Title: Master Agreement with Oregon Department of Forestry and Oregon Department of Fish and Wildlife

I. PURPOSE:

The purpose of this Master Good Neighbor Agreement is to provide the framework and to document the cooperative effort between the parties for authorized forest, rangeland, and watershed restoration services in accordance with the following provisions and any Supplemental Project Agreements (SPAs), executed under this Master Good Neighbor Agreement.

II. GOOD NEIGHBOR AUTHORITY OBJECTIVES:

The Forest Service is a land management agency dedicated to the stewardship and management of National Forest System (NFS) lands, including the responsibility for maintaining and improving resource conditions. This Master Good Neighbor Agreement provides an opportunity for the parties to carry out “authorized forest, rangeland, and watershed restoration services” on NFS lands. The Forest Service must ensure that funding is appropriate for the work performed.

Authorized forest, rangeland, and watershed restoration services includes activities to treat insect and disease infected trees; activities to reduce hazardous fuels; and any other activities to restore or improve forest, rangeland, and watershed health, including fish, and wildlife habitat.

The reconstruction, repair, or restoration of an NFS system road that is necessary to carry out authorized restoration services is authorized. Any such roads reconstructed, repaired or restored that were previously identified as not needed according to 36 CFR 212.5(b)(2) must be decommissioned according to the travel management plan no later than 3 years after completion of the applicable authorized restoration project. The Good Neighbor Authority excludes construction of paved or permanent roads or parking areas, and construction, alteration, repair, or replacement of public buildings or works. Projects are not authorized in wilderness areas, wilderness study areas, and lands where removal of vegetation is prohibited or restricted by an Act of Congress or Presidential proclamation.

Allowable forest, rangeland, and watershed restoration services, including timber sales, will use the Supplemental Project Agreement instrument. The Forest Service retains responsibility for approval of silviculture prescription and marking guides for vegetation management activities.

The Forest Service will retain National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.) (NEPA) responsibilities on NFS lands. Any decision required to be made under NEPA with respect to any authorized restoration services to be provided under this Good Neighbor Authority shall not be delegated.

All projects conceived under this Master Agreement will undergo a collaborative process. The collaborative process will ensure that both parties understand the goals and objectives of the agreed upon restoration services and all necessary rules, regulations, and policies as outlined in this Master Agreement and corresponding SPAs.

III. THE FOREST SERVICE SHALL:

- A. Work in collaboration with the State to identify projects that may be appropriate to accomplish through a SPA under this Master Agreement.
- B. Complete all necessary NEPA requirements. Any decision required to be made under NEPA with respect to any authorized restoration services to be provided under this agreement on NFS lands shall not be delegated to the State.
- C. Inform the State of any changes in Good Neighbor Agreement policy, law, and regulations.
- D. Recognize the State's contribution, in a manner acceptable to both parties, in news releases, interpretive signs, photographs, or other media as appropriate.
- E. STATEMENT OF MUTUAL INVOLVEMENT. To perform the Agency's stewardship and land management responsibilities, and meet the requirements in the Good Neighbor Authority, the Forest Service must be involved in the development and implementation of any work performed on NFS lands. The Forest Service's specific responsibilities are described in detail in each SPA.

IV. THE STATE SHALL:

- A. LEGAL AUTHORITY. The State shall have the legal authority to enter into this Master Agreement, and the institutional, managerial, and financial capability to ensure proper planning, management, and completion of the project, which includes funds sufficient to pay the non-Federal share of project costs, when applicable.

The State has general authorization to enter into this Agreement, pursuant to ORS 190.110. Specifically, the Department of Forestry has authority to enter into the Agreement, pursuant to ORS 526.274 and ORS 526.275 and the Department of Fish and Wildlife has the authority to enter into the Agreement pursuant to ORS 496.164.

The State's payment obligations under this Agreement are conditioned upon the State's receipt of funding, appropriations, limitations, allotments, or other expenditure authority sufficient to allow the State, in the exercise of its reasonable administrative discretion, to meet its payment obligations under this Agreement. Nothing in this Agreement is to be construed as permitting any violation of Article XI, section 7 of the Oregon Constitution or any other law regulating liabilities or monetary obligations of the State.

- B. OMB CIRCULARS AND OTHER REGULATIONS. This Agreement is subject to the OMB Government wide Guidance for Grants & Cooperative Agreements found in subparts A through F of 2 CFR Part 200 as adopted and supplemented by the USDA in 2 CFR Part 400. Specific regulations include Uniform Administrative Requirements and Cost Principles.

Electronic copies of the CFRs can be obtained at the following internet site: <https://www.gpo.gov/fdsys/browse/collectionCfr.action?collectionCode=CFR>. If you are unable to retrieve these regulations electronically, please contact your Grants and Agreements Office.

Each party to this Agreement

Updates to NICRAs will not affect the total funds available for this award unless documented in a formally executed modification.
 3. If the NICRA is for a provisional rate, the State shall be reimbursed at the established provisional rate(s), subject to appropriate adjustment when the final rate(s) for the fiscal year are established.
 4. Failure to provide a revised provisional or final NICRA could result in disallowed costs and repayment to the Forest Service.
