the website and the A-Z topic listings.
- Distributing internal newsletters to keep staff abreast of changes in business rules, OARs, policy decisions, and Board actions; and
- Ensuring Information Center response scripting uses the same verbiage as publications and the A-Z directory to provide consistent answers.

METHODOLOGIES

To maximize member response, PERS created this survey online and posted it in a prominent spot on our home page. We also published the location of the survey in our member and retiree newsletters, inviting members and retirees to participate. The online survey ran throughout August 2007.

Further, we placed a hard copy of the survey in the newsletter that goes to retired members and they had several weeks to complete and mail the survey to PERS.

We used surveymonkey.com to create the survey, using the six key questions the state requires all state agencies to use for the Customer Satisfaction Performance Measure survey. We created two additional questions this year:

1. "How do you rate the PERS website?"
2. "How do your rate our service in the past year compared to our service in previous years?"

We also used surveymonkey's tools to analyze the survey responses.

The survey included a comments section. The comments have been summarized and addressed in the Key Issues section.

The survey report combines the online and hard copy responses, even though only retired members received hard copies.

Items of note:

1. The survey was posted on our website and while we asked if the respondent was a PERS member, anyone could take the survey.
2. Someone could respond more than once.
3. Only retired members received hard copies of the survey. When evaluating hard-copy responses only, it appears that those who retired before 2000 are more satisfied with PERS than active members or more recent retirees whose benefits have been affected by legislation and court decisions.

EMPLOYER CUSTOMER SATISFACTION SURVEY

BACKGROUND

PERS surveyed employers online throughout August 2007 for the second consecutive year. The 2007 results are discussed below.

2007 ONLINE SURVEY SUMMARY

PERS posted an online employer satisfaction survey throughout August 2007. Employers received an e-mail inviting them to take the survey; 227 responses were received, a number of which included individual comments.

We identified three key issues from the comments received as outlined below. We also describe our strategies to address the issues and the methodologies used in the survey.

The following graphs and charts display the survey results and provide a comparison of 2007 responses to 2006 responses. Staff were pleased to note that customer satisfaction (measured as the percent of respondents rating a service factor as "excellent" or "good") increased for all six service factors when comparing 2006 to 2007 results.

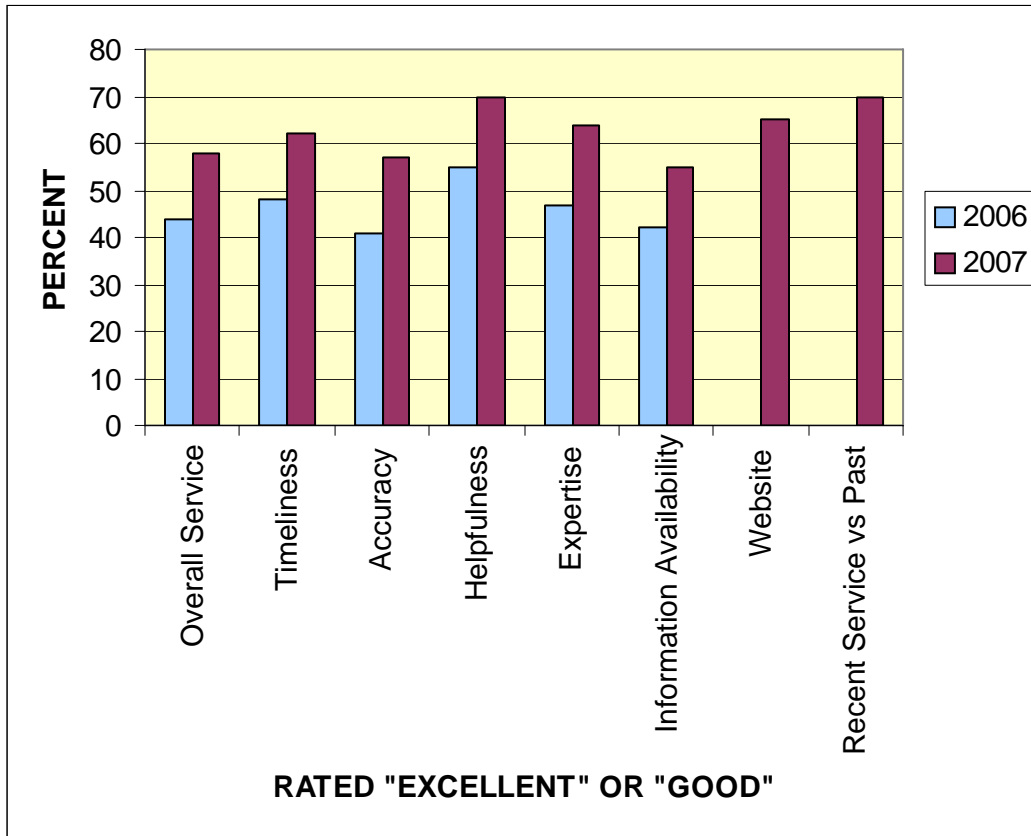

Percent of respondents rating “excellent” or “good” (the State’s Key Performance Measures do not include the “Don’t Know” responses; the numbers in the graph have been rebaselined to exclude those responses)

2006 vs. 2007 EMPLOYER RESULTS

KEY ISSUES

1. My customer service representative does not always return my calls in a timely manner or may be difficult to reach.

Survey comments indicate that many employers are frustrated with the length of time that passes before an Employer Service Center Representative returns a telephone call.

Resolution

This is an issue of time management and professional courtesy. To address this issue, we are:

- Requiring the entire team to participate in Time Management training. This will be completed in October 2007.
- Involving the team in committing to meet our service standards for callbacks, whether it is with an answer or just to provide an update.
- Using tools such as the Contact Management system to monitor the staff workload and ensure that representatives are able to manage their calls.

2. The ability to only contact a PERS employer representative in the morning is inconvenient.

Survey comments indicate that some employers believe that they can only contact an Employer Representative during morning hours.

Resolution

This is partially an employer education issue, as some employers do not understand that they can call their assigned account representative at any time. The first step will be to reiterate our full-day availability to employers, encouraging them to call their representative during non-Information Center hours or to call the Information Center in the mornings if their representative is not available. They can also email their account representative at any time.

We will create an Employer Announcement detailing that Employer Representatives can be contacted at any time during business hours by telephone and email. We will send the information to employers via email and will post the information on the Employer website.

3. It is sometimes difficult to get consistent, accurate answers to questions.

This was the number one issue with employers in last year's survey. Although it was not the predominant issue this year, it continues to be an area needing improvement.

Employers request information through phone calls and e-mails. For the fiscal year ending June 30, 2007, the PERS Employer Information Center received more than 29,000 telephone calls and 22,000 emails.

Survey comments indicate that regardless of the method members use to contact PERS, employers sometimes cannot get satisfactory answers to their questions. Responses indicate three primary reasons:

- They sometimes get inconsistent answers to questions from one staff member to another.
- Staff does not always have answers to questions and doesn't get back with the correct answers as promised.
- Staff is not knowledgeable in all aspects of the system.

Resolution

This is a staff training and disbursement of information issue. To help provide consistency in answers to employers, management will:

- Dedicate a portion of each week's team meeting to gaining consensus on disputed or unclear issues. Additionally, all pertinent policy and procedural changes will be provided to the team and follow-up discussions will be held to ensure that everyone understands the information uniformly;
- Continue to offer core staff training in features of the Tier One/Tier Two and OPSRP programs;
- Increase customer service training for all CSD staff, including training designed specifically for employer Information Center staff;
- Distribute internal newsletters to keep staff abreast of changes in business rules, OARs, policy decisions, and Board actions;

- Ensure scripting uses the same verbiage as publications and the A-Z directory to provide consistent answers;
- Encourage employers to use the A-Z subject help file section on the Employer website for answers to non-complex questions; and
- Ensure that a subject-matter expert handles phone call escalations.

METHODOLOGIES

To maximize employer response, we created this survey online and an email was sent to all employers inviting them to participate. The survey ran throughout August 2007. We set the survey so more than one employee per employer could respond since we often interact with more than one employer contact.

We used surveymonkey.com to create the survey, using the six key questions the state requires all state agencies to use for the Customer Satisfaction Performance Measure survey. We created two additional questions this year:

1. "How do you rate the PERS website?"
2. "How do your rate our service in the past year compared to our service in previous years?"

We also used surveymonkey's tools to analyze the survey responses.

The survey included a comments section. The comments have been summarized and addressed in the Key Issues section.

TO: Members of the PERS Board
FROM: Steven Patrick Rodeman, Administrator, PPLAD
SUBJECT: Adoption of Withdrawal Rules
OAR 459-010-0055, *Withdrawal of Contributions*
OAR 459-075-0020, *Withdrawal from OPSRP Pension Program*
OAR 459-080-0020, *Withdrawal of Individual Accounts*

MEETING DATE	10/19/07
AGENDA ITEM	C.1. Withdrawals

OVERVIEW

- Action: Adopt modifications to PERS Chapter 238 Program withdrawal rule, OAR 459-010-0055, and adopt new OPSRP Withdrawal Rules, OARs 459-075-0020 and 459-080-0020.
- Reason: These new rules and rule modifications establish and clarify procedures for withdrawals permitted under the Oregon Public Service Retirement Plan pension and IAP programs and PERS Chapter 238 Program. Further modifications have also been made to conform to statutory changes by HB 2281.
- Subject: Withdrawal from the OPSRP Pension Program, Individual Account Program, and PERS Chapter 238 Program.
- Policy Issue: Should the withdrawal processes for the PERS Chapter 238 Program and the OPSRP Programs reflect generally parallel administration?

BACKGROUND

Originally, the proposed OPSRP withdrawal rules were to be modified to parallel where possible the withdrawal rule for the PERS Chapter 238 Program. That existing rule was also placed in rulemaking to align it with the provisions of the OPSRP-related rules. Public comment has supported making the withdrawal processes as parallel as possible.

Also, the PERS Board put forward a legislative concept that requires a member who withdraws from one program to withdraw from them all. That concept was passed by the 2007 Oregon Legislature as HB 2281, effective January 1, 2008.

With the ultimate goal of having these administrative rules coordinate with the legislative changes and also parallel each other, staff recommended that final consideration be postponed until the legislative process was completed and the coordinating changes could be made on the PERS Chapter 238 Program rule that was then just entering rulemaking.

POLICY ISSUE

Should the withdrawal processes for the PERS Chapter 238 Program and the OPSRP Programs generally reflect parallel administration?

Consistent and parallel administration of withdrawals in all PERS programs is operationally efficient and more predictable and understandable for staff, employers, and members. The public comments made in association with the OPSRP rulemaking support parallel changes in the PERS Chapter 238 withdrawal rule. Comments also support a significant shift in the administration of mandatory re-deposits (when a member returns to PERS-covered employment without a bona fide separation).

PUBLIC COMMENT AND HEARING TESTIMONY

OPSRP Withdrawal Rules:

At the PERS Board's January 12, 2007 meeting, these rules were presented for second reading. Staff reported at that time that PERS had received public comment from four stakeholders that resulted in changes to the proposed rules relating to employer obligations and potential liabilities, shifting accountability to the employee from the employer.

At the PERS Board's September 21, 2007 meeting, these rules were presented for third reading. Staff reported that PERS had received additional public comment from four stakeholders (relating to repayment options, accountability, and the OUS Optional Retirement Plan) and the resulting changes from those comments.

No public comment has been received since third reading. The public comment period on all three rules ended September 30, 2007 at 5:00 p.m.

SUMMARY OF MODIFICATIONS TO RULES SINCE SECOND/THIRD READING

OAR 459-010-0055:

All modifications to the existing rule are reflected in bracketed red italics (deletions) and bold blue underline (additions). The following modifications were made to the rule since the last PERS Board meeting:

Section (7) was edited to reflect that the failure of the withdrawn former member to establish a bona fide separation cancels the withdrawal and restores membership in the program. Restoration of forfeited service rights remains contingent upon repayment.

In Section (8), the text regarding cancellation of the withdrawal and restoration of membership upon repayment was removed. Restoration of forfeited service rights remains contingent upon repayment.

The edits in Sections (7) and (8) reflect administrative transactions that are more consistent with plan qualification requirements under federal law.

OAR 459-075-0020:

All changes reflected in the version presented to the Board in September have been incorporated. Proposed changes made since the Board's last meeting are reflected in the attached by bracketed red italics (deletions) and bold blue underline (additions).

Sections (7) and (8) were edited in the same manner as Sections (7) and (8) in OAR 459-010-0055.

OAR 459-080-0020:

All changes reflected in the version presented to the Board in September have been incorporated. Proposed changes made since the Board's last meeting are reflected in the attached by bracketed red italics (deletions) and bold blue underline (additions).

Sections (7) and (8) were edited in the same manner as Sections (7) and (8) in OAR 459-010-0055, and to reflect that restoration of forfeited accounts also remains contingent upon repayment.

LEGAL REVIEW

The attached draft rules were submitted to the Department of Justice for legal review and any comments or changes have been incorporated in the rules as presented for adoption.

IMPACT

Mandatory: No, the Board need not adopt the rules.

Impact: Clarification of procedures and administration will benefit members and staff.

Cost: There are no discrete costs attributable to these rules. Statute requires the administration of withdrawals.

If the Board does not adopt: Staff would return with rule modifications that more closely fit the Board’s policy direction if the Board determines that a change is warranted.

14 (2) An inactive member may withdraw the individual accounts under ORS 238A.375
15 if:

16 (a) The member has separated from employment with all participating employers
17 and all employers in a controlled group with a participating employer;

18 (b) The member has been absent from service with all participating employers and
19 all employers in a controlled group with a participating employer for at least one full

21 (c) The member files with PERS a written request for withdrawal on a form
22 acceptable to PERS; and

1 (d) The member complies with the requirements of section 3, chapter 52, Oregon

6 (b) The date PERS receives a valid court order requiring PERS to pay the
7 distribution to someone other than the withdrawing member.

8 (4) A member who withdraws the individual accounts terminates membership in the
9 IAP as of the effective date of withdrawal.

10 (5) An employer account not included in the withdrawn individual accounts by

13 (6) A member who withdraws the individual accounts and is subsequently employed

17 (7) If a former member who has withdrawn the individual accounts returns to
18 employment with a participating employer or an employer in a controlled group with a
19 participating employer before the first day of the second calendar month following the
20 month of the separation described in subsection (2)(a) of this rule the withdrawal is
21 cancelled and membership is restored. The *[former]* member must repay to PERS in a
22 single payment the total amount of all payments attributable to the withdrawal within 30
23 days following the effective date of the employment. Upon receipt by PERS of

1 repayment under this section, *[the withdrawal of the former member is cancelled.*
2 *Membership in the IAP is restored as of the effective date of the withdrawal.*
3 *A]* account(s) forfeited under section (5) and service forfeited under section (6) of this

6 (8) If the *[former]* member fails to repay as provided in section (7), PERS shall take
7 all reasonable steps to recover the repayment amount due, including any interest, costs, or
8 penalties assessed by PERS, under the provisions of ORS 238.715 and OAR 459-005-
9 0610. Upon receipt by PERS of repayment under this section, *[the withdrawal of the*
10 *former member is cancelled. Membership in the IAP,]* account(s) forfeited under section
11 (5) of this rule, and service forfeited under section (6) of this rule are restored effective
12 the first day of the month following the date of repayment. The repayment amount
13 received will be credited pro rata to the accounts from which the withdrawal amount was
14 derived effective the first day of the month following the date of repayment.

TO: Members of the PERS Board
FROM: Steven Patrick Rodeman, Administrator, PPLAD
Dale S. Orr, Manager, Actuarial Services
SUBJECT: Adoption of Crediting Earnings to Employer Lump-Sum
Payments Rule

MEETING DATE	10/19/07
AGENDA ITEM	C.2. Crediting Earnings

OAR 459-007-0530, *Crediting Earnings to Employer Lump-Sum Payments*

OVERVIEW

- Action: Adopt rule modifications to OAR 459-007-0530, Crediting Earnings to Employer Lump-Sum Payments.
- Reason: Allow for the implementation of payroll-to-payroll amortization of side accounts as opposed to the current annual basis.
- Subject: Crediting earnings to employer lump-sum payments.
- Policy Issue: Should PERS apply a payroll-cycle based earnings crediting method to employer side accounts?

BACKGROUND

Employers can make lump-sum payments to PERS in addition to the regular employer contributions calculated as a percent of payroll. These lump-sum payments can occur when a PERS employer has a budget surplus or chooses to pre-fund their obligations through issuing a bond. The majority of these lump-sum payments are placed in side accounts. The side accounts, when amortized, offset the payroll-based contributions that the employer owes.

This rule details how earnings are credited to these lump-sum payments. The rule modifications change crediting to occur monthly to coincide with the amortization schedule change proposed by employers. Previously, this rule called for annual crediting.

SUMMARY OF RULE AND POLICY ISSUE

Policy Issue: Should PERS apply a payroll-cycle based earnings crediting method to employer side accounts?

Employers asked PERS to move to a monthly transfer schedule in amortizing their side accounts used to offset employer rates. This change to a monthly transfer will result in greater precision and timeliness in applying these offsets than the current method that uses annual offsets. Staff recommends adopting this new schedule for improved accuracy and effectiveness in applying these side accounts to employer obligations.

The proposed change to this rule will allow earnings on these amounts to track this changed amortization methodology by crediting earnings monthly rather than annually.

These changes are proposed to take effect January 1, 2008.

PUBLIC COMMENT AND HEARING TESTIMONY

A rulemaking hearing was held on August 29, 2007 at 2:00 p.m. in Salem. Lori Sattenspiel, representing the Oregon School Boards Association, and Maria Keltner from the Employers PERS Alliance, attended and asked several questions during a presentation prepared by Dale Orr and Tom Andrews from the Fiscal Services Division. Ms. Keltner withheld presenting comments verbally and instead said she would submit written comments. She did, however, emphasize the helpfulness of having a staff presentation at the hearing to fully understand the rules and proclaimed that the discussion was invaluable.

The public comment period ended on September 28, 2007. Two comments were received. They are included in the board packet as attachments to the memo for agenda item C.3., since their comments predominantly pertained to that rule set.

Maria Keltner, representing the Employers PERS Alliance, submitted a comment dated August 30, 2007. The majority of the comments were regarding definitions in the rule. Staff reviewed her comments and made several changes as indicated in the summary of modifications to the rule.

PERS received a memo from Lori Sattenspiel with the Oregon School Boards Association dated September 25, 2007. Ms. Sattenspiel stated that employers generally support moving from annual to payroll-to-payroll crediting. She noted that more work needs to be done in this area, and requested the Board's support to encourage more real time information on the crediting process and value of accounts. Similar to the comments Ms. Keltner submitted, Ms. Sattenspiel requested tightening language to conform to statutory requirements. Changes were made as suggested.

SUMMARY OF MODIFICATIONS TO RULE SINCE FIRST READING

A number of modifications were made as a result of recommendations provided by the Employers PERS Alliance to provide additional clarity to the rule and improved consistency in wording with other related lump-sum payment rules. These changes also were consistent with the policy positions contained in the proposed rule modifications.

In section (1), the phrase "For the purposes of this rule:" was added. A definition was added for "Allocated Earnings" and the definition of "Amortized Amount" was revised. The definition of "Employer Contribution Account" was deleted because the term is already defined in OAR 459-005-0001(12). Lastly, a revision was made to the definition of "UAL factor."

In section (3), the term "account" was changed to "side account" for consistency.

LEGAL REVIEW

The attached draft rule was submitted to the Department of Justice for legal review and any comments or changes have been incorporated in the rule as presented for adoption.

IMPACT

Mandatory: No, the Board need not adopt the rule.

Impact: Allows for a more accurate crediting of earnings to side accounts.

Cost: There are no discrete costs attributable to the rule.

MEETING DATE	10/19/07
AGENDA ITEM	C.3. Lump-Sum Payments

OVERVIEW

- Action: Adopt modifications to the Lump-Sum Payments by Employers Rules.
- Reason: Conform rules to payroll-based application of side account funds.
- Subject: Employer Lump-Sum payments
- Policy Issues: No policy issues have been identified at this time.

BACKGROUND

Employers can make lump sum payments to PERS in addition to the regular employer contributions calculated as a percent of payroll. These lump sum contributions can occur when a PERS employer has a budget surplus or chooses to pre-fund their obligations through issuing a bond. The rules to be modified set forth the process for lump sum payments that are made to satisfy an unfunded actuarial liability (UAL) by employers that are pooled with other employers (-0084) and by those that are not pooled (-0085), plus a rule for surplus payments made by an employer that doesn't have a UAL (-0090). These lump sum payments are put into side accounts that are then applied to reduce the employer's ongoing contribution rate to PERS.

The principle change in these rules is to specify that the transfer of amounts from these side accounts will occur each payroll period instead of annually. Employers requested this change so the amortization more closely matched their assumptions when they decided to use this pre-funding alternative. These modifications also simplify and correct language in the current rules. Further modifications to the rule on non-UAL surplus payments also change the minimum and maximum payment from percentage of an employer's liability to a change in employer rate. Lastly, the rules are modified to refer to the earnings crediting rule, which is also being changed at this time to conform those practices to this payroll-cycle application schedule.

PUBLIC COMMENT AND HEARING TESTIMONY

A rulemaking hearing was held on August 29, 2007 at 2:00 p.m. in Salem. Lori Sattenspiel, representing the Oregon School Boards Association, and Maria Keltner from the Employers PERS Alliance, attended and asked several questions during a presentation prepared by Dale Orr and Tom Andrews from the Fiscal Services Division. Ms. Keltner withheld presenting comments verbally and instead said she would submit written comments. She did, however, emphasize the helpfulness of having a staff presentation at the hearing in order to fully understand the rules, and proclaimed that the discussion was invaluable.

The public comment period ended on September 28, 2007 at 5:00 p.m. PERS received written public comment from Maria Keltner dated August 30, 2007 and from Lori Sattenspiel dated September 25, 2007. Their letters are included as attachments with this memo. The majority of the comments from Ms. Keltner and Ms. Sattenspiel related to providing greater clarity and consistency between the three lump-sum payment rules, which were incorporated in the final versions of the rules. In addition, Ms. Keltner and Ms. Sattenspiel requested the following material modifications to the rules:

1. Reduce the minimum on surplus lump sum payments from a 100 basis point reduction in the employer's rate to a 50 basis point rate reduction or \$1,000,000 whichever is less (OAR 459-009-0090 only).

Staff Analysis and Recommendation: This rule allows fully funded employers to make additional payments for the purpose of creating or increasing an employer's surplus. The purpose for setting the original minimum payment amount at a 100 basis point reduction was to prevent employers from making numerous, non-material payments. Separate side accounts must be established and maintained for each payment made. If employers make a large number of small payments that have minimal impact on rates, a significant administrative burden will be established without an offsetting benefit to the Trust. As such, staff proposes the adoption of the 50 basis point rate reduction minimum recommended by the employer representatives but, in addition, staff proposes decreasing the frequency for making the payments from once every calendar year to once every three calendar years. The \$1,000,000 minimum is not recommended as it would allow larger employers to make payments that might result in a rate offset of less than 50 basis points of payroll.

2. Shorten the processing time for the calculation of lump sum payments from the current 45 days (would affect all three rules). The 45 days encompasses the moment the employer requests a calculation, the generation of an invoice by the actuary, the payment of that invoice by the employer and the calculation of the lump sum payment. The Alliance did not provide a recommendation on what would be an acceptable timeline.

Staff Analysis and Recommendation: Due to the need to coordinate any stakeholder recommendation with the actuaries, staff recommends that the current timeline in the lump sum payment rules not be changed, but rather continue to explore this issue with both the stakeholders and actuaries to see if a shorter timeline is feasible.

SUMMARY OF MODIFICATIONS TO RULES SINCE FIRST READING

A number of modifications were made as a result of recommendations provided by employer stakeholders. The modifications fall into two categories:

1. Changes made to provide additional clarity to the rules or improved consistency in wording with other related lump sum payment rules. These changes also were consistent with the policy positions contained in the proposed rule modifications.
2. Changes made that resulted in a modification to policy or process from the original draft rule (substantive).

The changes to the draft are grouped as follows and apply to all of the rules covered by this report unless otherwise stated:

Non-substantive changes:

In the rule titles of both 459-009-0084 and –0085, the phrase “Actuarial Group” was changed to “Employer Actuarial Pool.”

“Amortized Amount” was defined in section (1) of all three rules.

In section (1), the definition of “Employer Contribution Account” was deleted from all three rules. This term is already defined in OAR 459-005-0001(12).

In section (11), the phrase “be held in a side account to” was added to clarify where the remainder of the UAL lump-sum payment will be held.

In section (12), the term “transferred” has taken the place of “applied”.

Substantive changes:

1. Changed frequency of surplus lump-sum payments from one year to three years (section (3) of OAR 459-009-0090). The staff recommendation on this change is discussed above.
2. Changed the measure of the minimum surplus lump-sum payment from a reduction of 100 basis points in an employer’s rate to 50 basis points (section (4) of OAR 459-009-0090). The staff recommendation on this change is discussed above.

LEGAL REVIEW

The attached draft rules were submitted to the Department of Justice for legal review and any comments or changes have been incorporated in the rules as presented for adoption.

IMPACT

Mandatory: No, but the rules are within the authority granted by statute.

Impact: The modifications conform to state law and may have a minor fiscal impact on PERS administration.

Cost: Employers that elect to make a lump-sum payment under these rules will incur the cost of the actuarial calculation, the lump-sum payment amount, and administrative fees to maintain the

resulting side account. There is not expected to be any significant cost incurred by members, PERS administration, or the PERS Fund.

RULEMAKING TIMELINE

June 15, 2007	Staff began the rulemaking process by filing Notice of Rulemaking with the Secretary of State.
July 1, 2007	<i>Oregon Bulletin</i> published the Notice.
July 20, 2007	PERS Board notified that staff began the rulemaking process.
August 29, 2007	Rulemaking hearing held at 2:00 p.m. in Salem.
September 21, 2007	First Reading of the rules.
September 28, 2007	Public comment period ended at 5:00 p.m.
October 19, 2007	Board may adopt the permanent rule modifications, including any amendments warranted by public comment or further research.

BOARD OPTIONS

The Board may:

1. Pass a motion to “adopt modifications to the Lump-Sum Payments by Employers Rules, as presented.”
2. Direct staff to make other changes to the rules or explore other options.

STAFF RECOMMENDATIONS

Staff recommends the Board choose Option #1.

- Reason: Conform rules to payroll-based application of side account funds.

If the Board does not adopt: Staff would return with rule modifications that more closely fit the Board’s policy direction if the Board determines that a change is warranted.

CHAPTER 459
DIVISION 009 – PUBLIC EMPLOYER

1 459-009-0084

2 Unfunded Actuarial Liability Lump-Sum Payments by Employers Participating in
3 an Employer Actuarial Pool*[Group]*

4 Purpose. The purpose of this rule is to establish procedures and requirements
5 *[pursuant to ORS 238.225]* for the adjustment of employer contribution rates when an
6 *[unfunded actuarial liability lump-sum payment is made by an]* individual public
7 employer participating in an employer actuarial *[group]* pool makes an unfunded
8 actuarial liability lump-sum payment.

9 (1) Definitions. For the purposes of this rule:

10 (a) “Amortized Amount” means the amount of a Side Account used to offset
11 contributions due from the employer.

12 (b) “Employer Actuarial Pool” means a grouping of employers for actuarial
13 purposes such as the School District and the State and Local Government Rate
14 Pools.

15 *[(a) “Employer Contribution Account” means that portion of the Fund designated*
16 *by the Board, as a portion of the net assets of the Fund, that is funded by employer*
17 *contributions which are to be used for the sole benefit of members of the trust with the*
18 *purpose of paying future retirement and death benefits.]*

19 ~~[(b)]~~(c) “Fair Value UAL” means the unfunded actuarial liability calculated using
20 the fair market value of assets.

21 ~~[(c)]~~(d) “Transition Unfunded Actuarial Liabilities” means the unfunded actuarial
22 liabilities attributed to an individual employer for the period *[prior to]*before entry into

1 the Local Government Rate Pool, or the State and Local Government Rate Pool if the
2 employer did not participate in the Local Government Rate Pool.

3 ~~[(d)]~~(e) “Unfunded Actuarial Liability” or “UAL” means the excess of the actuarial
4 liability over the actuarial value of assets.

5 ~~[(e)]~~(f) “Unfunded Actuarial Liability Lump-Sum Payment” means any employer
6 payment that is:

7 (A) ~~[That is n]~~Not regularly scheduled;

8 (B) ~~[That is n]~~Not paid as a percentage of salary;

9 (C) ~~[That is m]~~Made for the express purpose of reducing the employer’s unfunded
10 actuarial liability; and

11 (D) **Paid at the employer’s election instead of at the PERS Board’s direction.**

12 *[Where the employer has control over the timing or whether to make the payment.]*

13 (2) Lump-sum payment amount. If an individual employer elects to make a UAL
14 lump-sum payment under this rule, the payment must be at least 25 percent of the
15 individual employer’s UAL calculated under section (6) of this rule or \$1 million,
16 whichever is less. Alternatively, an employer may elect to pay 100 percent of the
17 individual employer’s UAL calculated under section (6) of this rule.

18 (3) Requirements. In order to make a UAL lump-sum payment, an employer must
19 comply with the process described in sections (4) through (10) of this rule.

20 (4) Initiating UAL lump-sum payment process. At least 45 calendar days *[prior to]*
21 before the date the employer intends to make a UAL lump-sum payment, the employer
22 *[shall]*must notify the PERS Employer Liability Coordinator in writing that it intends to
23 make a UAL lump-sum payment. The notification *[shall]*must specify:

- 1 (a) The amount of the intended lump-sum payment;
- 2 (b) Whether the intended payment is to be for 100 percent of the individual
- 3 employer’s calculated UAL; and
- 4 (c) No more than two potential dates for the payment. PERS staff *[shall]must* notify
- 5 the employer within five business days of receipt of the notification if the notification is
- 6 incomplete or the process cannot be completed by the intended dates of the UAL lump-
- 7 sum payment.

8 (5) Payment to the actuary. The PERS consulting actuary must provide an

9 invoice charging the employer for the cost of the actuarial liability calculation

10 requested by the employer. At least 30 calendar days *[prior to]before* the date the

11 employer intends to make a UAL lump-sum payment, the employer *[shall]must* remit

12 payment for the cost of the UAL calculation directly to the PERS consulting actuary

13 according to the instructions on the invoice *[provided by the PERS consulting actuary]*.

14 Failure to remit payment according to the terms of this section may result in the PERS

15 consulting actuary not completing the employer’s UAL calculation by the proposed UAL

16 lump-sum payment date.

17 (6) Calculation of the individual employer’s UAL. Upon receipt of a complete

18 notification and verification of payment to the actuary for actuarial services, PERS staff

19 shall request that the PERS consulting actuary calculate:

- 20 (a) 100 percent of the employer’s share of the UAL for the employer actuarial
- 21 [group]pool in which the employer is participating. This calculation *[shall]must* be:

22 (A) Based on the fair value UAL of the actuarial pool in which the employer

23 participates, from the most recent actuarial valuation;

1 (B) Based on the covered salary, as a proportion of the pool, reported by the
2 employer for the year of most recent actuarial valuation; and

3 (C) Adjusted to reflect the effect of time from the most recent actuarial valuation to
4 the intended date(s) of payment, using generally recognized and accepted actuarial
5 principles and practices.

6 (b) The effect of the following UAL lump-sum payment amounts on the individual
7 employer’s contribution rate using the one or two potential dates for payment specified
8 by the employer in its notification in section (4) above:

9 (A) 100 percent of the individual employer’s UAL calculated in subsection (6)(a) of
10 this rule;

11 (B) The UAL lump-sum payment amount specified by the employer in its
12 notification, if provided; and

13 (C) The minimum amount of the UAL lump-sum payment under section (2) of this
14 rule.

15 (7) Notification of calculation. PERS staff *[shall] must* notify the employer in
16 writing of the results of the individual employer’s calculation in section (6) above,
17 including the effective date(s) for the reduced employer contribution rates based on the
18 one or two potential dates for payment. In addition, PERS *[shall] must* send the employer
19 a notification describing risks and uncertainties associated with the calculation of the
20 individual employer’s UAL.

21 (8) Notification of UAL lump-sum payment. The employer or its agent *[shall] must*
22 notify the PERS Employer Liability Coordinator in writing at least three business days
23 *[prior to] before* making a UAL lump-sum payment. This notification shall be in addition

1 to the notification in section (4) of this rule and ~~[shall]~~must specify the amount of the
2 payment and the date it intends to make the payment.

3 (9) Method of payment. A UAL lump-sum payment must be made by either
4 electronic transfer or check payable to the Public Employees Retirement System.

5 (10) Receipt of UAL lump-sum payment. In order to adjust the employer
6 contribution rate to that reported by PERS in section (7) of this rule, PERS must receive
7 the correct funds no later than five business days after the corresponding intended date of
8 the UAL lump-sum payment specified in the notification described in section (8) of this
9 rule.

10 (a) If the UAL lump-sum payment is received by PERS on or before the intended
11 date specified in the notification described in section (8) of this rule or within the five
12 business days following the intended date, the new employer contribution rate ~~[will]~~shall
13 be effective for payrolls dated on or after:

14 (A) The date specified in the notification; or

15 (B) The first of the month following receipt of the UAL lump-sum payment by
16 PERS, whichever is later.

17 (b) If the UAL lump-sum payment is received by PERS more than five business days
18 after the intended payment date, the employer’s contribution rate shall be adjusted in the
19 next actuarial valuation based on the date of receipt of the UAL lump-sum payment.

20 (c) If the UAL lump-sum payment received is other than any amount specified in the
21 notification under section (8) of this rule, the employer’s contribution rate shall be
22 adjusted to the rate the payment amount fully funds using the actuarial calculation in
23 subsection (6)(b) of this rule.

1 (d) If the UAL lump-sum payment received is less than the minimum amount
2 described in section (2) of this rule, the funds will be returned to the employer and no
3 adjustment will be made to the employer contribution rate.

4 (e) Nothing in this rule shall be construed to prevent the Board from:

5 (A) Adjusting employer contribution rates based upon the date of receipt of funds or
6 errors in the notification described in section (7) of this rule; or

7 (B) Taking action pursuant to ORS 238.225.

8 (11) Actuarial treatment of the UAL lump-sum payment. For actuarial purposes, the
9 UAL lump-sum payment made by the employer shall first be applied to any transition
10 unfunded actuarial liabilities. The remainder of the payment shall be held in a side
11 account to offset any pooled unfunded actuarial liabilities and shall be treated as pre-
12 funded contributions and additional assets for the payment of obligations of the employer
13 under ORS chapters 238 or 238A, rather than as a reduction of those obligations of that
14 employer.

15 *[(a)](12) Side Account.* The amount of an UAL lump-sum payment shall be held in
16 a Side Account for the benefit of the employer making the UAL lump-sum payment. *[On*
17 *an annual basis the PERS consulting actuary shall notify PERS staff of the amount of*
18 *pre-funded contributions held in the Side Account that are to be amortized for that year.]*
19 The amortized amount for each payroll reporting period shall be transferred from
20 the Side Account to the appropriate employer actuarial pool in which the employer
21 is participating.

1 *[(b) After earnings or losses have been credited for the year, the amount amortized*
 2 *shall be transferred from the Side Account to the Employer Contribution Account of the*

OREGON ADMINISTRATIVE RULE
PUBLIC EMPLOYEES RETIREMENT BOARD
CHAPTER 459
DIVISION 009 – PUBLIC EMPLOYER

1 **459-009-0085**

2 **Unfunded Actuarial Liability Lump-Sum Payments by Employers Not Participating**
3 **in an Employer Actuarial Pool[Group]**

4 Purpose. The purpose of this rule is to establish procedures and requirements
5 *[pursuant to ORS 238.225]* for the adjustment of employer contribution rates when an
6 *[unfunded actuarial liability lump-sum payment is made by an]* individual public
7 employer not participating in an actuarial group **makes an unfunded actuarial liability**
8 **lump-sum payment.**

9 (1) Definitions. For the purposes of this rule:

10 **(a) “Amortized Amount” means the amount of a Side Account used to offset**
11 **contributions due from the employer.**

12 *[(a) “Employer Contribution Account” means that portion of the Fund designated*
13 *by the Board, as a portion of the net assets of the Fund, that is funded by employer*
14 *contributions which are to be used for the sole benefit of members of the trust with the*
15 *purpose of paying future retirement and death benefits.]*

16 (b) “Fair Value UAL” means the unfunded actuarial liability calculated using the fair
17 market value of assets.

18 (c) “Unfunded Actuarial Liability” or “UAL” means the excess of the actuarial
19 liability over the actuarial value of assets.

20 (d) “Unfunded Actuarial Liability Lump-Sum Payment” means any employer
21 payment **that is:**

22 (A) *[That is n]***N**ot regularly scheduled;

1 (B) *[That is n]*Not paid as a percentage of salary;

2 (C) *[That is m]*Made for the express purpose of reducing the employer’s unfunded

3 actuarial liability; and

4 (D) Paid at the employer’s election instead of at the PERS Board’s direction.

5 *[Where the employer has control over the timing or whether to make the payment.]*

6 (2) Lump-sum payment amount. If an employer elects to make a UAL lump-sum
7 payment under this rule, the payment must be at least 25 percent of the employer’s UAL
8 calculated under section (6) of this rule or \$1 million, whichever is less. Alternatively, an
9 employer may elect to pay 100 percent of the employer’s UAL calculated under section
10 (6) of this rule.

11 (3) Requirements. In order to make a UAL lump-sum payment, an employer must
12 comply with the process described in sections (4) through (10) of this rule.

13 (4) Initiating UAL lump-sum payment process. At least 45 calendar days *[prior*
14 *to]*before the date the employer intends to make a UAL lump-sum payment, the
15 employer shall notify the PERS Employer Liability Coordinator in writing that it intends
16 to make a UAL lump-sum payment. The notification shall specify:

17 (a) The amount of the intended lump-sum payment;

18 (b) Whether the intended payment is to be for 100 percent of the employer’s
19 calculated UAL; and

20 (c) No more than two potential dates for the payment. PERS staff *[shall]*must notify
21 the employer within five business days of receipt of the notification if the notification is
22 incomplete or the process cannot be completed by the intended dates of the UAL lump-
23 sum payment.

1 (5) Payment to the actuary. The PERS consulting actuary must provide an
2 invoice charging the employer for the cost of the actuarial liability calculation
3 requested by the employer. At least 30 calendar days *[prior to]*before the date the
4 employer intends to make a UAL lump-sum payment, the employer *[shall]*must remit
5 payment for the cost of the UAL calculation directly to the PERS consulting actuary
6 according to the instructions on the invoice *[provided by the PERS consulting actuary]*.
7 Failure to remit payment according to the terms of this section may result in the PERS
8 consulting actuary not completing the employer’s UAL calculation by the proposed UAL
9 lump-sum payment date.

10 (6) Calculation of an employer’s UAL. Upon receipt of a complete notification and
11 verification of payment to the actuary for actuarial services, PERS staff shall request that
12 the PERS consulting actuary calculate:

- 13 (a) 100 percent of the employer’s UAL. This calculation *[shall]*must be:
 - 14 (A) Based on the fair value UAL from the most recent actuarial valuation; and
 - 15 (B) Adjusted to reflect the effect of time from the most recent actuarial valuation to
16 the intended date(s) of payment, using generally recognized and accepted actuarial
17 principles and practices.

18 (b) The effect of the following UAL lump-sum payment amounts on the employer’s
19 contribution rate using the one or two potential dates for payment specified by the
20 employer in its notification in section (4) above:

- 21 (A) 100 percent of the employer’s UAL calculated in subsection (6)(a) of this rule;
- 22 (B) The UAL lump-sum payment amount specified by the employer in its
23 notification, if provided; and

1 business days following the intended date, the new employer contribution rate will be
2 effective for payrolls dated on or after:

3 (A) The date specified in the notification; or

4 (B) The first of the month following receipt of the UAL lump-sum payment by
5 PERS, whichever is later.

6 (b) If the UAL lump-sum payment is received by PERS more than five business days
7 after the intended payment date, the employer’s contribution rate shall be adjusted in the
8 next actuarial valuation based on the date of receipt of the UAL lump-sum payment.

9 (c) If the UAL lump-sum payment received is other than any amount specified in the
10 notification under section (8) of this rule, the employer’s contribution rate shall be
11 adjusted to the rate the payment amount fully funds using the actuarial calculation in
12 subsection (6)(b) of this rule.

13 (d) If the UAL lump-sum payment received is less than the minimum amount
14 described in section (2) of this rule, the funds will be returned to the employer and no
15 adjustment will be made to the employer contribution rate.

16 (e) Nothing in this rule shall be construed to prevent the Board from:

17 (A) Adjusting employer contribution rates based upon the date of receipt of funds or
18 errors in the notification described in section (7) of this rule; or

19 (B) Taking action pursuant to ORS 238.225.

20 (11) Actuarial treatment of the UAL lump-sum payment. For actuarial purposes, the
21 UAL lump-sum payment made by the employer shall be treated as pre-funded
22 contributions and additional assets for the payment of obligations of the employer under
23 ORS chapters 238 or 238A, rather than as a reduction of those obligations.

1 [(a)](12) Side Account. The UAL lump-sum payment shall be held in a Side
2 Account for the benefit of the employer making the UAL lump-sum payment. *[On an*
3 *annual basis the PERS consulting actuary shall notify PERS staff of the amount of pre-*
4 *funded contributions held in the Side Account that are to be amortized for that year.]* The
5 amortized amount for each payroll reporting period shall be transferred from the
6 Side Account to the employer’s Employer Contribution Account.

7 *[(b) After earnings or losses have been credited for the year, the amount amortized*
8 *shall be transferred from the Side Account to the Employer Contribution Account.]*

9 [(12)](13) Crediting earnings or losses. Side accounts shall be credited with
10 earnings and losses in accordance with OAR 459-007-0530. *[For the purposes of this*
11 *rule, Side Accounts shall be credited with all interest and other income received from*
12 *investment of the account funds during the calendar year, less any amounts withheld from*
13 *earnings for administrative expenses under ORS 238.610 or paid into the reserve account*
14 *established under ORS 238.670(1).]*

15 [(13)](14) Nothing in this rule shall be construed to convey to an employer making a
16 UAL lump-sum payment any proprietary interest in the Public Employees Retirement
17 Fund or in the UAL lump-sum payment made to the fund by the employer.

18 *[(14) Effective date of rule. This rule shall apply to all UAL lump-sum payments*
19 *initiated on or after the effective date of this rule.]*

14 either electronic transfer or check payable to the Public Employees Retirement System.

15 ~~[(14)]~~(15) Receipt of payment. In order to adjust the employer contribution rate to
16 that reported by PERS in section ~~[(11)]~~(12) of this rule, PERS must receive the correct
17 funds no later than five business days after the corresponding intended date of the surplus
18 lump-sum payment specified in the notification described in section ~~[(12)]~~(13) of this
19 rule.

20 (a) If the surplus lump-sum payment is received by PERS on or before the intended
21 date specified in the notification described in section ~~[(12)]~~(13) of this rule or within the
22 five business days following the intended date, the new employer contribution rate

1 ~~will~~shall be effective for payrolls dated on or after the first of the month following
2 receipt of the payment by PERS.

3 (b) If the surplus lump-sum payment is received by PERS more than five business
4 days after the intended payment date, the employer’s contribution rate shall be adjusted in
5 the next actuarial valuation based on the date of receipt of the payment.

6 (c) Except as provided in subsection ~~[(14)]~~(15)(d), if the surplus lump-sum payment
7 received by PERS is other than any amount specified in the notification under section
8 ~~[(12)]~~(13) of this rule, the employer’s contribution rate shall be adjusted to the rate the
9 payment amount fully funds using the actuarial calculation in section ~~[(9)]~~(10) of this
10 rule.

11 (d) If the surplus lump-sum payment received by PERS is less than the minimum
12 amount described in section ~~[(3)]~~(4) of this rule, or greater than the maximum amount
13 described in section ~~[(4)]~~(5) of this rule, the funds ~~will~~shall be returned to the employer
14 and no adjustment ~~will~~shall be made to the employer contribution rate.

15 (e) Nothing in this rule shall be construed to prevent the Board from:

16 (A) Adjusting employer contribution rates based upon the date of receipt of funds or
17 errors in the notification described in section ~~[(11)]~~(12) of this rule; or

18 (B) Taking action pursuant to ORS 238.225.

19 *[(15) Frequency of surplus lump-sum payments. An employer may make only one*

(1) After the word "Definitions" we suggest adding: "For the purposes of this rule:"

(1)(a) Recommend deleting definition of "Employer Contribution Account" from this rule.

Reason for recommendation: "Employer Contribution Account" is defined in OAR 459-005-0001(12). There should be one definition in OAR 459 for the "Employer Contribution Account". Having more than one definition is confusing when it is the same "creature".

(1)(b)(C) We think the definitions for "Employer lump-sum payment" in OAR 459-009-0084 (1)(d)(D) and OAR 459-009-0085(1)(d)(D) and "Surplus Lump-Sum Payment" in OAR 459-0090(1)(f)(D) should match this definition.

(1)(c) We understand the "actual earnings or losses" from investment of side account dollars is adjusted for administrative expenses according to ORS 238.229(3). The word "allocated" needs to be defined. The definition of "UAL factor" needs to specify how the UAL factor is computed. Without a definition for "allocated" and no information on how the UAL factor is computed, the UAL factor could be calculated most anyway.

The UAL factor definition/calculation, used to compute the earnings or losses credited to the side account for the amounts transferred from the Side Account to either the Employer Contribution Account or to the Rate Pool Account, needs to clearly comply with ORS 238.229(2) re earnings crediting to side accounts.

(2) Recommendations: Delete first sentence. Change second sentence to read: "Earnings on the amount of an employer lump-sum payment applied to transition Unfunded Actuarial Liabilities subject to ORS 238.229(4) shall be credited based on the following: (a) (b) (c) "

Note: employer lump sum payment amounts applied to transition unfunded actuarial liabilities is covered in OAR 459-009-0084(11) and -0085(11).

(3) Suggest addition (bold and underlined) to provide clarification: Earnings on an employer lump-sum payment held in a separate **Side Account** subject to ORS 238.229 shall be credited **to the Side Account** based on the following:

Recommend combining sections (3) and (4). Suggest renumbering (4)(a) to become (3)(c) and renumbering (4)(b) to become (3)(d). It all fits under the intro in section (3).

Note: section (4)(b) refers to OAR 459-007-005(4) Employer lump sum payments. We think the reference in OAR 459-007-005(4) to ORS 238.225(9) should now be a reference to ORS 238.229.

(4)(a) It is not clear from reading the rule how this works...
Need a definition for “amortized amounts” if that term is used.

Suggestion, rewrite section (4)(a) to read something like: “ The Side Account shall receive earnings or losses on amounts transferred from the Side Account to an Employer Contribution Account or to a Rate Pool Account. These earnings or losses will be credited to the Side Account at the annual earnings crediting. The amount credited to the Side Account will be the sum of each amount transferred out of the Side Account during the calendar year times the UAL factor effective as of the first of the calendar month following the date of the transfer.”

Note: We understand the goal is to use the same methodology to credit earnings/losses for transfers out of the side account as is used to credit earnings/losses for mid year transfers out of the Employer Contribution Accounts and out of the Employer Rate Pool Accounts. We also understand the factors applied to Side Account transfers will be different because of ORS 238.229.

OAR 459- 009-0084 Unfunded Actuarial Liability Lump-Sum Payments by Employers Participating in an Actuarial Group

Suggestion: change “Actuarial Group” to “Employer Rate Pool” in the title of this rule. Define Employer Rate Pool as: the School District Pool, Local Government Rate Pool, State and Local Government Rate Pool, OPSRP Rate Pool.

Note: “Actuarial Group” needs to be defined if it is used.

If “actuarial group” is intended to include prime/subordinate situations as well as rate pool situations, the definition of “actuarial group” needs to say this. Otherwise, need to cover treatment of prime/subordinate lump sum payment and side account either in a separate rule or in -0084, -0085 and -0090.

(1) (d)(D) should be the same as OAR 459-007-0530 (1)(a)(C).

Sections (3) – (10) see attached payoff calculation process recommendations.

(11) Recommended clarifications:

Add to the end of sentence two: “of that employer.”

Change the last sentence to: “The remainder of the payment shall be held in a side account to offset any pooled unfunded actuarial liabilities and shall be treated as pre-funded contributions and additional assets for the payment of obligations of the employer under ORS chapters 238 or 238A, rather than as a reduction of those obligations.”

(12) Side Account.

Change first sentence to: “The amount of an UAL lump-sum payment held in a side account shall be for the benefit of the employer making the UAL lump-sum payment. Reason for suggested change: The rule sounds like all of the UAL lump-sum payment goes into the Side Account -- instead of just the excess after paying off the transition UAL.

Need definition of “amount amortized”... including how it is computed.

Change second sentence: The amount amortized for each payroll reporting period shall be **transferred** from the Side Account to the **Employer Rate Pool Account** in which the employer is participating.

OAR 459-009-0085 Unfunded Actuarial Liability Lump-Sum Payments by Employers Not Participating in an Actuarial Group

(1)(d)(D) should be same as OAR 459-007-0530(1)(a)(C).

Sections (3) through (10) see attached payoff calculation process recommendations

(12) Side Account. need definition and calculation method for “amount amortized”

Change second sentence: The amount amortized for each payroll reporting period shall be (*applied*) **transferred** from the Side Account to the Employer Contribution Account of the individual employer.

OAR 459-009-0090 Surplus Lump-Sum Payments by Employers

(1)(f)(D) and (1)(g)(D) should be same as OAR 459-007-0530.

(4) requiring a minimum surplus lump-sum payment of 100 basis points is a huge amount for larger entities. For Metro \$5 million was only 84 basis points. We recommend a minimum surplus lump-sum payment of \$1 million or 100 basis point reduction whichever is less. In the alternative, we recommend a minimum surplus lump-sum payment of 50 basis points.

Need to define “pension program contribution rate” or “pension program contribution rates”. It is not clear if the proposed rule requires a minimum surplus lump sum payment resulting in a 1% reduction in one pension program rate or a 1% reduction in each of the employer’s pension program contribution rates...PERS 238 rate, OPSRP general service rate, OPSRP police/fire rate.

(5) defining the three “pension program contribution rates” the OPSRP police/fire rate, the OPSRP general service rate, and the PERS 238 rate will make this section clearer.

Sections (6) through (15) see attached payoff calculation process recommendations.

Crediting Earnings/Losses to Side Accounts and Employer Lump-Sum Payments

OAR 459-007-0530 OAR 459-009-0085 OAR 459-009-0085 OAR 459-009-0090

Conceptual recommendations for changes to the process of making a lump-sum payment:

At least 60 days prior to anticipated payoff, employer must make a request in writing to PERS.

PERS has 5 days after request to check for completeness and forward to Mercer for invoicing. Mercer has three days to forward invoice to employer for payment. If PERS find that the employer request is incomplete, PERS must notify the employer in writing of the lacking items within 5 days after receiving the employer request.

Upon receipt of payment, Mercer has 45 days to send to employer and PERS the calculation for up to two payoff dates for minimum amount, maximum amount and third amount specified by employer.

Employer must alert PERS three days prior to transfer of funds.

To the extent payment is not made on the requested payoff dates, and/or payment is received more than five business days after the intended payment date, Employer may make one updated request of Mercer for two payment dates up to six months following the initial requested payoff date at no additional charge, as long as it is during the same valuation period, such that immediate crediting can occur (rather than waiting for next valuation.). Mercer has 30 days from receipt of the new request to provide the updated information.

Note: If someone misses the opportunity to make a lump-sum payment on the requested payoff dates because the bond market is in a temporary funk, it would be pretty unfortunate to have to go through the same request process all over again for a full second fee. Also, if a lump-sum payment arrives more than five business days after the intended payment date, it is pretty unfortunate to have to wait until the next system valuation before receiving any rate relief.

End.

MEMORANDUM

TO: PERS Board
FROM: Lori Sattenspiel, Legislative and Public Affairs Specialist
SUBJ: Lump Sum Rulemaking
DATE: September 25, 2007

*Employers are generally supportive of the idea of moving from annual to payroll-to-payroll crediting as a step toward exact and timely recognition of earnings. It's a step in the right direction toward providing more real time information on account values, a big goal of the employer alliance. We have requested more real time information on the crediting process and the value of our accounts for several years, and we applaud this effort as a strong first step. But, there is much more work to be done in this area, and we ask the Board's support in encouraging these efforts.

*Some of the changes use imprecise language on what the earnings to be credited will be. The statute is very clear that 'actual' earnings and losses be credited. We suggest a tightening of language in keeping with these statutory requirements, eliminating, or defining new terminology (e.g., 'allocated earnings'). Similarly, the definition of "UAL factor" needs to specify how the UAL factor is computed. Without a definition for "allocated" and no information on how the UAL factor is computed, the UAL factor could be calculated most anyway. In the same vein, we suggest the use of more consistent language between and among rules that address similar topics.

*We understand the desire to set minimums in rule for making surplus contributions, but these minimums need to be reasonable. The current draft of changes to 459-009-0090 sets the minimum surplus lump-sum payment at a level of payroll rate reduction of 100 basis points. This is much too high a bar to set for larger entities who may be interested in depositing millions of dollars in the PERS fund. For example, Metro was considering submitting a lump sum payment of \$5 million in 2005, which calculated to a reduction of only 84 basis points. As an alternative, we recommend a minimum surplus lump-sum payment of \$1 million or 100 basis point reduction whichever is less. In the alternative, we recommend a minimum surplus lump-sum payment of 50 basis points.

*In the context of these rule revisions, we recommend reconsideration of the process by which employers request and receive payoff calculations. The current process -- by which employers must submit a request to Mercer through PERS for two very precise dates, is way too cumbersome, inflexible and time consuming. It is not unusual for the process to take up to two months from the date of the first request. Given that many of these lump sum payments are funded with bond proceeds which requires positive market conditions to be successful, having such inflexible processes may mean losing an opportunity in a volatile market. In that circumstance, the employer would need to submit the request all over again. We have made suggested changes to staff to streamline this process. We appreciate that the actuary has significant demands on their time, but hope that a more reasonable and streamlined process can be accomplished.

AGENDA ITEM	C.4. Review/Appeal Processes

Rulemaking was commenced on the above referenced rules to address concerns employers raised with the dispute resolution processes and other issues related to invoicing employers for prior period contributions. At the PERS Board's September 21, 2007 meeting, comments were distributed from interested parties that raised several concerns about these rules as presented.

Staff is in the process of convening a meeting of the PERS Legislative Advisory Committee to discuss these comments. These rules will be presented to the PERS Board for their further consideration after the Committee has had an opportunity to more fully discuss the issues raised and, hopefully, provide a consensus direction on the resolution of the concerns that can be addressed through the rulemaking process.

OAR 459-013-0110, *Eligibility for Early Benefits*

MEETING DATE	10/19/07
AGENDA ITEM	C.5. Eligibility

OVERVIEW

- Action: None. This is the first reading for the Eligibility Rules.
- Reason: The current rules need to be amended to clarify current practice and administration of membership eligibility standards, accrual of creditable service, and the effect of reaching earliest retirement age.
- Subject: Membership eligibility, accrual of creditable service, and effect of reaching earliest retirement age in the PERS Chapter 238 Program.
- Policy Issue: No policy issues have been identified at this time.

BACKGROUND

To become eligible for benefits in the PERS Chapter 238 Program, an employee must establish membership by completing a waiting period and meet certain other criteria. Once membership is established, the member's employment periods may result in accrual of creditable service, which is used for calculating retirement benefits and establishing eligibility for other aspects of the program, like non-duty disability benefits. Reaching earliest retirement age triggers certain protections that preserve benefit eligibility.

While the statutory criteria for these plan elements have remained relatively constant, PERS' approach to these determinations has evolved through attempts to eliminate complexity and accelerate the process. Now, the EDX reporting system had further evolved the type and nature of information available for these determinations. The employer is now able to clearly communicate their intention as to whether an employee is in a qualifying position, and PERS can track employment segments better to make more timely determinations.

Staff began rulemaking on the following rules to more comprehensively clarify standards and practices in these areas of program administration:

OAR 459-010-0003: This rule outlines the criteria to establish membership in the PERS Chapter 238 Program. The proposed rule modifications streamline and simplify the process and give relevance to an employer's designation of a position as qualifying or non-qualifying.

Acknowledging that the employer can best determine whether a position is qualifying, PERS accepts the employer's designation of a position as qualifying or non-qualifying unless the actual employment record demonstrates that an employee objectively did or did not meet the statutory standard. The proposed Section (5) of the rule reflects provisions on establishing membership moved from OAR 459-010-0035, Six-Month Waiting Period. Those provisions are more appropriately placed in this rule.

OAR 459-010-0014: This rule provides standards used for the determination of accrual of creditable service by an active member of the PERS Chapter 238 Program. The rule was restructured and edited to clarify its existing provisions.

OAR 459-010-0035: This rule outlines the requirements of the six-month waiting period to establish membership in the PERS Chapter 238 Program. The proposed rule modifications incorporate the qualifying position definition of OAR 459-010-0003, clarify the start date of a waiting period, and add provisions on extending the waiting period of school employees for periods during which school is not in session.

OAR 459-013-0010: This rule was last modified in 1999; these modifications delete provisions that are unnecessary or no longer relevant. The proposed rule modifications also clarify the status of a member who reaches earliest retirement age.

SUMMARY OF MODIFICATIONS TO RULES SINCE NOTICE

There have been minor modifications since these rules were presented in September. OAR 459-010-0003(4)(b) was edited to be expressed in the past tense, since no one first employed after August 29, 2003 is eligible for the PERS Chapter 238 program. That section also was edited to include a reference ORS Chapter 341, which provides for an optional retirement plan for certain community college administrative employees.

PUBLIC COMMENT AND HEARING TESTIMONY

A rulemaking hearing was held on October 18, 2007 at 10 a.m. at the State Archives in Salem, and a second hearing will be held on October 23, 2007 at 2 p.m. at PERS headquarters in Tigard. The public comment period ends on October 26, 2007 at 5 p.m. As of preparation of this memo, no public comment had been received.

LEGAL REVIEW

The attached draft rules have been submitted to the Department of Justice for legal review and any comments or changes will be incorporated before the rules are presented for adoption.

IMPACT

Mandatory: No, the Board could retain the existing rules language, but the rules would be less clear and would inhibit the simplification of these determinations.

First Reading – Eligibility Rules

Impact: Employers, members, and staff will benefit from the rules' clarification and simplification of the standards used in these determinations. More manageable standards will enhance understanding and efficient administration by employers and staff.

Cost: There are no discrete costs attributable to these rules.

2 Eligibility and Membership for the PERS Chapter 238 Program

3 (1) For the purpose of this rule:

4 (a) “Concurrent positions” means *[positions]*employment with two or more *[PERS]*
5 participating employers *[where the positions occur together]* in *[any given]*the same
6 calendar year.

7 (b) “Partial year of separation” means a period in the calendar year the
8 employee separates from employment that begins on January 1 of the year and ends
9 before the last working day of the year.

10 *[(b)](c)* “Qualifying position” means a position designated by the employer as
11 qualifying, except:

12 (A) A position or concurrent positions in which an employee performs at least
13 600 hours of service in a calendar year is qualifying regardless of employer
14 designation;

15 (B) A position in a partial year of separation that is continued from an
16 immediately preceding calendar year in which the employee performed at least 600
17 hours of service in the position or concurrent positions is qualifying regardless of
18 employer designation; and

19 (C) A position with one employer in which the employee is employed for the
20 entire calendar year and fails to perform at least 600 hours of service in that
21 position or concurrent positions in the calendar year is non-qualifying regardless of
22 employer designation.

1 *[(A) For an employee who is employed in a position or in concurrent positions*
2 *designated as non-qualifying and performs 600 or more total hours of service in a*
3 *calendar year, the position or concurrent positions will be considered qualifying and the*
4 *employee shall be considered to have performed service in a qualifying position from the*
5 *date of employment or January 1 of the calendar year in which the employee performed*

7 *[(B) Except as provided in paragraph (C) of this subsection, for an employee who is*
8 *employed in a position or concurrent positions designated as qualifying and performs*
9 *less than 600 hours of service in a calendar year, the position or concurrent positions*
10 *will be considered non-qualifying from the date of employment or January 1 of the*
11 *calendar year in which the employee performed less than 600 hours of service, whichever*
12 *is later.]*

13 *[(C) For purposes of determining qualification upon separation from employment,*
14 *but not for any other purpose, if an employee was employed in a position or concurrent*
15 *positions for less than a full calendar year and performed less than 600 hours of service*
16 *in that calendar year, but would have performed 600 hours of service or more if the*
17 *employee had performed service in the same position or concurrent positions for the full*
18 *calendar year, and if the employee performed 600 or more hours of service in the*

3 (e) “Working day” means a day that the employer is open for business.

4 (2) At the time an employee is hired, an employer must designate the
5 employee’s position as qualifying or non-qualifying. An employer must designate a
6 position as qualifying if the position is one in which an employee would normally
7 perform at least 600 hours of service in a calendar year.

8 (3) Employer designation of a position as qualifying or non-qualifying must be
9 determined by PERS from information communicated to PERS by the employer.
10 An employer designation that is contrary to the provisions of subsection (1)(c) of
11 this rule in any calendar year will be reversed for that calendar year.

12 ~~[(2)]~~(4) Eligibility. An employee who was employed in a qualifying position
13 before August 29, 2003 by an employer participating in the PERS Chapter 238
14 Program was eligible to become a member of that program *[qualifies as a member of*

5 same employer that employed the employee throughout the waiting period.

6 *[(3) An employee shall remain an active member in PERS if the employee is*
7 *employed in a qualifying position that totals 600 or more hours of service per calendar*
8 *year.]*

9 *[(4) If an employee hired into a non-qualifying position completed service meeting*

2 **Creditable Service in the PERS Chapter 238 Program**

3 (1) For purposes of this rule:

4 (a) “Active member” has the same meaning as provided in ORS 238.005(12)(b).

5 (b) “Creditable service” has the same meaning as provided in ORS 238.005(5).

6 (c) “Major fraction of a month” means a minimum of 50 hours in any calendar
7 month in which an active member is being paid a salary by a participating public
8 employer and for which benefits under ORS Chapter 238 are funded by employer
9 contributions.

10 (2) An active member accrues one month of creditable service for each month
11 in which the member performs service for the major fraction of the month.

12 (3) An active member is presumed to have performed service for a major
13 fraction of a month if:

14 (a) The member performs at least 600 hours of service in the calendar year and

2 (3) of this rule may be rebutted by the member or the employer by providing
3 records that establish that the member did or did not perform service for the major
4 fraction of a month as defined in subsection (1)(c) of this rule.

5 (5) Sections (2) and (3) of this rule notwithstanding, an active member who is a
6 school employee will accrue six months of creditable service if the member performs
7 service for all portions of a school year that fall between January 1 and June 30, and
8 six months of creditable service if the member performs service for all portions of a
9 school year that fall between July 1 and December 31.

10 (6) A member may not accrue more than one month of creditable service for

MEETING DATE	10/19/07
AGENDA ITEM	C.6. LOM Earnings Crediting

OVERVIEW

- Action: None. This is the first reading of the Loss of Membership Earnings Crediting Rules.
- Reason: Section 5 of HB 2619 requires PERS to credit net earnings to Loss of Membership accounts when a former member re-establishes active membership. OAR 459-007-0110 and 459-007-0290 need to be amended to reflect this change and OAR 459-007-0160 is a new rule explaining how the Loss of Membership accounts will be credited.
- Subject: Crediting earnings to Loss of Membership accounts for periods of active membership.
- Policy Issue: No policy issues have been identified at this time.

BACKGROUND

HB 2619, effective July 16, 2007, includes a provision requiring PERS to credit earnings and losses to Loss of Membership accounts when a former member establishes active membership. Net earnings and losses will be credited only for periods of active membership on and after July 16, 2007. The proposed rules are necessary because of this statutory change.

OAR 459-007-0110: The proposed rule modification provides an exception under which a Tier One member's Loss of Membership account will receive earnings by referencing the new OAR.

OAR 459-007-0290: The proposed rule modification provides an exception under which a Tier Two member's Loss of Membership account will receive earnings by referencing the new OAR.

OAR 459-007-0160: This new rule outlines the manner in which Loss of Membership accounts will be credited with net earnings and losses.

SUMMARY OF MODIFICATIONS TO RULES SINCE NOTICE

There have been no modifications to the proposed rule since notice.

The public comment period ends on October 26, 2007 at 5 p.m. As of preparation of this memo, no public comment had been received.

IMPACT

Mandatory: Yes, the exiting rules' provisions are contrary to Section 5 of HB 2619. The rule modifications and the creation of the new rule accommodate the statutory change.

Impact: Members will benefit from the crediting of earnings to Loss of Membership accounts during periods they are unable to withdraw these accounts.

Cost: There are no discrete costs attributable to these rules.

MEETING DATE	10/19/07
AGENDA ITEM	C.7. BIS Elimination

OVERVIEW

- Action: None. This is the first reading for the rules affected by House Bill 2285, Elimination of Break in Service/Accrual of Retirement Credit.
- Reason: These rules were originally drafted to accommodate provisions of ORS Chapter 238A (2003) regarding “Break in Service” and the full-time equivalency (FTE) accrual method for OPSRP Pension Program retirement credit. The rules need to be amended to comply with the elimination of these concepts by House Bill 2285.
- Subject: Elimination of “Break in Service” and Accrual of OPSRP Pension Program Retirement Credit.
- Policy Issue: No policy issues have been identified at this time.

BACKGROUND

House Bill 2285 eliminates the statutory provisions for “Break in Service.” “Break in Service” established special conditions under which a PERS Chapter 238 Program member would become a member of the OPSRP Pension Program upon returning to PERS-covered employment. HB 2285 applies retroactively to treat “Break in Service” as if it had never existed. A PERS Chapter 238 Program member remains a member of that program unless that membership is terminated under the provisions of ORS 238.095.

HB 2285 also retroactively eliminates the FTE accrual method of OPSRP Pension Program retirement credit and establishes an accrual method that parallels the accrual of creditable service in the PERS Chapter 238 Program.

The proposed modifications to these rules are necessary to accommodate the provisions of HB 2285.

OAR 459-011-0050: A PERS Chapter 238 Program member who withdraws and returns to PERS-covered employment may, under certain circumstances, restore the membership and

service rights forfeited by the withdrawal. The proposed rule modifications eliminate provisions applying "Break in Service" to the restoration of rights under this rule.

OAR 459-070-0001: This rule provides definitions to be used in the OARs in Divisions 070, 075, and 080 regarding OPSRP. The proposed rule modifications remove "Break in Service" from the OPSRP definitions and, in addition, clarify standards for determining a qualifying position in the OPSRP Pension Program. The revised definitions of "qualifying position" and "service" reflect the same standards as in OAR 459-010-0003, which would result in parallel and consistent determinations in the OPSRP Pension and PERS Chapter 238 Programs.

OAR 459-075-0010: This rule outlines the criteria to establish membership in the OPSRP Pension Program. The proposed rule modifications delete text regarding the effect of "Break in Service" upon eligibility. The remaining eligibility provisions have been restructured for clarity and to include provisions addressing employment of a PERS Chapter 238 Program member by an employer participating only in the OPSRP Pension Program. The waiting period and membership provisions have been edited to provide for parallel administration of eligibility and membership in the PERS Chapter 238 Program provisions in OARs 459-010-0003 and 459-010-0035 to the extent permitted by statute.

459-075-0150: This rule was extensively rewritten to eliminate provisions regarding the FTE accrual method for OPSRP Pension Program retirement credit. The proposed modifications mirror the accrual method for creditable service in the PERS Chapter 238 Program, again providing for parallel and consistent administration of the programs.

PUBLIC COMMENT AND HEARING TESTIMONY

A rulemaking hearing was held on October 18, 2007 at 10 a.m. at the State Archives in Salem, and a second hearing will be held on October 23, 2007 at 2 p.m. at PERS headquarters in Tigard. The public comment period ends on October 26, 2007 at 5 p.m. As of preparation of this memo, no public comment had been received.

SUMMARY OF MODIFICATION TO RULES SINCE NOTICE

There has been one minor modification to one rule since notice. OAR 459-075-0010(1)(c) was edited to also reference ORS Chapter 341, which provides for an optional retirement plan for certain community college administrative employees.

LEGAL REVIEW

The attached draft rules have been submitted to the Department of Justice for legal review and any comments or changes will be incorporated before the rules are presented for adoption.

IMPACT

Mandatory: Yes, the rules' provisions regarding "Break in Service" and the accrual of OPSRP Pension Program retirement credit are contrary to the provisions of House Bill 2285. If not modified to accommodate the statutory changes, the rules will become inaccurate.

Impact: Members, employers, and staff will benefit from comprehensive guidance regarding the implementation of House Bill 2285 and the parallel administration of programs.

Cost: There are no discrete costs attributable to these rules. Parallel administration of programs may provide administrative savings.

BACKGROUND

House Bill 2286 amended provisions in the Oregon Savings Growth Plan OSGP at ORS 243.507 to allow an alternate payee to take a distribution from his or her account prior to the date the employee would be eligible to receive a distribution. These changes were made to conform to governmental deferred compensation plan regulations enacted pursuant to the Economic Growth and Tax Relief Reconciliation Act of 2001 that allow an alternate payee to take a distribution without a qualifying event, if allowed in a Qualified Domestic Relations Order. These rule modifications are necessary to comply with the statutory changes. While the rules are open, definitions are also being re-ordered so that the terms are listed alphabetically.

PUBLIC EMPLOYEES RETIREMENT BOARD
CHAPTER 459
DIVISION 050 – DEFERRED COMPENSATION**

1 **459-050-0080**

2 **Distribution of Funds After a Severance of Employment**

3 The purpose of this rule is to establish the criteria and process for obtaining a
4 distribution of deferred compensation funds after a participant’s severance of
5 employment as defined herein. Distribution under the Deferred Compensation Program
6 shall be made in accordance with any minimum distribution or other limitations required
7 by Internal Revenue Code (IRC) section 401(a)(9). ~~[[~~26 U.S.C. 401(a)(9) and related
8 regulations.

9 (1) Definitions. The following definitions apply for the purpose of this rule:

10 *[(a) “Severance of Employment” means a participant has ceased rendering services*
11 *as an employee or an independent contractor of a plan sponsor for a minimum of 30*
12 *consecutive days, including services as a temporary employee, and has no intention to*
13 *return to work for the plan sponsor.]*

14 *[(b) “Intention to return to work” means a written or oral, formal or informal*
15 *agreement has been made with the plan sponsor to return to work on a full time, part*
16 *time or temporary basis at the time the severance is effective. If a participant returns to*
17 *work with the plan sponsor within 30 calendar days of severance, then a rebuttable*
18 *presumption exists that the participant intended to return to work as of the date of*
19 *severance.]*

20 *[(c)](a) “Commencement date” means the month and year that a participant [or an*
21 *alternate payee] will begin receiving a distribution(s) from the Deferred Compensation*
22 *Program, whether by operation of the participant’s [or alternate payee’s] election or*

1 under the terms of the plan. *[The commencement date may be no earlier than the second*
2 *calendar month following the month in which severance from employment became*
3 *effective.]* The commencement date is not the date that the necessary funds are liquidated
4 for distribution.

5 *[(d) “Liquidation of funds” means the conversion of the necessary funds from the*
6 *investments in the Deferred Compensation Program into cash for payment under a*
7 *specified manner of distribution.]*

8 *[(e) “Liquidation date” means the date the Deferred Compensation Program*
9 *designates for liquidation of funds. Generally, the liquidation date will not be earlier*
10 *than the 25th day of the calendar month preceding the commencement date. The*
11 *Deferred Compensation Program may determine the liquidation date based on normal*
12 *business practices. The Deferred Compensation Program is not liable to a participant for*
13 *failure to liquidate an investment on a specified date.]*

14 *[(f)](b)* “Date of distribution” means the date funds are distributed to the participant,
15 alternate payee, beneficiary, or other recipient in accordance with the plan, regardless of
16 the mechanism by which those funds are distributed.

17 **(c) “Intention to return to work” means a written or oral, formal or informal**
18 **agreement has been made with the plan sponsor to return to work on a full time,**
19 **part time or temporary basis at the time the severance is effective. If a participant**
20 **returns to work with the plan sponsor within 30 calendar days of severance, then a**
21 **rebuttable presumption exists that the participant intended to return to work as of**
22 **the date of severance.**

1 (d) “Liquidation date” means the date the Deferred Compensation Program
2 designates for liquidation of funds. Generally, the liquidation date will not be earlier
3 than the 25th day of the calendar month preceding the commencement date. The
4 Deferred Compensation Program may determine the liquidation date based on
5 normal business practices. The Deferred Compensation Program is not liable to a
6 participant for failure to liquidate an investment on a specified date.

7 (e) “Liquidation of funds” means the conversion of the necessary funds from
8 the investments in the Deferred Compensation Program into cash for payment
9 under a specified manner of distribution.

10 ~~[(g)]~~(f) “Manner of distribution” means the manner elected by the participant,
11 alternate payee, or beneficiary in accordance with the terms of the plan, in which a
12 distribution is to be paid out of the Deferred Compensation Program.

13 ~~[(h)]~~(g) “Required beginning date” means April 1 of the calendar year following the
14 later of:

- 15 (A) The calendar year in which the participant reaches 70-1/2 years of age; or
- 16 (B) The calendar year in which the participant retires.

17 (h) “Severance of Employment” means a participant has ceased rendering
18 services as an employee or an independent contractor of a plan sponsor for a
19 minimum of 30 consecutive days, including services as a temporary employee, and
20 has no intention to return to work for the plan sponsor.

21 (2) Manner of distribution. Subject to the provisions of sections (3) through (5) set
22 out below, a participant, surviving beneficiary, or alternate payee may elect a manner of
23 distribution, designate one or more beneficiaries, and change beneficiaries at any time.

1 The total amount distributed may not exceed the total account value. The following
2 manners of distribution are available:

3 (a) Total distribution of the account value in a lump sum. A lump-sum distribution is
4 not eligible for direct deposit;

5 (b) Single distribution of a portion of the account value in a lump sum. This form of
6 lump-sum distribution is not eligible for direct deposit. Funds not distributed shall
7 continue to receive earnings or losses based on the performance of investment option(s)
8 in which funds are held;

9 (c) Systematic withdrawal distribution for a specific number of years, which may be
10 paid annually, semiannually, quarterly or monthly. Any funds remaining after each
11 periodic payment shall continue to receive earnings or losses based on the performance
12 of investment option(s) in which the funds are held. The remaining number of periodic
13 distributions shall not change. However, the amount of distributions shall be adjusted
14 depending on the earnings or losses experienced;

15 (d) Periodic specified dollar amount distribution. This distribution may be paid
16 annually, semiannually, quarterly or monthly, and may be paid in specific dollar amounts
17 in \$5 increments. Any funds remaining after each periodic payment shall continue to
18 receive earnings or losses based on the performance of investment option(s) in which the
19 funds are held. The amount of each periodic distribution will remain the same throughout
20 the withdrawal period. However, the withdrawal period may vary depending on the
21 earnings or losses experienced;

22 (e) Required minimum distribution, which will provide an annual distribution of the
23 minimum amount required in IRC section 401(a)(9), ~~[(1)26 U.S.C. 401(a)(9)]~~. This

1 manner of distribution is available only to those who defer distribution to age 70-1/2
2 years of age (no later than April of the year following the year reaching 70-1/2 years of
3 age) or a participant who continues to work and severs employment after 70-1/2 years of
4 age. Funds not distributed shall continue to receive earnings or losses based on the
5 performance of investment option(s) in which funds are held; or

6 (f) Mandatory single lump-sum distribution of an account balance of less than
7 \$1,000. This distribution shall be made to any participant or alternate payee with an
8 account balance of less than \$1,000 within one year of the participant's severance of
9 employment.

10 (3) Application Requirements. Application shall be made on forms provided by, or
11 other methods approved by, the Deferred Compensation Program. No distribution may be
12 paid unless a timely and complete application is filed with the Deferred Compensation
13 Program as follows:

14 (a) An application for distribution or to change the manner of distribution will be
15 considered filed in a timely manner if it is received in writing or other method approved
16 by the Deferred Compensation Program at least 30 days *[prior to]*before the requested
17 commencement date. The commencement date may be no earlier than the second
18 calendar month following the month of severance of employment.

19 (b) An application for distribution or to change the manner of distribution may be
20 made by a participant, surviving beneficiary, or alternate payee or the authorized
21 representative of a participant, surviving beneficiary or alternate payee. A valid
22 document appointing an authorized representative such as a power of attorney,
23 guardianship or conservatorship appointment, must be submitted to the Deferred

1 Compensation Program. The Deferred Compensation Program retains the discretion to
2 determine whether the document is valid for purposes of this rule.

3 (c) The participant, surviving beneficiary, or alternate payee must file a tax-
4 withholding certificate with the Deferred Compensation Program at least 30 days *[prior*
5 *to]*before the requested commencement date. If the certificate is not filed, the Deferred
6 Compensation Program shall withhold state income taxes based on a marital status of
7 single and no dependents and federal income taxes based on a marital status of married
8 and 3 dependents, or other federally mandated tax withholding requirements. A new
9 certificate may be filed at any time, and will be applied to distributions paid on and after
10 the first calendar month following the date received or as soon as reasonably possible.

11 (d) When direct deposit is permitted under the Deferred Compensation Plan, a
12 request for periodic distributions to be transmitted to a financial institution for direct
13 deposit must be made using a Deferred Compensation Program Automatic Deposit
14 Agreement.

15 (e) Distribution of deferred compensation funds will occur no later than five days
16 following the date funds necessary for a specified payment were liquidated. Liquidation
17 of funds will be done on a pro-rata basis determined by the investment allocation of an
18 account at the time the funds are liquidated or from the Stable Value account, at the
19 participant's election. The election must be filed before the participant begins receiving
20 distributions. If the participant elects distribution from the Stable Value account and there
21 are insufficient funds in that account on the date of each distribution (whether monthly,
22 quarterly, semi-annually, or annually), the distribution will be done on the pro-rata basis
23 described above regardless of the participant's election.

1 (4) Denial of distribution election. The Deferred Compensation Program may deny
2 any distribution election if that denial is required to maintain the status of the Deferred
3 Compensation Program under the Internal Revenue Code and regulations adopted
4 pursuant to the Internal Revenue Code and ORS Chapter 243.

5 (5) Changing the manner of distribution. A participant, surviving beneficiary or
6 alternate payee may change or discontinue the manner of distribution only as follows and
7 subject to the requirements of section (3) above:

8 (a) Manners of distribution under sections (2)(c), (2)(d) and (2)(e) of this rule may
9 be changed at any time upon application as required under section (3) of this rule.

10 (b) Distributions under sections (2)(c) and (2)(d) of this rule may be discontinued
11 upon written notification or by other methods approved by the Deferred Compensation
12 Program. The participant, surviving beneficiary, or alternate payee must submit an
13 application, as required in section (3) of this rule, to restart distributions and elect a
14 manner of distribution for the remaining account.

15 (c) Subject to the requirements of this rule, a participant, surviving beneficiary or
16 alternate payee who has commenced receiving a required minimum distribution may
17 apply under the requirements of section (3) of this rule:

18 (A) For one or more additional distributions in a lump sum not to exceed the total
19 value of the account; and

20 (B) To change the manner of distribution so long as future distributions will be
21 continuous and equal to or greater than the minimum distribution required.

MEETING DATE	10/19/07
AGENDA ITEM	C.9. ETOB

OVERVIEW

- Action: None. This is the first reading of the Equal To or Better Than Rules.
- Reason: Update rules to reflect legislative changes.
- Subject: Board assessment of non-PERS employer retirement benefits for police officers and firefighters.
- Policy Issue: What circumstances should trigger a review of a previously granted exemption from PERS participation for an employer's police and fire members?

BACKGROUND

ORS 237.620 requires all public employers to provide PERS retirement benefits to their police officer or firefighter employees unless the PERS Board determines that another plan provides benefits that are equal to or better than (ETOB) the PERS benefits. The Board has developed a set of rules that outlines the application process and methodology for an actuarial review of the employer's retirement benefits to determine if the benefits meet the ETOB standard.

HB 2280 eliminates the requirement that the PERS Board conduct an ETOB study every two years. This bill also sets the comparative benchmark for the ETOB study to the PERS benefits that were in effect at the time the police officer or firefighter was hired. Lastly, the bill eliminates the requirement that those employers failing to meet the ETOB standard must join PERS but, rather, requires the employer to provide comparable benefits to police officers and firefighters. Three sets of rule modifications are necessary to reflect these legislative changes.

POLICY ISSUE

What circumstances should trigger a review of a previously granted exemption from PERS participation for an employer's police and fire members?

One of the primary purposes of HB 2280 was to eliminate the two-year ETOB testing requirement as the consensus of PERS stakeholders was that requirement was costly and administratively burdensome while providing little extra protection to those non-PERS

employees. HB 2280 changes the statute to leave the trigger for an ETOB review to be determined by the PERS Board.

Staff Recommendation: Based on stakeholder testimony during consideration of HB 2280, staff recommends that the ETOB review be triggered only when the employer reduces benefits by amending the retirement plan after the previous exemption was granted.

PUBLIC COMMENT AND HEARING TESTIMONY

A rulemaking hearing was held on October 18, 2007 at 10 a.m. at the State Archives in Salem, and a second hearing will be held on October 23, 2007 at 2 p.m. at PERS headquarters in Tigard. The public comment period ends on October 26, 2007 at 5 p.m.

Two comments had been received as of preparation of this memo. Greg Hartman submitted a letter dated September 17, 2007, a copy of which is attached to this memo. Mr. Hartman raises three “fundamental issues” that he states need to be addressed during the rulemaking process:

1. PERS’ changed responsibility. Mr. Hartman poses the question whether the changes by HB 2280 mean PERS’ duty ends once its determined that the employer is not in compliance, or if the agency has a greater responsibility to assure compliance. This issue is addressed by modifying OAR 459-030-0030 to eliminate section (3), which previously compelled the employer to join OPSRP. The statutory change added a new, specified remedy that, as Mr. Hartman posits, removes PERS as a remedy so the rules are being modified to reflect that change.
2. Testing. Mr. Hartman asserts that the test to be administered must substantially change and the actuary should weigh in. Staff disagrees. The standard of comparison is stated in OAR 459-030-0025, which was modified with Mercer’s active participation when these rules were last amended. The comparison principles are:
 - The test compares the aggregate total actuarial present value of retirement benefits accrued since July 1, 1973;
 - The Board does not require that every retirement benefit for each individual employee be equal to or better than the particular benefit that employee would have received;
 - The public employer’s retirement plan provides at least 80% of the actuarial present value of projected retirement benefits in each of the major categories of benefits available: service retirement, disability retirement, death benefit, and vesting.

The proposed rule modifications appropriately direct that these comparisons are to the employee class (Tier One, Tier Two, or OPSRP), as required by HB 2280. But the basic actuarial comparison principles were not changed by the law.

3. Future Testing. Based on legislative testimony during consideration of HB 2280, both the Employers PERS Alliance and PERS Coalition indicated their clear expectation and agreement that a change in the employer’s plan that reduced benefits would be the trigger for re-examining an ETOB exception. The proposed rule modifications reflect that expectation. Staff would recommend that if additional triggers are to be incorporated into

the rule, they should be considered by the PERS Board at the suggestion of and, hopefully, with the consensus agreement of the relevant stakeholders.

To this point, Brian Delashmutt also submitted a comment that testing should occur “when an employer changes his plan” instead of just when the change results in a decrease in benefits. The standard stated in OAR 459-030-0011 is predicated on a plan change that decreases benefits. Reviewing an ETOB exception is only relevant when the plan change decreases benefits. Mr. Delashmutt states that, unless a review occurs, how would anyone know if the change is for the better or is a decrease in benefits?

The difficulty with the standard Mr. Delashmutt proposes is it would trigger an ETOB test at every plan change, adding significant costs and complexity to an increase in benefits when it’s not warranted. Whether a change decreases benefits is a determination independent of the ETOB comparison; that measures only the employer’s plan to PERS, not a new version of the plan to a prior one. If a plan change could result in an employer needing to submit a plan for review isn’t something PERS can determine or compel, as we understand the amended statutory structure.

Staff recommends that the rule modifications continue to establish that an ETOB review is only triggered by a change in an employer’s plan that results in a decrease in benefits.

Mr. Hartman also asked that the PERS Board create an opportunity to meet with PERS staff and the actuary to explore these and other related issues. As a practical matter, the rule timeline was established to have them in place when the statutory changes become effective January 1, 2008. The actuary has indicated that their principle focus for the next several months is the Actuarial Valuation Report, so their availability is limited. PERS staff would, of course, be willing to provide whatever assistance we can. There is a public hearing already scheduled for these rules in Tigard, or we will work with Mr. Hartman to find another time if that’s not convenient.

SUMMARY OF MODIFICATIONS TO RULES SINCE NOTICE

OAR 459-030-0011(2) was modified to more correctly state that the ETOB exception continues until the PERS Board determines that the employer’s plan no longer meets the requisite standard.

LEGAL REVIEW

The attached draft rules have been submitted to the Department of Justice for legal review and any comments or changes will be incorporated before the rules are presented for adoption.

IMPACT

Mandatory:

OAR 459-030-0011: Yes, as the PERS Board must establish a standard for reviewing the ETOB exemption by rule.

OAR 459-030-0025: Yes, this rule conflicts with the requirements of HB 2280. Specific comparative measures for the ETOB study based on the equivalent retirement benefits offered by PERS at the time the non-PERS police officers or firefighters were hired need to be added to the rule.

OAR 459-030-0030: Yes, this rule conflicts with the requirements of HB 2280. This legislation eliminated the requirement that all non-employers failing the ETOB study provide PERS retirement benefits to its police officers and firefighters.

Impact: These changes will result in lower costs and a reduced administrative burden for both PERS and ETOB employers.

Cost: The revised rules will result in cost savings for non-PERS employers by eliminating the frequent ETOB exemption review. Changing the comparison standard may limit potential costs savings for employers, but that effect is not discrete to this rule.

2 “Equal To or Better Than” Exemption

3 (1) *[If a]* A public employer that provides retirement benefits to its police officers
4 and firefighters that are equal to or better than the benefits that would be provided to
5 them under *[the Oregon Public Service Retirement Plan]* PERS *[, the public employer]*
6 may petition the Board for an exemption from participation of such employees. Such

8 (2) Any exemption granted under this division will continue until the PERS

10 better than benefits at the time of the valuation date.

11 (3) Whenever a change decreasing the public employer’s retirement benefits is
12 adopted, the public employer must file with the Board a new petition for exemption.
13 If the public employer fails to file a new petition within 60 days of adoption (or the
14 date the change in retirement benefits takes effect, if later), then the exemptions will

2 **Standards for Review of Police Officers and Firefighters Retirement Plans**

3 (1) A determination whether a public employer provides retirement benefits to its
4 police officers and firefighters that are equal to or better than the benefits that would be
5 provided to them **by[under] PERS [the Oregon Public Service Retirement Plan**
6 **(OPSRP)]** will be made as of the valuation date. The “valuation date” is the date set by

8 and **the PERS[under the OPSRP]** retirement plan shall be compared.

9 (2) The Board will consider the aggregate total actuarial present value of **[all]**
10 retirement benefits **for each employee class** accrued since July 1, 1973 and projected to
11 be accrued after the valuation date by the group of police officers and firefighters
12 employed on the valuation date by the public employer. The projected benefits will
13 compare the total value of benefits, **by class**, that would be accrued if the police officers
14 and firefighters **were[became]** members of **an equivalent class of employees**
15 **participating in the PERS retirement benefit plan as follows:**

16 **(a) Police officers or firefighters who are entitled to receive benefits only under**
17 **ORS chapter 238 and who established membership in the system before January 1,**
18 **1996, as described in ORS 238.430(2);**

19 **(b) Police officers or firefighters who are entitled to receive benefits only under**
20 **ORS chapter 238 and who established membership in the system on or after**
21 **January 1, 1996, and before August 29, 2003, as described in ORS 238.630.**

1 (c) Police officers or firefighters who established membership in the system on
2 or after August 29, 2003, and are entitled to benefits only under the Oregon Public
3 Service Retirement Plan as described in ORS 238A.025.*[OPSRP or remained in the*
4 *plan being evaluated.]*

5 *[(a)]*(d) The Board *[will]*may not require that every retirement benefit for each
6 individual employee be equal to or better than the particular benefit that employee
7 would have received as a member of that employee’s class as defined under
8 subsections (a) to (c) of this section*[he or she would receive under OPSRP].*

9 *[(b)]*(e) The Board will require that the public employer’s retirement plan or plans
10 provide at least eighty percent (80%) of the actuarial present value of projected
11 retirement benefits in each of the major categories of benefits available for each
12 employee class under the equivalent PERS retirement benefit*[under OPSRP],*
13 namely: A service retirement; a disability retirement; a death benefit; and vesting.

14 (3) In conducting an actuarial review of a public employer’s retirement plan for its
15 police officers and firefighters, the actuary retained by the Board will use demographic
16 data supplied by the employer to determine whether the retirement benefits provided
17 under the plan are equal to or better than the benefits which would be provided under
18 PERS*[OPSRP]*. If the employer does not provide sufficient data in a timely manner, the
19 actuary will use a hypothetical data set representing a demographic cross-section of
20 police officers and firefighters who are subject to this division.

21 (4) The Board will conduct its review based on its current actuarial assumptions for
22 the equivalent class of police officers and firefighters of public employers in
23 PERS*[OPSRP]*.

1 (5) The Board will consider the cost of the benefits to be provided and the proportion
2 of the cost being paid by the public employer and the participating police officers and
3 firefighters. The Board will consider whether the benefits to be provided by the employer
4 are funded, and the adequacy of funding. Whether the benefits are provided by contract,
5 trust or insurance, or a combination thereof shall have no effect on the decision to grant
6 or deny the petition.

7 (6) In considering a public employer’s retirement plan provisions, the Board will not
8 value portability of pension credits, tax advantages, Social Security benefits or
9 participation, and any worker’s compensation component of a public employer’s plan as
10 determined by the employer.

11 (7) Additional actuarial assumptions as shall be needed to evaluate public employer
12 plan provisions shall be considered by the Board’s actuary to be consistent with
13 assumptions specified in these rules. Any disputes as to the appropriateness of additional
14 actuarial assumptions shall be resolved by the Board in its sole discretion.

3 (1) The actuary will issue a written report that concludes whether a public

5 0025. After receipt of the written actuarial review report and recommendations of staff,
6 the Board will issue an order granting or denying the petition for exemption. No order

Re: ORS 237.620 (Equal-to-or-Better-Than)
Our File No.: 5415-237

Dear Paul:

The 1973 legislature provided that police officers and fire fighters in the state of Oregon were entitled either to participation in PERS or alternatively to a pension plan which was equal to or better than PERS. This requirement has been a source of controversy virtually since its inception. The 2007 legislature made two significant changes to the equal-to-or-better-than statute. The first and most fundamental is that the default position for employers who do not provide an equal-to-or-better-than plan is no longer mandatory participation in PERS. At the inception of the equal-to-or-better-than requirement, requiring an employer who did not meet the test to integrate into PERS made good sense. However with the development of multiple PERS tiers, integration into PERS, which can only be done on a prospective basis, no longer provided an adequate remedy to those police or fire fighters whose plans were not deemed sufficient. In fact when we last reviewed the rules on equal-to-or-better-than it became clear that forcing participation in PERS could actually be harmful to police officers and fire fighters whose plans were no longer sufficient to meet the test.

The new statute avoids this problem by eliminating integration into PERS as the default and now requiring that an employer whose plan is not deemed sufficient is required to make amendments to bring the plan up to sufficiency under the equal-to-or-better-than standard. Interestingly an employer who failed the equal-to-or-better-than test is not only no longer required to join PERS, but joining PERS would be extremely unlikely to satisfy the test under the new statute.

The second significant change in the new statute is the more specific direction given by the legislature that testing must be done by classes based on the tier that the participant would have been in, had they been a member of PERS. This will require a fundamental restructuring of the test as the most recent test would clearly not be adequate under this more-specific approach.

I believe that the new statute raises some fundamental issues which need to be addressed during the rulemaking process.

1. Because integration into PERS is no longer the default, this is no longer a request for an exemption from PERS but is more properly thought of as a request for certification. This change will have the greatest impact in determining what the appropriate role for PERS is in circumstances where an employer does not pass the equal-to-or-better-than test. Does PERS's responsibility end once it has determined that the employer is not in compliance with the statute, or does PERS have a greater responsibility to assure compliance?

2. Clearly the test which will be administered pursuant to the legislature's more specific direction is going to be substantially different from the most recent test. Certainly the rules to implement the new statute should not be finalized until the actuary has had an opportunity for full input on the type of analysis which will be required. Any rules should be written so that they are consistent with that required test.

3. The adoption of the more-specific standards for comparison will require a new test for exempt employers once the rulemaking process has been completed. The next question which should be addressed is what would be an appropriate trigger for additional testing in the future. Should it focus solely on potential changes in either PERS or the employer's plan, or will the passage of time, which may change the demographics of an employer, also be sufficient to trigger a new test?

The last time the PERS board did rulemaking in this area, it did so only after stakeholders had a full opportunity to meet with PERS staff as well as the PERS actuary to explore all of the issues which arose under the prior testing process. Given the substantial change mandated by the statute, it would be entirely appropriate for the PERS board to create an opportunity for stakeholders to meet with PERS staff as well as the PERS actuary to explore some of the issues identified above and other issues which may arise during the rulemaking process. I would appreciate your including this letter in the board's meeting packet for the upcoming meeting, and I will, of course, be ready to address any issues at the upcoming meeting on this equal-to-or-better-than process.

Yours very truly,

Gregory A. Hartman

TO: Members of the PERS Board
FROM: Steven Patrick Rodeman, Administrator, PPLAD
SUBJECT: First Reading of IAP Account Installments Rule
OAR 459-080-0250, *IAP Account Installments*

MEETING DATE	10/19/07
AGENDA ITEM	C.10. IAP Account Installments

OVERVIEW

- Action: None. This is the first reading of OAR 459-080-0250, *IAP Account Installments*.
- Reason: Update rule to include new IAP distribution option provided in House Bill 2679.
- Subject: IAP Estimated Lifetime Installment Option.
- Policy Issue: Which estimated lifetime calculation method should PERS adopt?

BACKGROUND

HB 2679 provided a new distribution option for retirement benefits paid from the IAP account. This new option, to pay installments based on the member's estimated life expectancy, allows PERS to report on their 1099R a known exception to the penalty for distributions made under this option to retirees under age 59½.

POLICY ISSUE

Which estimated lifetime calculation method should PERS adopt?

The estimated lifetime distribution option is not an annuity, nor is it a guarantee that payments will continue for the member's actual lifetime. Instead, the payment stream is based on the member's estimated life expectancy. There are three methods the IRS permits:

- 1) Required Minimum Distribution Method
 - a. The account balance is divided by the individual's life expectancy, using one of three IRS' mortality tables, resulting in the amount to be distributed for the year.
 - b. This amount would be divided by 12 to determine the monthly amount, or by four to determine a quarterly amount (depending on the member's request and subject to the \$200 minimum payment amount provided by ORS 238A.400).
 - c. The account will continue to be subject to market gains and losses.
 - d. Under this method, the annual distribution amount is recalculated each year.
 - e. Distributions cease once the account reaches a zero balance.
- 2) Amortization Method
 - a. Amortizes the member's account for a period of years equal to the member's life expectancy, based on one of three IRS mortality tables.

- b. An interest rate is applied to calculate the payments. The rate used is not a guarantee, but is used only to determine the distribution amount.
 - c. The account balance will continue to change based on actual earnings and losses.
 - d. Under this method, the distribution amount is set and does not change. The payment will be monthly, quarterly, or annually (depending on the member's request and subject to the \$200 minimum payment provided by ORS 238A.400)
 - e. Once the account has a zero balance, distributions cease.
- 3) Annuitization Method
- a. Determines the amount of the distribution by multiplying the member's account balance by an annuity factor. This factor must be used from a particular IRS mortality table. The factor is based on the member's age when distributions begin.
 - b. The interest rate used must be reasonable, based on the federal mid-term rate. The rate used is not a guarantee, but is used only to determine the distribution amount.
 - c. The account balance will continue to change based on actual earnings and losses.
 - d. Under this method, the distribution amount is set and does not change. The payment will be monthly, quarterly, or annually (depending on the member's request and subject to the \$200 minimum payment provided by ORS 238A.400)
 - e. Once the account has a zero balance, distributions cease.

Staff Recommendation: Of the three possible methods, staff recommends using the first option, the Required Minimum Distribution Method. Only under this method is the annual distribution amount recalculated every year, more accurately reflecting the actual earnings and losses posted to the member's account. Payment duration will more closely match the schedule originally set, although the amount will fluctuate with market shifts. While this method does impose the most substantial administrative burden, it closely parallels one with which staff is already familiar.

SUMMARY OF CHANGES SINCE NOTICE

Section (3) was edited to more accurately reflect how accounts are adjusted for members receiving installment payments.

LEGAL REVIEW

The attached draft rule has been submitted to the Department of Justice for legal review and any comments or changes will be incorporated before the rule is presented for adoption.

PUBLIC COMMENT AND HEARING TESTIMONY

A rulemaking hearing was held on October 18, 2007 at 10 a.m. at the State Archives in Salem, and a second hearing will be held on October 23, 2007 at 2 p.m. at PERS headquarters in Tigard. The public comment period ends on October 26, 2007 at 5 p.m. As of preparation of this memo, no public comment had been received.

IMPACT

Mandatory: Yes, the new statutory provisions create an estimated lifetime distribution option.

Impact: Members are benefited by an additional distribution option. There is no impact to employers and staff will be benefited by clear direction on the method by which to calculate the estimated lifetime distribution amounts.

Cost: There will be an administrative cost impact in adopting this new payment schedule. The scope and nature of those costs depend on which method is used to calculate the payments. Staff costs will probably be similar under any of the three methods; the second or third methods would incur additional actuarial services costs to either develop the amortization assumptions and procedure or to calculate the actuarial factors.

**OREGON ADMINISTRATIVE RULE
PUBLIC EMPLOYEES RETIREMENT BOARD
CHAPTER 459
DIVISION 080 – OPSRP INDIVIDUAL ACCOUNT PROGRAM**

1 **459-080-0250**

2 **IAP Account Installments**

3 (1) Definitions.

4 (a) “Estimated Life Expectancy” means the member’s life expectancy as
5 determined by the applicable IRS mortality table.

6 (b) “Payout Period” means the span of years over which the member elects to
7 receive installment payments under section (2) of this rule.

8 (2) Upon retirement, a member of the individual account program who elects to
9 receive the amounts in the member’s employee and employer accounts in installments
10 under ORS 238A.400(2) shall designate the number of years over which the installments
11 are to be paid, selecting a period of 5, 10, 15, or 20 years, or a period equal to the
12 member’s estimated life expectancy. The member may also request that installments be
13 made on a monthly, quarterly, or annual basis.

14 (3) *[Installments]* Account balances will be adjusted *[at]* each *[payment]* month to
15 reflect investment gains and losses on the unpaid balance. The amount of each 5-, 10-,
16 15-, or 20-year installment will be determined by dividing the member’s adjusted
17 balance *[will be divided]* by the number of remaining installment payments *[left to*
18 *determine the amount to be paid to that member]*. Installments paid for the member’s
19 estimated life expectancy will be determined for a calendar year by dividing the
20 member’s adjusted balance by the member’s remaining estimated life expectancy,
21 which amount will then be paid monthly, quarterly, or annually.

1 (4) If a member requests installments under section (2) of this rule, but the amount of
2 the requested installment would be less than \$200 as determined at the time of the initial
3 request, the frequency and Payout Period of the installment payment will be modified so
4 that the amount of the installment is at least \$200. If the member's account balance is
5 \$1,000 or less at the time of the initial request, the member will not be eligible for
6 installments and the balance will be paid in a lump sum.

7 (5) Notwithstanding the Payout Period selected by the member under section (2) of
8 this rule, any distribution will be adjusted to comply with the required minimum
9 distribution requirements of 26 U.S.C. 401(a)(9) and regulations implementing that
10 section, as in effect August 29, 2003.

11 (6) Members who elect a five year Payout Period or a lump sum payment may elect
12 to directly roll over any portion of their IAP installment or lump sum payment to an
13 eligible retirement plan, subject to the following limitations:

14 (a) Members will not be permitted to directly roll over any IAP installment payments
15 if the total annual distribution from their IAP account is reasonably expected to total less
16 than \$200.

17 (b) If members elect to have a portion of their IAP installment or lump sum payment
18 paid directly to them and a portion directly rolled over, the portion to be rolled over
19 cannot be less than \$500 or that portion will be paid directly to the member.

20 (7) Members who elect a 10-, 15-, or 20-year, or an estimated life expectancy
21 Payout Period cannot elect to have any portion of their installment payments rolled over.

1 (8) Members who are subject to the required minimum distribution requirements
2 referenced in section (5) of this rule may only roll over that portion of their installment or
3 lump sum payments that exceeds required minimum distribution requirements.

PUBLIC EMPLOYEES RETIREMENT BOARD
CHAPTER 459
DIVISION 045 – DOMESTIC RELATIONS ORDERS**

1 **459-045-0030**

2 **General Administration**

3 (1) An alternate payee's award is payable to the alternate payee if the member would
4 be eligible to receive benefits upon separation from service. The member is not required
5 to be separated from service.

6 (2) A court order may restrict an alternate payee's award to be payable only when the
7 member applies for and receives benefits.

8 (3) Unless prohibited by court order, an alternate payee who requests a withdrawal
9 shall receive an additional 50 percent of the alternate payee award as of the effective date
10 of withdrawal if:

11 (a) The alternate payee's effective date of withdrawal is on or after July 1, 2004, and
12 before June 30, 2006; and

13 (b) As of the alternate payee's effective date of withdrawal, the member has met the
14 requirements of OAR 459-010-0055(4), or would meet them except that *[he or she]*the
15 member has not withdrawn that portion of the member account that may be withdrawn.

16 (4) Under no circumstance may an alternate payee withdraw less than the entire
17 alternate payee award *[and payment under this section constitutes payment in full]*.

18 (5) The alternate payee may revoke the request for withdrawal if PERS receives a
19 written request to revoke *[prior to]*before the date of distribution.

20 (6) The separate account in the name of the alternate payee shall be credited with
21 earnings in accordance with OAR chapter 459, division 007 *[as follows]*to the earlier of:

22 (a) T*[o t]*he date of distribution of the separate account; or

1 (b) T[*o t*]he date a non-vested member ceases to be a member as provided in ORS
2 238.095(2)[, *whichever is earlier*].

3 (7) An alternate payee who is awarded a separate account in the Fund in [*his or*
4 *her*]the alternate payee's own name shall not be allowed to participate in the Variable
5 Annuity Account in the Fund, as described in ORS 238.260, regardless of whether the
6 member participated in the Variable Annuity Account in the Fund. Once a separate
7 account is established for the alternate payee, those funds [*will*]shall no longer receive
8 variable annuity account earnings.

9 (8) At the time of the division and establishment of the alternate payee accord, the
10 alternate payee account [*will*]shall be administered under Tier One pursuant to ORS
11 238.250 and 238.255 if:

12 (a) The member established membership in PERS or performed any period of
13 service for a participating public employer that is credited to the six month period of
14 employment required of an employee under ORS 238.015 [*prior to*]before January 1,
15 1996; or

16 (b) The member ceased to be a member of PERS under the provisions of ORS
17 238.095[,] or 238.105, but restored part or all of the forfeited creditable service from
18 before January 1, 1996, under the provisions of ORS 238.115 or 238.105, after January 1,
19 1996.

20 (9) At the time of the division and establishment of the alternate payee account, the
21 alternate payee account [*will*]shall be administered under Tier Two pursuant to ORS
22 238.250 and 238.435, if the provisions of section[*s*] (8)(a) and (b) of this rule are not
23 applicable to the member.

1 (10) The provisions of this rule do not apply to judge members under ORS 238.500
2 *[through]*to 238.585.

3 (11) The provisions of this rule do not apply to the benefits provided *[under]*by the
4 Oregon Public Service Retirement Plan Pension Program under ORS Chapter 238A.

5 (12) An alternate payee who elects to begin receiving *[his or her]*an award pursuant
6 to a court order that uses the Division Methods described in OAR 459-045-0010
7 *[Sections]*(1) and (2), may select any retirement payment option available to the
8 member, other than a joint and survivor annuity, but only if a court order allows the
9 alternate payee to make any elections. The retirement payment to an alternate payee
10 *[shall]*must be:

11 (a) Contingent on the member's eligibility for retirement benefits, regardless of
12 whether the member actually retires;

13 (b) *[Shall be s]*Separate and independent from the member's payment date and
14 payment option; and

15 (c) *[Shall be a]*Actuarially computed based on the age and life expectancy of the
16 alternate payee.

17 (13) The alternate payee may elect to convert the Refund Annuity Option as
18 described in ORS 238.300 to one of the following optional forms:

19 (a) Option 1, as described in ORS 238.305(1);

20 (b) Option 4, as described in ORS 238.305(1); or

21 (c) The lump-sum payment option, as described in ORS 238.305(2)(a) and (b) and
22 238.305(3).

1 (14) Alternate payees are provided 60 days from the date of their first payment to
2 change the option or designation of beneficiary, except that the designation of beneficiary
3 under the Refund Annuity Option or Option 4 may be changed by the alternate payee at
4 any time before the alternate payee's death.

5 (15) An alternate payee whose total award is less than \$200 per month under Option
6 1, defined in ORS 238.305(1), shall receive in lieu of any and all allowances or other
7 benefits or form of payment described in section (13) of this rule, a one time lump-sum
8 payment equal to the actuarial value as of the effective date of the alternate payee's
9 retirement, as is the case for a member under ORS 238.315.

10 (16)(a) PERS shall provide to the alternate payee a written summary of the
11 information used in making a retirement computation. An alternate payee may
12 *[contest]*dispute the accuracy of the factual information used by PERS in making the
13 computation of the retirement allowance or benefit by filing a written notice of
14 *[contest]*dispute with PERS not later than *[whichever of the following days occurs*
15 *last]*the later of:

16 (A) The 30th day after the date on which the computation and information is
17 provided to the alternate payee under this section; or

18 (B) The 30th day after the date on which the retirement allowance or benefit to
19 which the alternate payee is entitled first becomes payable.

20 (b) The filing of a notice of *[contest]*dispute under this section extends the time
21 allowed for election of an optional form of retirement allowance or benefit until the 30th
22 day after the conclusion of the *[contest]*dispute proceeding or review results in a change
23 in the computation of the retirement allowance or benefit.

1 (c) Upon receiving a notice of *[contest]*dispute under this section, PERS shall
2 determine the accuracy of the *[contested]*disputed information and make a written
3 decision either affirming the accuracy of the information and computation based thereon
4 or changing the computation using corrected information. PERS shall provide to the
5 member a copy of the decision and a written explanation of any applicable statutes and
6 rules.

7 (d) This section does not affect any authority of PERS, on its own initiative, to
8 correct an incorrect computation of any retirement allowance or benefit.

9 (17) An alternate payee *[shall]*may not receive any cost of living increase under
10 ORS 238.360, or special ad-hoc increase that may be granted by the Legislature under
11 238.365 or 238.385, or any other type of increase that may be granted to PERS retirees
12 until benefits are first paid by PERS to or on behalf of the member.

13 (18) An alternate payee *[shall]*is not *[be]* entitled to health insurance benefits under
14 ORS 238.410, 238.415, and 238.420 regardless of whether a court order awards these
15 benefits to an alternate payee.

16 (19) An alternate payee *[shall]*is not *[be]* entitled to any benefits derived from the
17 optional purchase of police officer and fire fighter unit benefits under 238.440 regardless
18 of whether a court order awards these benefits to an alternate payee.

19 (20) If an alternate payee begins receiving a payment *[prior to]*before the member,
20 the alternate payee is not entitled to any further increases in retirement credit that the
21 member may earn or become entitled to *[prior to]*before the member's actual retirement
22 due to continued employment, earnings, or other benefits earned as a member
23 participating in PERS.

1 (21) Alternate payee court awards made after a member has retired under ORS
2 238.300 or 238.320 *[shall]***must** be paid as deductions from the retired member's
3 retirement allowance or lump-sum benefit or from the member's beneficiary's retirement
4 allowance or lump sum payment. No alternate payee account *[will]***shall** be established.

5 (22) A court order may require a member who retired under ORS 238.300 or
6 238.320 to change the designated beneficiary outside the timeframe allowed under ORS
7 238.305(5) or 238.325(2). The retirement allowance *[will]***shall** be adjusted based on the
8 new beneficiary's age to ensure the value of the benefits *[will]***is** not *[be]* greater than the
9 allowance the member is otherwise eligible to receive.

10 (23) Members who retire for disability under ORS 238.320 or 238.325 are
11 considered retired members and all the provisions of sections (12) through (21) of this
12 rule apply to the alternate payee.

13 (24) Death benefits payable from an alternate payee account are as follows:

14 (a) If an alternate payee dies before payout or retirement, the alternate payee award
15 is payable to the alternate payee's designated beneficiary or estate as provided by ORS
16 238.390 and 238.395. No employer death benefits are payable under ORS 238.395 unless
17 the member would have been eligible for employer death benefits had the member died
18 on the same date as the alternate payee.

19 (b) If an alternate payee has begun receiving retirement benefits or dies after the first
20 payment is due, the benefits due the designated beneficiary or estate, if any, *[will]***shall**
21 be based on the option selected by the alternate payee.

22 (c) If an alternate payee dies after applying for a monthly retirement benefit but
23 before the first of the month following the effective retirement date, the account shall be

1 treated as if the alternate payee died before retirement and benefits ~~will~~shall be paid
2 under subsection (a) above.

3 (d) If the alternate payee is awarded a percentage of a benefit, as long as the award is
4 payable the award ~~will~~shall continue to be paid to the alternate payee's designated
5 beneficiary, unless the court decree specifies otherwise.

6 (25) If the member predeceases the alternate payee, the benefits payable to the
7 alternate payee are as follows:

8 (a) The alternate payee who has a separate account becomes eligible to withdraw his
9 or her account in the form of a death benefit under ORS 238.390 and 238.395 (if
10 eligible). If the alternate payee elects a death benefit under ORS 238.390 and 238.395 (if
11 eligible), the death benefit shall be in lieu of any withdrawal, service or disability
12 retirement or any other benefit. If the alternate payee does not elect a death benefit, the
13 alternate payee shall be eligible to withdraw the separate account, or to leave the account
14 in the Fund and elect to draw benefits under one of the optional retirement choices
15 described in section (13) of this rule, any time on or after the date the member would
16 have reached earliest retirement age.

17 (b) If the alternate payee is awarded a percentage of a benefit, as long as the award is
18 payable the award shall be paid according to the decree of divorce or separation or
19 annulment unless the court decree provides for no alternate payee death benefits from the
20 member's account.

21 (26) Benefit payments to either the member or the alternate payee, or to both
22 simultaneously, that exceed the allowable limits set forth in Section 415 of the Internal
23 Revenue Code (IRC) shall be deducted from the benefit payment(s) to the member or the

1 alternate payee, or both. Unless a final court order specifies the allocation of the
2 deduction for benefits that exceed the limits in IRC Section 415, PERS shall pro rate the
3 amount that exceed those limits in the same proportions that benefits were awarded to the
4 member and the alternate payee as specified in a final court order.

5 (27) Distributions of benefits under OAR chapter 459, division 045 must not
6 jeopardize the status of the programs as being part of a tax-qualified governmental plan.

TO: Members of the PERS Board
FROM: Steven Patrick Rodeman, Administrator, PPLAD
SUBJECT: First Reading of Reemployed Retirees Rule
OAR 459-017-0060, *Reemployment of Retired Members*

MEETING DATE	10/19/07
AGENDA ITEM	C.12. Reemployed Retirees

OVERVIEW

- Action: None. This is the first reading for OAR 459-017-0060, Reemployment of Retired Members.
- Reason: The current rule needs to be amended to accommodate legislative changes and reflect the most recent Social Security annual compensation limitations.
- Subject: Reemployment of retired members of the PERS Chapter 238 Program.
- Policy Issue: No policy issues have been identified at this time.

BACKGROUND

The categories of retired members who can return to work after retirement in the PERS Chapter 238 Program and exceed the 1039-hour limit listed under ORS 238.082 were amended by several bills passed by the 2007 legislative session. Specifically:

HB 2184: Adds the deputy director or assistant director of the Department of Human Services if the Governor approves the exception.

HB 2585: Adds an exception for retired members employed as a teacher or administrator by a community college district located in a county of 35,000 inhabitants or less. Clarifies the exception for retired members employed as a teacher or administrator by an education service district (ESD) by eliminating the requirement that the ESD be located in a county of 35,000 inhabitants or less and by adding that the primary duties of the retired member must be performed in a county of 35,000 inhabitants or less. Exempts retired members employed as a speech-language pathologist or speech-language pathologist assistant by a school district or education service district (This provision sunsets January 2, 2016). Also provides that these provisions, as well as the current exception for employment as a teacher or administrator by a school district located in a county of 35,000 inhabitants or less, are available to members who took early retirement if employment in the position is at least six months after the member's retirement date.

HB 2619: Clarifies that hours worked while employed by the Legislative Assembly or Oregon State Police for service during a legislative session are not counted toward the 1039-hour limitation. Removes requirement that retired members be age 65 or older to be eligible for exception.

SB 4: Creates an exception for a retired member who is a nurse and is employed as a nurse or for the purpose of teaching nursing, during a declared nursing workforce shortage.

SB 342: Exempts a registered nurse who is hired as a nursing instructor from the 1039-hour limitation. Also, exempts a retired member hired by the Department of Public Safety Standards and Training to provide training under ORS 181.610 - 181.712. Both provisions sunset January 2, 2016.

Also, HB 2401 created a new eligibility standard for early retirement for telecommunicators. As most exceptions to the limitations of ORS 238.082 are not available to members who retired early, this bill also affects the provisions of the rule.

The proposed rule modifications incorporate the most recent Social Security compensation limits, which also affect the number of hours that can be worked under ORS 238.082

The proposed rule modifications also clarify the effect if a retired member exceeds the 1039-hour limit of ORS 238.082 in the first six months following retirement.

LEGAL REVIEW

The attached draft rule has been submitted to the Department of Justice for legal review and any comments or changes will be incorporated before the rule is presented for adoption.

PUBLIC COMMENT AND HEARING TESTIMONY

Rulemaking hearings will be held on October 18, 2007 at 10 a.m. at the State Archives in Salem and on October 23, 2007 at 2:00 p.m. at PERS headquarters in Tigard. The public comment period ends on October 26, 2007 at 5:00 p.m. As of preparation of this memo no public comment had been received.

SUMMARY OF MODIFICATIONS TO RULE SINCE NOTICE

There has been one minor modification to the rule since notice. Section (2) has been edited for clarity and consistency of structure.

IMPACT

Mandatory: Yes, the rule should be updated to reflect the statutory changes. Otherwise, the rule would provide incomplete guidance regarding reemployed retired members and outdated Social Security annual compensation limits.

Impact: Members, employers, and staff will benefit from more comprehensive guidance in an area that has become increasingly complex. Retired members will benefit from the updated Social Security annual compensation limits. The impact upon any individual retired member will be specific to the retired member's retirement and reemployment situation.

Cost: There are no discrete costs attributable to the rule.

RULEMAKING TIMELINE

- August 15, 2007 Staff began the rulemaking process by filing Notice of Rulemaking with the Secretary of State.
- September 1, 2007 *Oregon Bulletin* published the Notice.
- September 21, 2007 PERS Board notified that staff began the rulemaking process.
- October 18, 2007 Rulemaking hearing held at 10 a.m. at the State Archives in Salem.

- October 26, 2007 Public comment period ends at 5 p.m.
- November 16, 2007 Staff proposes adopting the rule modifications, including any amendments warranted by public comment or further research.

PUBLIC EMPLOYEES RETIREMENT BOARD
CHAPTER 459
DIVISION 017 – REEMPLOYED RETIRED MEMBERS**

1 **459-017-0060**

2 **Reemployment of Retired Members**

3 (1) Reemployment under ORS 238.082. A retired member of the system receiving a
4 service retirement allowance, who has elected an option other than the total lump sum
5 option under ORS 238.305(3), including those who have retired at a reduced benefit
6 under ORS 238.280(1), *[or]* (2), or (3), as amended by section 1, chapter 404, Oregon
7 Laws 2007, may be employed under ORS 238.082 by a participating employer without
8 loss of retirement benefits provided:

9 (a) The period or periods of employment with one or more public employers
10 participating in the system do not exceed 1039 hours in a calendar year; or

11 (b) If the retired member is receiving retirement, survivors, or disability benefits
12 under the federal Social Security Act, the period or periods of employment do not exceed
13 the greater of 1039 hours in a calendar year or the total number of hours in a calendar
14 year that, at the retired member's specified hourly rate of pay, limits the annual
15 compensation of the retired member to an amount that does not exceed the following
16 Social Security annual compensation limits:

17 (A) For retired members who have not reached full retirement age under the Social
18 Security Act, the annual compensation limit is \$12,960*[480]*; or

19 (B) For the calendar year in which the retired member reaches full retirement age
20 under the Social Security Act and only for compensation for the months *[prior to]*before
21 reaching full retirement age, the annual compensation limit is \$34,440*[3,240]*.

1 (2) The limitations on employment in section (1) of this rule do not apply if the
2 *[A] retired member [described in section (1) of this rule who] has reached full retirement*
3 *age under the Social Security Act [may work an unlimited number of hours without loss*
4 *of retirement benefits].*

5 (3) The limitations on employment in section (1) of this rule do not apply if:

6 (a) The retired member meets the requirements *[under]of* ORS 238.082(3), (4), (5),
7 or (6), section 1, chapter 307, Oregon Laws 2007, or section 4, chapter 789, Oregon
8 Laws 2007, and did not retire at a reduced benefit under the provisions of ORS
9 238.280(1), *[or](2), or (3), as amended by section 1, chapter 404, Oregon Laws 2007;*
10 *[or]*

11 (b) The retired member is employed in a position that meets the requirements
12 of ORS 238.082(3), as amended by section 1, chapter 774, Oregon Laws 2007, the
13 date of employment is more than six months after the member’s effective retirement
14 date, and the member’s retirement otherwise meets the standard of a bona fide
15 retirement;

16 (c) The retired member is employed by a school district or education service
17 district as a speech-language pathologist or speech-language pathologist assistant
18 and;

19 (A) The retired member did not retire at a reduced benefit under the provisions
20 of ORS 238.280(1), (2), or (3), as amended by section 1, chapter 404, Oregon Laws
21 2007; or

1 (B) The date of employment is more than six months after the member’s
2 effective retirement date and the member’s retirement otherwise meets the standard
3 of a bona fide retirement;

4 (d) The retired member meets the requirements of section 2, chapter 499,
5 Oregon Laws 2007;

6 (e) The retired member is employed for service during a legislative session
7 under ORS 238.092(2), as amended by section 4, chapter 776, Oregon Laws 2007; or

8 ~~[(b)]~~(f) The retired member is on active state duty in the organized militia and meets
9 the requirements under ORS 399.075(8).

10 (4) If a retired member is reemployed subject to the limitations of ORS 238.082 and
11 section (1) of this rule, ~~[but]~~the period or periods of employment subsequently exceed
12 those limitations, ~~[the following will occur if]~~and employment continues into the month
13 following the date the limitations are exceeded:

14 (a) If the member has been retired for six or more calendar months:

15 ~~[(a)]~~(A) PERS will cancel the member's retirement. The last monthly service
16 retirement allowance payment the member is entitled to will be for the month in which
17 the limitations were exceeded. A member who receives benefits to which he or she is not
18 entitled must repay those benefits to PERS.

19 ~~[(b)]~~(B) The member will reestablish active membership as required by ORS
20 238.078 the first of the calendar month following the date the limitations were exceeded.

21 ~~[(c)]~~(C) The member's account shall be rebuilt in accordance with the provisions of
22 section (9) of this rule.

23 (b) If the member has been retired for less than six calendar months:

1 (A) PERS will cancel the member's retirement effective the date of the
2 member's reemployment.

3 (B) All retirement benefits received by the member must be repaid to PERS in a
4 single payment before the member can be reemployed.

5 (C) The member will reestablish active membership as required by ORS
6 238.078 effective the date the member is reemployed.

7 (D) The member account shall be rebuilt as of the date that PERS receives the
8 single payment. The amount in the member account shall be the same as the amount
9 in the member account at the time of the member's retirement.

10 (5) Reemployment of retired member who elected the total lump sum option. A
11 retired member who has elected the total lump sum option under ORS 238.305(3) may
12 return to work with a participating employer in the six month period following the
13 member's effective retirement date without having to repay the retirement benefits paid to
14 them provided:

15 (a) The retired member is designated by the employer(s) as a casual, emergency, or
16 seasonal worker as defined in OAR 459-005-0001; and

17 (b) The period or periods of employment with one or more public employers
18 participating in the system do not exceed 599 hours.

19 (6) The return to work in a qualifying or other position after six months following
20 the retirement date of a member who elected the total lump sum option has no effect on
21 the retirement status of that member and, upon such reemployment, the member is not
22 required to repay retirement benefits.

1 (7) If a retired member described in section (5) of this rule, is working subject to the
2 limitation of subsection (5)(b) of this rule and the member exceeds that limitation, the
3 member's retirement will be cancelled. The member will be required to repay to PERS in
4 a single payment the total amount of all retirement benefits received. The member will
5 reestablish active membership as required by ORS 238.078 effective the first of the
6 calendar month following the date the member exceeded that limitation. The member's
7 account shall be rebuilt in accordance with ORS 238.078(2) and subsection (10)(d) of this
8 rule. Upon subsequent retirement, the member may choose a different retirement
9 payment option.

10 (8) Limitations on hours of employment in sections (1) and (5) of this rule will be
11 based on the number of hours employed on and after the retired member's effective
12 retirement date.

13 (9) Reemployment under ORS 238.078(1). If a member has been retired for service
14 for more than six calendar months and is reemployed in a qualifying position by a
15 participating employer under the provisions of ORS 238.078(1), the following will occur:

16 (a) PERS will cancel the member's retirement effective the date of the member's
17 reemployment.

18 (b) The member will reestablish active membership as required by ORS 238.078 on
19 the date the member is reemployed.

20 (c) If the member elected an option other than a lump sum option under ORS
21 238.305(2) or (3), the member need not repay any service retirement allowance payment
22 received that is attributable to the period the member was separated from service. The last
23 monthly service retirement allowance payment to which the member is entitled will be

1 for the month *[prior to]*before the calendar month in which the member is reemployed.

2 A member who receives benefits to which he or she is not entitled must repay those
3 benefits to PERS. Upon subsequent retirement, the member may choose a different
4 retirement option.

5 (A) The member's account shall be rebuilt as required by ORS 238.078 effective the
6 date active membership is reestablished.

7 (B) Amounts distributed from the Benefits-In-Force Reserve (BIF) under the
8 provisions of subsection (A) shall be credited with earnings at the BIF rate or the
9 assumed rate, whichever is less, from the date of retirement to the date of active
10 membership.

11 (d) If the member elected a partial lump sum option under ORS 238.305(2), the
12 member need not repay any service retirement allowance payment received that is
13 attributable to the period the member was separated from service. The last monthly
14 service retirement allowance payment to which the member is entitled will be for the
15 month *[prior to]*before the calendar month in which the member is reemployed. A
16 member who receives benefits to which he or she is not entitled must repay those benefits
17 to PERS. No repayment of lump sum payment(s) received during the period the member
18 was separated from service is required. Upon subsequent retirement, the member may not
19 choose a different retirement option unless the member has repaid to PERS an amount
20 equal to the lump sum payment(s) received and the interest that would have accumulated
21 on that amount.

22 (A) The member's account shall be rebuilt as required by ORS 238.078 effective the
23 date active membership is reestablished.

1 (B) Amounts distributed from the BIF under the provisions of subsection (A),
2 excluding any amounts attributable to any lump sum repayment(s) by the member, shall
3 be credited with earnings at the BIF rate or the assumed rate, whichever is less, from the
4 date of retirement to the date of active membership.

5 (e) If the member elected the total lump sum option under ORS 238.305(3), no
6 repayment of the total lump sum payment received is required. Upon subsequent
7 retirement, the member may not choose a different retirement option unless the member
8 has repaid to PERS in a single payment an amount equal to the total lump sum payment
9 received and the interest that would have accumulated on that amount.

10 (A) If the member repays PERS as described in subsection (e) the member's account
11 shall be rebuilt as required by ORS 238.078 effective the date that PERS receives the
12 single payment.

13 (B) Amounts distributed from the BIF under the provisions of subsection (A) shall
14 not be credited with earnings for the period from the date of retirement to the date of
15 active membership.

16 (10) Reemployment under ORS 238.078(2). If a member has been retired for service
17 for less than six calendar months and is reemployed in a qualifying position by a
18 participating employer under the provisions of ORS 238.078(2), the following will occur:

19 (a) PERS will cancel the member's retirement effective the date of the member's
20 reemployment.

21 (b) All retirement benefits received by the member must be repaid to PERS in a
22 single payment before the member can be reemployed.

1 (c) The member will reestablish active membership as required by ORS 238.078
2 effective the date the member is reemployed.

3 (d) The member account shall be rebuilt *[effective]* as of the date that PERS receives
4 the single payment. The amount in the member account shall be the same as the amount
5 in the member account at the time of the member's retirement.

6 (e) Upon subsequent retirement, the member may choose a different retirement
7 payment option.

8 (11) Upon the subsequent retirement of any member who reestablished active
9 membership under ORS 238.078, the retirement benefit of the member shall be calculated
10 using the actuarial equivalency factors in effect on the effective date of the subsequent
11 retirement.

12 (12) The provisions of subsections (9)(c)(B), (9)(d)(B), and (9)(e)(B) of this rule are
13 applicable to members who reestablish active membership under ORS 238.078 whose
14 initial effective retirement date is on or after the effective date of this rule.

15 (13) Reporting requirement. The employer shall notify PERS under which statute a
16 retiree is reemployed in a format acceptable to PERS.

17 (a) Upon request by PERS, a participating employer shall certify to PERS that a
18 retired member has not exceeded the number of hours allowed in ORS 238.082 and
19 sections (1) and (5) of this rule.

20 (b) Upon request by PERS a participating employer shall provide PERS with
21 business and employment records to substantiate the actual number of hours a retired
22 member was employed.

1 (c) Participating employers shall provide the information requested in this section
2 within 30 days of the date of the request.

3 (14) Sick leave. Accumulated unused sick leave reported by the employer to PERS
4 upon a member's retirement, as provided in ORS 238.350, shall not be made available to
5 a retired member returning to employment under sections (1) or (9) of this rule.

6 **(15) Subsections (3)(c) and (3)(d) of this rule are repealed effective January 2,**
7 **2016.**

- Key Findings

 - Assets
 - Liabilities
 - Funded Status
 - Advisory Contribution Rates
- Retiree Medical Valuation
- Next Steps

Key Findings

Overview

- **Employer contribution rates are getting smaller**
 - Normal cost rates are increasing as Money Match members retire
 - PUC UAL rates increased slightly as no contributions have yet been credited toward this portion of the UAL
 - Regular UAL rates have decreased significantly reflecting 2006 investment returns
- **Including side accounts, funded status has improved from 104% to 110%**
 - Excluding side accounts, funded status improved from 90% to 96%
- **Break-in-Service legislation**
 - Approximately 4,300 members have been moved from OPSRP back to Tier 1/Tier 2.
 - The net effect was a decrease in normal cost of \$1 million and an increase in accrued liability of \$24 million. There was no net impact on rates.
- **Arken and Robinson litigation**
 - We have made no adjustment to these valuation results to reflect any interpretation of Judge Kantor's June 20, 2007 ruling in the Arken and Robinson cases.

Key Findings

Overview

▪ Tier 2 member census

- Approximately 5,000 members were added to Tier 2 who had not been previously included in a system-wide valuation
- It is not clear at this time if all of them are eligible for Tier 2 benefits, and the individual data available when the valuation was conducted was very limited
- To be conservative, we included all 5,000 in the valuation with assumed dates of birth and salary
- The net effect was an increase in payroll of \$211 million, an increase in normal cost of \$11 million, an increase in accrued liability of \$40 million, a net increase in contributions of \$14 million, and a net decrease in contribution rates of 0.18%

Key Findings

Average Contribution Rates Including Retiree Healthcare and IAP

- The average normal cost rate increased since the prior valuation primarily due to expected increases as the system gradually shifts from Money Match dominance to Full Formula dominance.
- The UAL rate for the change to the PUC method increased slightly because no contributions are being credited toward this portion of the UAL until 7/1/2007.
- The regular UAL rate decreased reflecting actual 2006 earnings greatly in excess of expectations.
- These rates do not reflect the impact of side accounts or pre-SLGRP liabilities or surpluses.

Key Findings

Average Employer Contribution Rates (Includes Retiree Healthcare)

Average Employer Rates	SLGRP	School Districts	Independents*	OPSRP General	OPSRP P&F	System-Wide
7/1/2007 Actual Rates	14.3%	17.6%	9.2%	16.3%	19.6%	14.8%
7/1/2009 Advisory Rates	12.5%	15.3%	8.6%	13.7%	16.6%	13.1%
Net Change in Rates	(1.8%)	(2.3%)	(0.6%)	(2.6%)	(3.0%)	(1.7%)
7/1/2009 Advisory Adjustments**	(7.0%)	(9.9%)	(0.8%)	(7.1%)	(7.1%)	(7.1%)
7/1/2009 Net Advisory Rates	5.5%	5.4%	7.8%	6.6%	9.5%	6.0%

- The 7/1/2009 advisory rates shown above are based on the 12/31/2006 valuation. The actual rates that become effective 7/1/2009 will be based on the 12/31/2007 valuation.
- System-wide rates have dropped 170 basis points since the last valuation. Assuming an 8% return is achieved in 2007, this is a reasonable approximation of where rates are expected to be when we complete the 12/31/2007 actuarial valuation.
- Changes in rates can vary significantly by individual employer and to a lesser extent by pool.

* *Independents includes Judiciary, and average rates do not reflect the rate collar or 6% individual employer minimum.*

** *Adjustments are for side accounts and pre-SLGRP liabilities/(surpluses)*

Key Findings

Historical Perspective on Employer and Member Contribution Rates

■ Employer Contribution
 ▨ Average Adjustment
 ■ Member 6% Contribution
 ■ IAP 6% Contribution

Key Findings

Recent Funded Status By Rate Pool

- Funded status for rate pools has continued to improve with the good investment returns over the last four years.
- Side accounts now account for a significant portion of assets which are not included in the graph above. Including side accounts, the system is in a surplus position.
- While its funded status continues to improve, RHIPA assets represent only 38 months of expected benefit payments. Changes in State Agency participation rates could dramatically hasten the use of current assets.

* Independent employers, including Judiciary, are treated as a single pool for purposes of this exhibit.

Key Findings

Historical Pension Funded Status

When comparing historical funded status, please note that there have been a number of changes including:

- Money Match benefits were not valued until the mid 1990s.
- A smoothed value of assets was used from 2000 through 2003.
- PERS reform was valued beginning in 2001.
- The entry age normal cost method was used until 2004 when projected unit credit was adopted.

Key Findings

Value at Risk

Percentile	One-Year Return	Funded %	Projected	
			UAL (billions)	Rate Change (Without Collar)
5 th	-12.2%	81%	\$9.8	8.3%
10 th	-7.8%	85%	\$7.9	6.4%
25 th	-0.3%	91%	\$4.8	3.3%
50 th	8.0%	98%	\$1.2	-0.1%
75 th	16.3%	104%	\$(2.3)	-3.6%
90 th	23.8%	110%	\$(5.5)	-6.7%
95 th	28.2%	114%	\$(7.4)	-8.5%

- Investment returns have significantly improved the funded status of the system over the last 4 years.
- However, investment returns, particularly in the short-term are extremely volatile.
- The table shows the probability of investment returns over a one-year time horizon and the impact they would have on the system (ignoring side accounts and the rate collar).
- The rate collar would limit the immediate impact on contribution rates, but employers with side accounts would receive the full impact of the investment return on their side account rate.
- It is interesting to note that in the last 10 years, the actual return for PERS has not been within 500 basis points of the median.

Demographics

Age Distribution

12/31/2006 Pension Valuation Assets

- Tier 1/Tier 2 valuation assets grew from approximately \$45 billion to approximately \$49 billion in the last year. In addition, side accounts grew from \$6.7 billion to \$7.2 billion.
- OPSRP valuation assets grew significantly from \$55 million to \$151 million in the last year, but are still less than 0.4% of Tier 1/Tier 2 assets.
- The Rate Guarantee Reserve also grew significantly from \$1.0 billion to \$1.6 billion.
- Valuation assets used to set pooled employer contribution rates exclude:
 - The Contingency and Capital Preservation Reserves,
 - The Rate Guarantee Reserve,
 - Side accounts, and
 - Pre-SLGRP liabilities and surpluses

12/31/2006 Pension Valuation Assets

Changes in Pension Plan Assets

- Investment earnings are the primary determinant of changes in assets for all accounts except OPSRP.
- For Tier 1/Tier 2,
 - 56% of contributions came directly from employers and 44% came from side accounts
 - Investment earnings were 6.6 times greater than contributions
 - Benefit payments were 2.75 times greater than contributions
- For OPSRP, contributions were 5.6 times greater than investment earnings
